The Harrisburg papers contain accounts of a horrible murder committed by a black fellow named Smith, in the lower part of that county, on Tuesday of last weak. The Patriot says, "we have time merely to state, that two persons, representing themselves to be man and wife, were traveling on foot through the country yesterday, and in their wandarings they stopped at the residence of a farmer by the name of Shelly, desiring shelter for the night. He was refused, when he stated that his wife was sick in a neighboring piece of woods. During than ight the neighbors heard groans and cries, and yesterdry morning the body of the woman was found with her head terribly mangled, as if by a stone. Each wound was in itself sufficient to cause death. Coroner Barr went to the place early yesterday morning and hold an inquest. He was tracked to Highspire, where he was arrested, and is now in our prison. He had a hearing before Justice Snyder, and was committed finally for trial; the Coroner's jury reudering a verdict that the deceased came to her death by the hand of the prisoner. A. J. Herr appeared as attorney for Commonwealth, and C. M. Shell, Esq., for prisoner." The Patriot of Friday says, "we have been in- Bosign, Theo. P. Frantz. 65 men have signed

now in prison awaiting his trial, on a charge of so this (Wednesday,) ovening at Bomberger's Homurder, is John Holtzinger, and not Smith as tel. The members of the Peseverance Band have was first supposed. It is said he formerly resid- also become members in their capacity of a comed in Lancester county. As yet we have not pany. been able to levrn whether the woman he murdered was his wife."

The above party are supposed to be the yellow man, Henry Smith and his wife, who have frequently traveled through this county, he sweeping chimneys and playing the fiddle, and both drunken and generally dissolute.

The following, in relation to the horrid affair. we gather from the Lancaster papers of Saturday. A colored man by the name of Smith killed his wife, or a woman with whom he was traveling through the country on a chimney sweeping tour, in John Heisy's woods, about two miles south east of Foltz's store, in Conewago township, Dauphin county, where she was found yesterday morning. From the appearance of the wounds in her head, it seems that he must have committed, the brutal act with a stone. It is reported, that on Monday siternoon he went to a house and said that his "Wile lay in the woods "dead drunk." Smith is well known in this neighborhood, but it appears ent. " that has not been about here for several months. He made this last tour from Lebanon. The unfortunate woman was the wife of one Henry Smith, and the couple were what might be termed traveling mendicants. The club and stone by which the murder was sommitted are in the hands of the Coroner, and will be produced as avidence against Smith;

The Milwankie Sentinel says that, recent. ly the treasurer of the town of Erin, Washington county, whose name, we believe, was Whaling, was shot dead, while attempting to rob his own house. It appears that he had collected some twelve or fifteen hundred dollars of the town taxes, and left home in the afternoon, telling his wife that he should be gone all night. Toward evening a traveling pediar applied at the house for a night's loging. The wife at first refused to admit him, but finally yielded, with much relatione, to his request. Some time in the night the pedlar was awakened by the noise of men breaking into his room. Taking them for robbers, he drew a pietol and fired at them. One fell, and two fied. Lights being procured, the dead body of a man, with blackened face, and otherwise disguised, was found upon the floor. Upon further examination it proved to be the proprietor of the house himself, who had resorted to this stratagem to steal the fox-money collected, and had met with this ter-

IMPORTANT TO FEMALES.-Dr. Cheeseman's PILLS — The combinations of ingredients in these Pills, is the result of a long and extensive plactice; they are mild in their operation, and certain of restoring ma-ture to its proper channel. In every instance have the Pills proved successful. They are certain to open those obstructions to which females are inble, and bring ma-ture into its proper channel, whereby health is restored, and the pale and deathly countenance changed to a healthy one. No female can enjoy good health unless she is regular; and whenover an obstruction takes place, whether from exposure, cold, or any other came, the general health immediately begins to dedine, and the want of such a remedy has been the cause of so many consumptions among young females. Headache, pain in the side, palpitatiou of the heart, loathing of food, and disturbed sleep, do mest always arise from the interrup-tion of nature; said whenever that is the case, the Pills will invariably remedy all these evils. In all cases of nervous and epical affections in the back and limbs, low-ness of spirits, hysteries, &c. Nor are they less efficaci-ous in the cure of Leacornees, commonly called the "Whitee." These Pills should never be taken during pregnacy, as they would be sure to cause a misarriago. Varnanted purely Vegetable, and free from anything in-jurious to life or health. WEDDING IN & DEATH CHAMBER .--- A correspondent writing from the West Unicn, on the North Western Virginia Railroad, says that a wedding recently took place in a death chamber, at Spring Hill, near that place. Mr. Barr and Miss Rilpey were married whilst the father of the lady was lying a corpse. It appears that that day had been set for the wedding to take place. Mr. Rilpey was suffering with the consumption, and expired on that morning at 6 o'clock. The groom proposed to put it off a few weeks, but the bride insisted on its taking place immediately. The wordding accordingly took place at 9 o'clock, over the corpse of her father.
