The Commissioners of Clearfield county advertise for proposals until the 29th inst., for the building of a new Court House, 60 feet by 96.

Across the Atlantic in Sixty Hours.

Prof. Steiner, the young American Eronaut, has been engaged for some time in attempts to solve the problem of Ærial navigation, and, it is thought. specifications of a monster airship, de- achieved the House adjourned. Revolution living and receiving their signed to cross the Atlantic in Sixty hours, for the construction of which Pro-

in diameter at the centre, tapering towards each extremity. Beneath this balloon is to be suspended by wire cables a platform of the same conical shape with the balloon itself. On the central part of this platform is to be placed the machinery of the air ship will be 37 tons. It will contain 2,894. 460 cubit feet of gas, which will support in the air a weight of 86% tons. The platform, cabin, machinery, &c.

It is proposed to propel this vessel by means of large paddles or fans, to work in the air as the paddles of a steamboat The side wheels have the paddles so arthey enter the wheel house above, and to unfold again as they strike the air in the desired direction. There are to be three small oscillating engines, of five

horse power, one for each wheel. To confine the balloon to a given eight above the water, it must be even. n the water connected to the platform underneath the air ship by a coil of wire by the balloon is as certainly steered as

vessel in the water. Prof. S. thinks he has effectually overcome the two great difficulties encountered by all experimenters in ærial navigation, viz., the expansion and contraction of gas, and the difficulty in exhausting the common air from the balloon with rigid sides, without having it crushed. The means used to obviate these difficulties we have not the space to explain; but suffice it to say, the proeess seems wholly practicable and ef-

It is calculated that with head winds a speed of 40 miles an hour can be obtained with this air ship, and with favorable gales the speed would be increased to 100. Prof. S. estimates the cost of building such a balloon at \$40;

Hickory Grove, St. Charles Co., Mo., Nov. 19, 1856.
PROF. O. J. WOOD—Dear Sir: Some time last Summer we were induced to use some of your Hair Restorative, and its effects were so wonderful, we feel it our duty to you and the afflicted, to report it.

Our little son's head for some time had been perfectly covered with sores and some called it scald head. The hair almost entirely came off in consequence, when a friend, seeing his sufferings advised us to use your Restorative, we did so with little hope of success, but, to our surprise, and that of our friends, a very few applications removed the disease entirely, and a new and luxuriant crop of hair soon started out, and we can now say that our boy has as healthy a scalp, and slivariant a crop of hair as any other shild. We can therefore, and do hereby recommend your Restorative, as a perfect remedy for all diseases of the scalp and hair. We are, yours respectfully,

Gardiner Maine, June 22, 1855.

PROF.O. J. AVOOD—Dear Sir. I provided two bottles of Professor Wood's Hair, Restorative, and can truly say it is the greatest discovery of the age for restoring and changing the hair. Before using it I was a man of seventy. My Hair has now attained its original color. You can recommend it to the world without the least fear, as my case was one of the world without Yours Respectfully,

DANIEL N. MURPHY.
