MORE THAN 500,000 BOTTLES NEW ENGLAND STATES

IN ONE YEAR. THE RESTORATIVE OF PROF. O. J. WOOD for restoring hair perfectly and permanently, has never yet had a rival, Volume after volume might be given from all parts of 'the world and from the most intelligent to prove that it is a perfect Restorative; but read circular and you cannot doubt; read also the following.

gent to prove that it is a parfect Restorative; but read circular and you cannot doubt; read also the following.

The HAIR.—People have for centuries been afflicted with bald heads and the only remedy, heretofore known, has been those abominable wigs. By a recent discovery of Professor Wood these articles are being fast dispensed with but a great many persons still patronize them, hecuse they have been so often imposed upon by Hair Tonics of different kinds. To all such persons we earnestly make the request, that they will try once again, for in Wood's Restorative there is no such thing as fail. We know of a lady who was bald, who used the article a short time, and her head is now covered completely with the timiest and most beautiful curls imaginable. We know of numerous cases where hair was rapidly falling out, which it restored in greater perfetion than it ever had been before.

It is also without doubt one of the best articles for keeping the hair in good condition, making if eoft and glossy, removing dandruff, and has proved lisself the greatest enemy to all the life that the hair is held to It is the duty of every one to improve their personal appearance though some may differ in regard to the ways of doing it; but every one will admit that a beautiful head of hair, either in man or woman, is an object much to be desired, and there are no means that should he left nutried to obtain such a consideration.—

[Woman's Advocate, Philadelphia]

Cochocton, Ohio, Nov. 17, 1856.

O. J. WOOD & Co.—Gents: As I have been engaged in selling your Hair Restorative the last season for one of your local agents (R. M. Hackinson.) and have experienced the beneficial effects of it myself, I would like to obtain an agency for the State of Ohio or some State in the West, should you wish to make such an arrangement, as I am convinced there is nothing equal to it in the United States, for prestoring the hair. I have been engaged in the Drug business for several years, and have sold various preparations for the hair, but have found nothing that restores the secretive organs or invigorates the scalp as well as yours, being fully convinced that your restorative is what you represent it to be. I would like to engage in the sale of it, for I am satisfied if must sell.

S. T. STOCKMAN.

PROF. O. J. WOOD. & Co.—Gents: Having realized the good effects of your Hair Restorative, I wish to state, that finding my hair growing thin, as well as gray, I was induced from what I read and heard; to try the article prepared by you, to promote its growth and change its color as it was in youth) both of which it has effected completely. In the operation I have used nearly three bottles.
