PILLS .-- The combinations of ingredients in these Pills, is the result of a long and extensive practice; they that his subjects enjoy immunities denied to all are mild in their operation, and certain of restoring na continental States, and that were I compelled to : ture to its proper channel. In every instance have the select a foreign citizenship, I should profer the Pills proved successful. They are certain to open the rule of Charles III. No inhuman conscription obstructions to which females are liable, and bring na tears the son from the parental roof, no heavy ture into its proper channel, whereby health is restored. taxation oppresses the population, and the 'cus- and the pule and deatbly countenance changed to taxation oppresses the population, and the 'clis-toms tariff affect only articles of luxury. The in-habitants, I may remark, are polite, good-tempor-habitants, I may remark, are polite, good-tempor-ed, intelligent, and happy. The sovereign, I have observed, posesses all the privileges of his posi-tion. He can create nobles, dispense decorations and honors and coin money. His predecessor was one of the unset notorious "smashers" of his day. He inundated France and Piedment with sous of no intrinsic value, and at length the nui-sance became so intolerable that those States wero compelled, in self-defence, to prohibit the circu-lation of the coinage in question. In France,

const of his dominions, but Sardinia is more succossful in her attempts at encroachment. The treaty of 1815, which replaced the Prince of Monaco in the position from which he had been cast by the French Republicans and Imperialists. constituted Bardinia the protector of the principali ty. The result may be easily imagined ; the guar-

It is something to discover a new planet in the dian sighed for the property of the ward. The dominions of the Prince then also comprised the towns of Menton, Roquebrunne, and the surrounding parishes. After 1848 the inhabitants of these towns, excited by a few men ambitious of decorations and government places, and also by the Sardinian garrison, declared themselves independent of the Prince. The latter, having no forces to suppress the movement, appealed but in vain, to the protection of Sardinis, guarantied by the treaty of Vienna. The cabinet of Turin, was however, in its turn, deceived by the insurgent towns, which refused to accept the rule of
