One of the firm of Messrs. Funck & Bro., of the Mansion House Store, North Lebanon, is now in the city laying in a stock of Winter Goods. They always keep a choice variety of goods, and sell them in competition with any other store in the county. The stock now buying is a very desirable one.

Sales.—The farm of Wm. Smith. deo'd., in Cornwall, containing 85 acres, was sold last week, at public sale, to John L. Shetter, at \$65.50 per sere.

John Ober, in North Annville township, sold 35 acres and 95 perches of land, without improvements, for \$40 per acre; 6 acres and 75 perches. to Samuel Herr, for \$41 per acre; and 8 acres and 72 perches, to Christian Herr, for \$50,25 per

Smoke.-Much of the smoke ef grates would be consumed by the adoption of the following plan, and fuel would be greatly economized thereby. If an iron plate be not at hand, let a piece of paper be placed at the bottom and front of the grate to the top bar but one, then put the coals closely into it, until they fill the grate, after which a little firewood should be placed above, and a layer of coal over it; and the firewood being lighted, the fire will gradually burn from the top downwards, emitting very little moke, and the coals will be thoroughly consumed. It will not be necessary to stir the fire, and an equal quantity of couls will be found to last much longer than when the fire is kindled at the bottom, se has heretofore been the case. This method is especially adapted to sitting rooms, where a brisk fire is not so much required as in the kitchen.

Steam Fire Engines and City Passenger. Railroads are all the go in other big towns. We have probably no use for the engines the Canal to the Market House would be an evidence of enterprize even if it did not pay !

We have been requested to agitate the removal of the Market House. We would rather agitate the establishment of a regular Market in Lebanon. But if both subjects can be effected by agitation we shall lend a helping hand, especially if items are the consequence.

Don't "swop" with, or buy horses from, strangers, unless you are certain that they are not stolen. The county is overrun with horse thieves, and they are not the "honestest kind of folks" you can meet with.

Local Items have of late become decidedly scarce articles. A quarrel was under way the other day in the street, and a fight was imminent, which would have probably made an article, but the spunk of the parties could not be brought to the punching point. The cold snow cooled the blood. Well, we are glad it was so .-We would rather have less locals and no fights .--Let dogs delight, &c.

IMPORTANT TO FEMALES .-- Dr. Cheeseman's PILLS.—The combinations of ingredients in these Pills, is the result of a long and extensive practice; they are mild in their operation, and certain of restoring na-ture to its proper channel. In every instance have the Pills proved successful. They are certain to open those obstructions to which females are liable, and bring naoften heard the best judges of stock say that if ture into its proper channel, whereby health is restored they desired to select a dairy of Cows for milk and the pule and deathly countenance changed to a for sale, they would go around and select cows healthy one. No female can enjoy good health unless she is regular; and whenever an obstruction takes place, whether from exposure, cold, or any other cause, the general health immediately begins to decline, and the want of such a remedy has been the cause of so many consumptions among young females. Headache, pain in the side, palpitation of the heart, loathing of food, and listurbed sleep, do most always arise from the interruption of nature; and whenever that is the case, the Pills will invariably remedy all these evils. In all cases of nervous and spinal affections in the back and limbs, lor ness of spirits, hysteries, &c. Nor are they less efficacious in the cure of Leucorrhoes, commonly called the "Whites." These Pills should never be taken during jurious to life or health. Full and explicit direction

PROF. O. J. WOOD—Dear Sir: Some time last Summer we were induced to use some of your Hair Restorative, and its effects were so wonderful, we feel it our duty to you and the afflicted, to report it.

Our little son's head for some time had been perfectly covered with sores and some called it scald head. The covered with sores and some called it scald head. The hair almost entirely came of in consequence, when a friend, seeing his sufferings advised us to use your Restorative, we did so with little hope of success, but, to our surprise, and that of our friends a very few applications removed the disease entirely, and a new and luxuriant crop of hair soon started out, and we can now say that ou boy heas as healthy a scalp, and as luxuriant a crop of hair as any other child. We can therefore, and do hereby recommend your Restorative, as a perfect remedy for all diseases of the scalp and hair. We are yours respectfully, SARAH A. HIGGINBOTHAM.
