HOME AFFAIRS.

AN ITEM FOR MOTHERS .- Mothers not unfrequently plait the hair of children under ten or twolve years of age, but in so doing they make a great mistake. The process of plaiting more or less strains the hairs in their roots. by pulling them tight, tends to deprive them of growth. The hair of girls should be cut rather about eleven or twelve, the hair should be twisted into a coil not too tight, nor tied at the end with thin thread, but with a piece of ribbon.

SINGLE SESSION.—The School Controllers of Philadelphia have resolved to have nut street. The only proposal handed in for the , but a single session in the public schools during the warm weather. As the young idea cannot be Walnut streets, was by Henry Loy. He agrees expected to learn how to shoot with the same pre- to make the former of stone for \$75, and the latcision during the summer months as when the ter (material not stated,) for \$79.50. Adjourned. thermometer is down to zero, would it not be a good plan for our Board to adopt the same course?

The Circus was in town on Thursday. In the afternoon the attendance was probably \$400. In the evening it rained very hard. but notwithstanding there was also a large attendance, not however equal to that of the afternoon. Circusus are an institution, and the wonder is that they pay considering their heavy expenses. However, if they do in other places as they do in Lebanon, it is no wonder that large , profits are on hand to be divided at the end of the season. The performances of Lent's Circus are about equal to the generality of such concorns: same old things over, and that's all.

Excursion Tickets.—We have been requested to state that Excursion tickets from Lebanon to Harrisburg and back, good from June 6th to 11th will be issued by the Railroad Company, for the purpose of enabling persons desirous of attending the Opposition Convention to do so at a reduced cost. The fare for the trip will be \$1.00

To Fancy Farmers of Corn about Town .- To prevent birds and fowls picking your crops, put snuff thereon so as to make them sneeze, and then shoot the sneezing ones as the rogues. In that way the guilty will be punished and the innocent lest run free.

RAILROAD ACCIDENT. - Nobody Hurt .-- On Monday forenoon of last week, the running train from the east, was about an hour behind time. The crase of the detention is given by the Reading Press as follows :- An acciident occurred at the Franklin Street crossing, mear the passonger depot of the Reading Railroad, which fortunately, passed off without much damage to property, and none to individuals, although these latter made several narrow escapes. The Lebanon train, due at 10, was delayed a few mintion of the cow, and a slight injury to the cowpassenger standing on the platform of the Lebanon train was slightly injured by the concussion, he obeyed the standing orders of holding his seat until the stoppage of the train.

The Reading and Coty and a hundred members, will hold its annual meeting in Salem's Lutheran Church, this Borough, commencing on Saturday the 18th inst., and continuing its sessions until the following Thursday evening. About thirty members of other Synod ware expected to be in attendance at this meeting. There will be preaching every evening. while the Synod I sts, and on Sunday there will be preaching three times.

One of our sharp friends the other day said his opinion was that a consolidation of three circuses would never take another quarter out of his pockets. He thinks they consolidate too much, as each of the companies depends upon the other, and the result is they only try how not to do. Too many cooks spoil the broth, so too many consolidations spoil the cir-

Jake made a narrow escape on the fence where he was rescued by Pete in a flat

On Thursday a darkey and a white man were seen in a fence corner playing Paul and Peter with a flask of old Rye. They both won, as both got dead drunk and missed seeing the grand consolidation sights.

CHOLERA MORBUS.—As the season is now at hand when vegetables and fruit will be plentifully consumed, cholera morbus will also, no doubt, become prevalent. Hence, we would observe, that all the pain and danger ineident to that complaint may be avoided by the observance of a little prudence in diet, and in the purchase of vegetables and fruits that are fresh and altogether wholesome, as the consumption of wilted and half-decayed products, are chiefly instrumental in causing illness. A little attention to this subject will diminish, if not remove, the particular sickness of which we have

Complaints are frequently made in newspapers of the bad practice of tearing down handbills or mutilating them. The same complaints are applicable here; and if there is no ordinance against the practice, one should be speedily enacted. Frequently in the most public places a bill or poster is scarcely dry before it ls destroyed.

He occupied a prominent position in all the religious and benevolent societies connected with the Lutheran Church.

Proceedings of the Town Council.-The Council met on the 21st ult. On motion it was resolved that in the future the regular meetings be held on 1st and 3d Thursday evenings each month.

On motion the license to Circuses, &c., was reduced to \$10. June 1, Council met. Bill of Mr. Focht, for

The matter of straightening Pinegrove street, was postponed for the present, and ordered, that if brought up in the future, notice be given. A number of the citizens of the East Ward presented a petition for the opening of East Street, from its northern terminus to the North Lebanon borough line. > We are indebted to the publish er, Mr. Geo. A. Brooks, for a handsomely bound copy of the "Annals of Harrisburg," just issued from the press. It is cently printed, and contains a great deal of interesting matter relative to the past history of the Keystone Capitol, which cannot fail to prove interesting. The facts and incidents detailed in this work were compiled from authentic sources by Col. George H. Morgan, who deserves credit for the tact and industry displayed in the compilation. The book recommends itself, and we have no doubt the edition will speed ly be exhausted.

READING AND COLUMBIA RAILoad .- Since the completion of the East Pennsylvania Railroad, the friends of the proposed Reading and Columbia Railroad, have again been roused into action. A meeting was held on Sat utes at Myerstown, where the train ran over a urday the 28th utt; at Ephrata, at which resolucow, causing no other damage than the destruc- tions were adopted, committees appointed, and other measures taken, to push the proposed road guard, which was displaced a few inches from its to an early commencement. In the above connexion, we observe that the Lancaster, Lebanon and Pinegrove R. R. charter is still in existence. Mr. Konigmacher, who takes such an active part in the R. & C. R. R., should also move in the matter of the L. L. & P. R. R., as the times are now somewhat propitious. THE GLORIOUS FOURTH.—This day is drawing nigh; and as patriotic citizens, it is soon time to think of celebrating it in a proper ance Band. manner. It is now nearly eighty three years since the United States raised the proud standard of liberty, and echoed the shouts of "independence or death" throughout the land. Fourth of July celebrations have always been great affairs in nearly every town throughout the country, and as we grow older we should lose none of that boasting sentiment of patriotism and fervency of natural love and veneration for our great mennen who never felt a wound but when it pierced their country, and who have all gone down to their graves, loaded with honors. While liberty has an advocate, let us remember "the times that tried men's souls," by ringing of bells, firing of cannon, bon-fires, or by one universal turn-out. semble in the beautiful groves within sight of our porough, and colebrate the day which will ever be held, in dear remembrance by us all. . We say, n conclusion, we care not where or how any one sees fit to spend the day around which such a haq.of-glory is attached; but do not forget to Celebrate! CELEBRATE!! CELEBRATE!!!

SIGNOR BLITZ .- We direct the attention of the public to the advertisement of Blitz. No pains nor expense have been spared to make this he grandest entertainment ever given to the people of this county. All who have heard Blitz, in the great cities, will attest to his truly astonishng performances. The proceeds will be applied toward a very laudable object, an object that should cause no one to hesitate to give BLITZ a full house. As we are confident that all will be satisfied with his performances, and of the splendid music of the Band "to boot," we invite our riends all over the county to be present, and if so, they will be rewarded at any moment "duty nay call for action."

PRINTER'S DEVILS are generally great 'lalies' men," notwithstanding their name is sometimes disliked by the fair ones. A few evenings igo we saw a gallant young member of the craft, and his dear lady love taking a walk, chatting briskly upon the numerous topics of the daylove stories." Taking his hand (the arm she had, of course) and looking smilingly in his face she asked for his autograph when he recited the following appropriate lines in reply:-

You wish for my name ? Ah! dear madam, your palte With the hopes I have felt, as you well understand; If you wish for my name, it is yours at the alter—
I'll give my handwriting when you give your hand.'

THE EXPRESS LINE running to Lebanon appears to be well-patronized by our citizens .--This is no doubt caused by the satisfaction which is always given to our business men.

SHEEP KILLING-We have heard several farmers complaining lately that no sheep can be kept safely around this vicinity, on account of dogs. We, in common with, the people, are opposed to exhorbitant taxation, but until the "canine tribe" be considered as part of a taxpayer's valuation, we will have more worthless dogs than are required.

EXCITING. - A portion of citizens were coniderably exercised on Thursday, by a rumor which reached here via the Circus, to the effect that the city of Paris had been blown sky high, the Emperor and 1,000,000,000,000,000 of the inhabitants blown up!

BEAUTIFUL. On Thursday evening, just about as Old Sol was hiding his fiery face beyond the horizon, and after mother earth received a refreshing shower, the western sky presented a splendid appearance. The horizon in that direction was brilliantly illuminated by a light red int which resembled the flames of a vast confluction. One of our freenen existed the propriety of the confluction of ing. Truly he was a philosopher!

A CURIOSITY .- Several ladies of this town, paid a visit to the country a few days since .--Daring the day they were shown a spinning wheel, and wondered what such a thing was ever made for! We forbear making comments at present, and leave the reader to form his own opinion.

BOUQUET .- Though not addicted to compli nenting, we acknowledge the receipt of a beau tiful bouquet, for which the fair donor will please eccept the thanks of one who wishes her home place where flowers delight to bloom.

LABOR LOST .- We noticed on Thursday, an organ grinder, playing his "sweet notes" to a

deaf and dumb-drunkard. "Music has charms &c., &c." SEVERAL CROSSINGS, at the corners of our streets, we have lately noticed, are an excellent

trap for pedestrians. PUBLIC SQUARE .- Before our beautiful Bor present time. The value to our town and citizens

work, flowing fountain, gravel walks, playing squirrels and shady trees, would be incalculable. It would be an inviting and attractive place coration. One little miss replied that they were good for oil, and another that they were "useful for hooped skirts!" The teacher gave them a short "recess."

IMPROVEMENTS .- We have of late visited number of towns in our neighboring counties, and in none of them have we seen the spirit of mprovement so progressive as in our own .-Buildings are going up in every direction of our thriving borough; and a great many others are receiving proper attention in being beautified. Among the latter we observe that the "Temple of Justice" is being repainted. It will, when finished, present an improved appearance.

THE CROPS. -From every part of the county we hear that the appearance of the grain fields promise a rich barvest. The rain on Thursday last, which came down in drops about the size of a piece of chalk, lodged the wheat and rve consid-

INTERESTING SIGHT .- On Saturday ser oral pigs took it in their heads to take a walk through town. In the course of their travels they came in contact with a number of bull dogs, and ensequently had a disagrecable time.

TOO MUCH BITTERS .- A stranger paid our town a visit on Thursday, to "see the Elephant."
He represented himself as belonging to what he termed "snappers." He was entertained at the hotels to a considerable extent, and confessed on leaving, that he saw more than he anticipated.
