Two youngsters had a fight in an alley the other day, when one happened to hitable other-accidently we suppose-on the nose. The "claret" flowed pretty freely. The "clerated" pugillat cried out "boo-boo," when the other took to his heels and run "like forty."-The question of which whipped is undecidedthe one that run or the one that stood his ground.

STABBED. - A stabbing affair took place the other morning at one of our hotels which, fortunately, was not accompanied with serious results. The guests were sitting down to living miles apart, it requiring two days to unthe table, when, after a few words between two mix the babies, and many months to restore the of the boarders-gentlemen at that-one of them -the taller of the two-picked up a FORK-a three pronged one-made of mon-and quick as lightning, and, without the slightest, intimation Jury List for August Term, 1859.

The Military contested election of Officers, consisting of Gen. W. H. Keim, Lieut. Col. S. L. Young, and Lieut. James D. Dougherty, metat this place on Wednesday last, at I or was a decided desire for it—if such a course were was a decided desire for it—if such a course were case, in this county, was not decided. The Board clock P. M. After organization the defence objected to the jurisdiction of the Board, on the ground that there was not a sufficient number of legal contestants, the law requiring one hundred. They proposed to waive the question, and allow the Board to set the election aside on account of illegality. This was rejected by the complainants, and after purging the list of contestants, it was found only ninety-eight legal votes were appended. The inquiry therefore fell, the ground of objection by the defence was sustained, and the Board adjourned eine die. A new list will be required, to revive the case with one hundred legal uninformed members who voted at the election.

The tax-collectors are busily engaged in the collection of their taxes. Although there is the usual privileged grumbling, in general they are pretty freely and promptly paid.

MAIL AGENT APPOINTED-The Postmaster General appointed Michael K. Boyer, Esq., of Reading, a Route Agent to take charge of the mails between Harrisburg and Allentewn, at a salary of 700 per annum,

By the instructions of the Department to Mr. Boyer, it would appear that the mail routes between Reading and Harrisburg, and Reading and Allentown, now separate, are the united, and that Mr. Weaver, the present Man Agent on the first-named route, will be required to axtend his trips to Allentown, alternately with Mr. Boyer, the additional Agent.

The Town Council met on Thursday evening. The following orders were drawn, viz :- Gas, \$10,80; Wm. M. Breslin, Printing, \$10,00; Becker & Young, Printing, \$13,25; Hartman & Son, Printing, \$14,75. Arentz & Witmoyer, Lumber, 1858, \$1,96; Philip Arnold, Stones, 1858, \$6,50. On motion, the Street Commissioner was directed to finish Chestnut Street forthwith, according to the resolution on the minutes. STILL THEY COME: Simon J. Stine, of this borough, is also announced as a candidate for the nomination of County Treasuyer by the opposition convention;

sociation has sent Charles Pyle and Samuel Reisner as Delegates.

The stated meeting of the Y. M. J. A. will be held on this (Tuesday) evening at o'clock, at their room.

The proprietor of the Eagle Hotel, Mr. Henry Siegrist, has put up a new sign. The 'Eagle' is so well known for its 'good cheer' that, except to such as have never been in town before, the new sign is superfluous.

Prof. Gardner, the celebrated 'Soap Man" created a slight breeze in town one day last week, by his advent-gong and all. He made a speech—sold his sonp—pocketed cash, say fifty dollars, and retired to other fields of labor. He is evidently coining money, and if his soap should not be worth the money paid for it, his speeches and characteristics make up the deficiency, so that purchasers, aside from the neglect of "protection to Home Industry," lose nothing by him.

MIXING UP THE BABIES .-- The Weaverville (Cal.) Journal gives the following coount of an affair, which, however it may move the laughter of our readers, we fancy to have made some of the parties concerned "laugh on the wrong side of their mouths:"

"Some time ago there was a dancing party given "up north;" most of the ladies present had little babies, whose noisy perversity required too much attention to permit the mothers to onjoy the dance. A number of gallant young men voiunteered to watch the young ones while the pa-rents indulged in a "break down." No sooner had the woman left the babies in charge of the mischievous devils, than they stripped the infants, changed their clothes, giving to one the apparal of another. The dance over, it was time to go home, and the mothers hurrfedly took each a baby, in the dress of her own, and started, some to their homes, ten or fifteen miles off, were far in their way before daylight. But the day following there was a prodigious row in that settlement mothers discovered that a single day had phang ed the sex of their bobes; observation disclosed startling physiological phenomena, and then com-menced some of the tallest female pedestrianism women to their naturally sweet dispositions. this day it is unsafe for any of the baby mixers to venture within the territory.

Ilightning, and, without the slightest, intimation of his intentions,—we say, he picked up a fork and STABBED, yes, STABBED, the largest smoking new potatoe in the dish. He did, and eat it too.

Election of Major General.—Gen. William H. Keim has been re-elected Major General of the Fifth Division Pennsylvania Volunteers, by the unanimous vote of the Commissioned Officers of the three Brigades, Berks, Lebanon and Dauphin—composing the Division.—The election was held on Monday a week. The vote east by the Division, was as follows: First Brigade (Berks), 32; Second Brigade (Lobanon), 10; Third Brigade, (Dauphin) 28. Total, 70.

BALLOON ASCENSION.—Mr. John Light, of this county, who accompanied Professor Steiner in his balloon ascension from Reading, a few weeks ago, made a successful asconsion from Carlisle on Monday week, and landed seven miles from that borough. This was his first attempt alone.

Mr. Light will make an Ascension from Leba-

Loss of Appetite in the Spring .- The decline

Loss of Appetite in the Spring.—Inc decline of appetite in the Spring is not the Sympton or the effect of disease; it is as it were, the wise forethought of a sleepless instinct, which putsout its blind fearless ahead to clear away danger.—

But instead of thus co-operavegetable world. But instead of this co-opera-ting with our instinct; "we taken something," bitters, pills, anything that anybody advises as good for "whetting up the appetite." It acts like a charm; we speak loudly in its praise, and a doz-en or more are induced to follow the example.— But soon the bubble bursts. BUYING OUT THE BALTIMORE BONAPARTES .-I was told yesterday that the difficulties between the Imperial Bonapartists and the descendants of the Imperial Bonnpartists and the descendants of Mrs. Patterson, of Baltimore, the reputed wife of the Duke of Westphalia, are in the way of being composed. The Emporer has offered to make her son Jerome a Duke, and her grandson Jerome, who graduated at West Peint, and is now with the army in Italy, a Count, with suitable pecuniary endowments for the rank, if they will formally renounce all claims to the name of Boninarte. IMPORTANT TO FEMALES .- Dr. Cheeseman's IMPORTANT TO FEMALES—Dr. Choeseman's PILLS—The combinations of ingredients in these Pills, is the result of a long and extensive practice; they are mild in their operation, and certain of restoring nature to its proper channel. In every instance have the Pills proved successful. They are certain to open those obstructions to which females are liable, and bring inture into its proper channel, whereby health is restored, and the pale and deathly countenance changed to a healthy one. No female can edify good health unless she is regular; and whenever an obstruction takes place, whether from exposure, cold, or any ether cause, the general health inmediately begins to decline, and the want of such a remedy has been the cause of so many consumptions among young females. Headache, pain in the side, palpitation of the heart, loathing of food, and disturbed sleep, do most always arise from the interription of nature; and whenever that is the case, the Pills will invariably remedy all these crils. In all cases of nervous and spinal affections in the back and links, lowness of apirits, hysteries, &c. Nor are they less efficactions in the cure of Leocorphose, commonly called the Whites, 'These Pills should never be taken during prognacy, as they would be sure to cause a miscarriage.
