A question for the unfair Sex .- No doubt there 'is room enough in the world for men and women, but it may be a serious question whether the latter are not taking up more than their share of it. In Siam, the penalty for lying is to have the mouth sewed up. Suppose such a law were in force here what a number of mutes we should. have.

COMPOSITION ROOM ROUTING, HARRISDURG, PA., R. ESPECTYULLY informs the citizens of Harrisburg, R. Reading, Lancaster, Lebanon, and their vic inities, that we are prepared to put on roots on most liberal terms, and at the shortest höffes. We respectfully call the attention of persons about to build, to our invaluable method of roofing, have much used throughout the principal cities of the United States and their vicinities. This mode of roofing having all the combined requisites of Cheapness, Durability, and Se-curity against Fire and Water, and dispensing with high gable walls; the roofs require an inclination of not more than three-quarters (34) of at firsh to the foot, and in many cises saving the entire cost of rafters—the ceiling oist being used.

oist b Net being used. The gutters are made of the same material, without any extra charges ; consequently, our roofs are put up at almost half the cost of either Tin, Slate, or Shingles.

at almost half the cost of eithor Tin, Slate, or Shingles. The material being of imperibable nature, it surpasses all others in Durability ;-besides, in case of any casual-ity, it is the most easily repaired of any other roof now in use. Yet, the best proof we can offer as to its being both fire and water proof, are our many references, to any one of whom we are at liberity to refer. N.B.-But let it be distinctly understood, (since we manufacture our own composition, and do the work in person.) that we ware autilibering and do the work in Fireand Water; if they prove contrary, we will most willingly abile the results.

PHILADELPHIA MEDICAL. HOUSE — Established twenty two years ago by Dr. KINKELIN, corner of Third and Union streets, Philadelphia, Pa. TWENTY-TWO YEARS' Experience has rendered Dr. K. a most successful practitioner in the cure of all diseases of a private nature; manhood's debility, as an impediment to marriage; ner-vous and sexual infimities, diseases of the skin, and those arising from abuse of meroury. TAKE PARTICULAR NOTICE. There is an evil habit sometimes indulged in by boys, in solitude, often growing uij with them to manhood; and which, ift not reformed in due time, not only begats erious obstices to matrimonial happiness, but gives rise to a series of protracted, insidious, and devasting affections. Few of those who give way to this pernicious practice

The materials being more suits. The materials being mostly non-conductors of heat, no roof is so cool in summer, or so warm in winter. Those wishing to use our roof should give the rafters a pitch of about one inch to the foot. May 27, 1857

### TAKE NOTICE.

TAKE NOTICE. The old stone worm is come to life orbit: JUNN PETER MOYER would respectfully inform the public that he continues the business of LIMESTONE SAWING AND DRESSING by horse power, in Chestnut Street, East Lebanon. He finishes the following articles out of the best and soundest limestone that can be pro-cured in this neighborhood, vize—DOOR SILIS and PLAT-FORMS, STEPS, WINDOW SILIS and HEADS, CELLAR DOOR CHEEKS, CURL-STONES, Shoe Scraper blocks, as well as any other article that can be manufactured of limestone. His Curl-stones are from four to five inches thick; and his prices in accordance with the quality. Me was the first person that introduced the lime-stone into this place, and is now prepared to finish off lime-stones on sto give it an appearance very little inferior to that of the handsomest Marble, in proof of which asser-tion he directs the public to the finishe work at his es-tablishment. He respectfully invites all those who in-tend creating new buildings, to call at his establishment and convince themselves of the excellent finish of his work as also of the cheapness of his prices. Lobanon, March 24, 1858-19. The unit of the set of provide the inducts in the deviations affections. Few of those who give way to this pernicious practice are aware of the consequences, until they find the nervous system shuttered, feel strange and unaccountable estastions, and vague fears in the mind. [See pages, 27, 28, 29, of Dr. K.'s book on "Self-Preservation."] The unfortunate thus affected becomes feeble, is unable to labor with accustomed vigor, or to apply his mind to study; his step is tardy and weak; he is dull, irresolute, and engages even in his sports with less energy than usual. If he emancing the heims of here the avertice here the study of the step is tardy and weak in the step is the step is the step is tardy and weak in the step is the s

gy than usual. If he emancipate himself before the practice has done its worst, and enter matrimony, his marriage is unfruit-ful, and his sense tells him that this is caured by his early foilies. These are considerations which should awaken the attention of all who are similarly situated. REMEMBER. He who pisces himself under Dr. MINKELIN'S treat-ment, may religiously confide in his honor as a gentle man. and rely upon the assurance, that the secrets of Dr. K.'s patients will never be disclosed. Young man-let no false modesty detar you from mak-ing your case known to one, who, from education and respectability, can certainly befriend you. ### Dr. KINKELIN'S residence has been for the last twest years at the N. W. Corner of THIRD AND UNION streets, Philadelphia, Pa. PATIENTS AT A DISTANCE Can have (by stating their case explicitly, together with all their symptoms, per letter, enclosing a femili-tance) Dr. K.'s medicine, appropriated accordingly.
