cure can be effected, and with the abandonment of 'mini-orous health.
 The afflicted are cautioned against the use of Patent Medicines, for there are so many ingenious sources in the columns of the public prints to catch and rob the unwary sufferers, that millions have their constitutions runned by the vite compounds of quack decires, or the equally poisonous nostrums vended as 'Patent Medicines.'' I have carefully analyzed-many of the so-called 'Patent Medicines, and find that nearly self of them contain Cor-rovive Sublimate, which is one of the strongest prepara-tions of uncrury and a deadly poison, which, instead of curing the disease, disables the system for iffe.
 Three fourths of the patent instrums now in 'isce are put up by unprincipled and ignorant persons whode not and are equally as destitute of any knowledge of the hor-man system, having one object only in view, and that to make momey regardless of consequences.
