THE LAST ELECTION. A characteristic trait of the Demo cratic party is that it never refuses 10 be comforted over the past. It may and does look back on the path trod by its gallant and devoted followers, but only to draw from thence threads of wisdom and knowledge by which to make compact the woof of the future. When defeat comes the past is searched for parallel cases, in order to re-animate the spirits of the faithful, and bid them gaze with unfaltering eye on the coming du-

ties, be they ever so fierce and exacting, The present defeat in our Siate is wide spread and terrible. Some of our most cherished champions have been unhorsed, and many Districts, which have heretofore been considered impregnable, have fell before the attacks of the allied forces. This state of things would seem to indicate a complete prostration of the Democracy in the old Keystone. It is so considered by the Opposition, and already their presses are jubilant over the prospects for 1860. The friends of SEWARD and CRITTENDEN are separating on the question of nominating their respective candidates, and thus the fight opens with all the evidence of a fresh and exciting contest. But the Opposition are mistaken as to the character and extent of this defeat. It is not unparallelled. atome." In jaundice and all affections of the liver, dyspensia, dysentery and diarrheea, pleurisy, sudden pains and in-hunations, female obstructions, scorbutic and scrolldous, even gouty and neuralgic affections, have given way to-the use of this medicine, and now, after twenty' experi-ence, my estimation of Drandreth's Phils continues to in-crease.

Crease. OBSTRUCTION. A young lady, beautiful and healthy, took cold, which caused a serious obstruction for 2 years; her health was broken down and her beauty departed. At length Brand-reth's tills were tried; eleven doses, of from two to four, were taken in fifteen days preceding the assal period.— Regularity was restored, and her health and good looks. recovered.

WORMS. Brandreth's Pills are the best vermifuge: they are in-fallible. A little child, six years old, for some weeks was drooping; its mother gave it of Brandreth's sugar coated; pills; the next day there came away a worm streen, inches long, and as, large as a child's fuger. The child was well.

PLEURISY. A gentleman, away from home, was taken with pleuri-sy; the inflammation was terrible; every breath made him withe with agony. Eight Brandreth's PHIs were swal-lowed, and warm oil applied locally; the pills operated, and the pain was reliced; plenty of gruel was "taken, and six more pills, and the second day the particit" was cured.
