The Liver Invigoration:

PREPARED BY DR. SANFORD.

COLPOUNDED entirely from Gums, is one of the best purgative and live edicines now before the public, that acts as a Cuthartic, easier, milder, and more effectaal than any other medicine known. It strengthens at the system at the same time that it purges it; and when taken daily in moderate doses, will strengthen and build it up with unusual rapidity.

It is a well known and incontrovertable fact that the use of Tobacco is the promoting cause of many of the most severe Mental and Physical Disorder to which the race of man is subject, as careful analysis and long and painful experience have clearly proven that it contains certain narcotic and poisonous properties most dangerous in their effects, which by entering into the blood derange the functions and operations of the Heart, causing many to suppose that ergan to be seriously discased.

TOBACCO affects also the entire nervous system; manifesting itself—as all who have ever used the floxious weed will bear testimony—in Lassitude, Nervous Irritability, Water Brash, Dyspepsia, and many other disorders of a similar character.

Recovery is CERAIN, and in a shorter time than a permanent cure and be effected by any other treatment, even after the disease has baffled the skill of eminent physicians and resisted all their means of cure. The medicines are pleasunt without odor, causing no sickness and free from mercury or balsam. During twenty years of practice, I have rescued from the Jaws of Death many thousands, who, in the last stages of the above-mentioned disenses, and been given up to die by their physicians, which warrants me in promising to the afflicted, who may place themselves under my care, a perfect and most speed cure. Secret Diseases are the greatest enemies to health, as they are the first cause of Consumption, Scrofula and many other diseases, and should be a terror to the human family. As a permanent cure is scarrely ever educated a majority of the cases falling into the hands of incompetent persons, who not only fall to cure the diseases but ruin the constitution, lifting the system with tented, by the occasional rate.

The afflicted are cautioned against the use of Patent
Medicines, for there are so many ingenious snares in the
columns of the public prints to catch and rob the unwary
sufferers, that millions have their constitutions ruined
by the vile compounds of quack doctors, or the equally
poisonous noctrums vended as "Patent Medicines." I
have carefully analyzed, many of the so-called Patent
Medicines, and find that nearly all of them contain forrovive Sublimate, which is one of the strongest preparations of inercuty that a deadly poison, which, instant of
cusing the disease, disables the system for life.

Three courths of the patent nostrums now in use are
ruit up by unprincipled and ignorant persons who do not
understand even the alphabet of the Markha Minica,
and are equally as destitute of any knowledge of the luman system, having one object only in view, and that to
make money regardless of consequences.
