Ticket Agent.—C. H. Killinger, Esq., of Annville, has been appointed Ticket Agent for the Lebanon Valley R. R. Company, at this place, in the room of Henry Shertzer, resigned. Mr. S. has been a kind and gentlemanly agent, and we are sure his successor, from what little we know of him, will also soon become a popular officer. Mr. K. assumed the duties of the office on Monday.

Rules for travelers.-The following facts are important to travelers, and are not as widely known as could be desired: It has been legally decided that applicants for

tickets on railroads, can be ejected from the cars if they do not offer the exact amount of their fare. Conductors are not bound to make change. All railroad tickets are good until used, and conditions "good for this day only," or otherwise limiting the time of genuinences are of no ac-

To Teachers. We are Willing to go almost any length for the cause of education, and for the benefit of the Teachers of our common schools. While acknowledging this disposition, it may not be amiss for us to state that we discover, in looking over the proceedings of their meetings, &c., which we gladly publish in our columns, that not more than one half of the teachers participating therein are subscribers to the Advertiser. For said proceedings to have their full influence every teacher in the county should be a subscriber. - It is true some may say that they are too poor, granting which, we may suggest that inited of taking the N. Y. L. or some other firsh paper, they might save at least \$1,50 per annum by taking the Advertiser ; or, if you prefer, instead of saving that amount give you the means to subscribe, in addition, for some other good Labanon paper. Come, geutlemen,

IMPORTANT TO FEMALES -- Dr. Cheeseman's PILLS.—The combinations of ingredients in these Pills, is the result of a long and extensive practice; they are mild in their operation, and certain of restoring nate of the proper channel. In every instance have the Pills proved successful. They are certain to open those obstructions to which tenules are liable, and bring mature into its proper channel, whereby health is restored, and the pale and deathly countenance changed to a healthy one. No female can enjoy good health unless she is regular; and whenever an obstruction takes place, whether from exposure, cold, or any other cause, the general health immediately begins to decline, and the want of such a remedy has been the cause of so many consumptions among young females. Headache, pain in the side, palpitation of the heart, leathing of food, and disturbed sleep, do most always arise from the tripularity of frequency and whenever that is the case, the Pills will furniably remedy all these ovils. In alliceases of nervons and spinal affections in the back and limbs, low-ness of spirits, hystories, &c. Nor are they less efficacious in the cure of Leucorchos, commonly called the Whites."
