They take up the line of march this morning, at 6 o'clock, from the Red Lion Hotel, and proceed to Pennybecker's Dam, about 6 miles below Shaofferstown, where it is said the finny tribe abound, there to spend the day in enjoybell was about 31 years of age, and has no chilment. SUCCESSFUL OPERATION FOR CATARACT .--- An old colored woman familiarly known as Fanny, residing in the family of the editor of this paper, has been blind from cataract for the past six years. She is in the neighborhood of 100 years of age. On Monday morning, Dr. C. D. Gioninger performed the operation of outting the eye, so successfully that she immedi- the barn of Mr. Batdorf, to the left of Myersately saw, and the promises are now very flattering that she will be able to see permanently --She bore the operation patiently and resignedly, and is since in her usual good health. The extreme old age of Fanny, made the operation an unusually delicate one.

Persons in this immediate section of country, as well as others from abroad, are directed to the advertisement of the Cold Springs watering place, in this county. Although these wonderful Springs have not been puffed into "celebrated and fashionable resorts," yet they are for every really pleasant and beneficial purpose superior to any other. The Hotel there was erected by the Rail-road company at a lavish expense, and is now kept by Mr. Haak, who has a peculiar nack for making his guests comfortable. The scenery around the Springs is of the wildest and most pleturesque character, and hunting and fishing abounds. The tracks of the bear and the panther may even yet be found in the surrounding mountains. The Cold Springs need only be known to be appreciated.

and Thursday of last week was followed on Friday and Saturday by a steady and sonking rain which put forward corn and potatoes wonderfully.

The School Directors of this borough have been engaged for several weeks past, in making settlement with Collectors and Treasurers-dilutory ones as well as othere. The present board is a very efficient one, and for the fact that they work without pay, deserve commendation for the prompt and efficient attention to the

county on Monday night. It commenced about An immense quantity of rain fell, and the flashes of lightning and roar of thunder were continnous and appalling. The storm arose to the west of this place, passed over us and continued to the east to Berks county. It then changed south to Lancaster county, where it again gradually rolled to the west. Lrom Lancaster county it returned to this county and passed over us a second time, when, howover, its force was spent cousiderably. There was not much wind accompanying the commotion.

DEATH BY LIGHTNING .--- About 11 o'clock the ightning struck a one story board house, in the south-eastern section of this town, and killed instantly Mrs. Mary Jane Campbell, a colored woman, residing in the house. The rain was forcing its way through the weather boarding of the house, when Mr. and Mrs. Campbell undertoot

to change the position of their bod. While in the act of doing to a fork of lightning passed into the building from the west, about ten feet, above the ground, followed a downward course at an angle of about 45 degrees, passed through the second floor, striking the unfortunate woman up. on the head. The fluid coursed through her body, and then took an upward direction passing off through the roof of the house. That such is the case is indicated by the marks on the build. ing. The place where the lightning entered the building can scarcely be perceived, there being but a slight abrasion of the board scarcely as argo as a quarter of a dollar, Inside there were a few small splinters knocked off. Mrs. Camp.

Soveral fires from lightning also took place on Monday night We noticed the glars of a very arge fire in the east, probably in Berks county, and another in the south-west. Both were no

doubt barns. P. S .- We learn that the fire to the south-west from Lebanon last night, was at Colebreok. where a barn belonging to William Coleman, Esq., containing about 60 loads of hay, was dostroyed. That to the east is said to have been town.

FIRES.—On Wednesday evening week before last the barn of Mr. Abraham Heny, near Palmyra, was consumed by fire. Mr. Henry, with his hands, was in his harvest field t the time the flame broke-out, and has no idea now the fire originated. His crop of hay was in he barn, and was destroyed along with two good ibrses, carriage, wagons, farming machinery and nplements, ac. The loss is heavy.

ANOTHER FIRE .- On Tuesday evening of last week, the glare of fiames was distinguishable from our Borough towards, the south east. We from our Borough towards, the south east. We entered into for marriage. The day was at \$1,30(G)1 40 for reds, and \$1 ou for white as have since learned that the light areas from the burning barn of Mr. John Withers, in the neighborhood of Achey's Corner. Mr. Withers had just about finished his harvesting, and his loss is

therefore very heavy. DESTRUCTION OF A BARN BY FIRE .-- Wednesday evening about \$ o'clock during the heavy storm which passed over this town, a barn belonging to Benjamin Garber, near Donegal Meet-The intense heat of Wednesday | ing House, Donegal-twp., Lancaster county, was truck by lightning and entirely consumed .-Mr. Garber's barn was one of the best n the county, being complete in all the conveniences which characterizes the thrifty farmer. It was also one or the largest class. He lost his entire erop of grain and hay, and the loss is estimated

at five thousand dollars, on which there is no inurance. The fire made a very bright light, and although distant eighteen or twenty miles, was so distinct as to cause an alarm and bring out our fire companies.

ter..Grand Denouement [From the Albany Standard, July 14.] Some fifteen years ago a man, named George Briatol, left this city for the shores of the Pacific. At the time he left he had a wife and one child, the latter only three years old. They resided in the town of Westerlo. At that time his wife and child were living with her father. Some two years after the father and mother of the woman died, their estate was disposed of to satisfy mortgages, and Mrs. Bristol and her child were thrown upon the cold charities of the world for a living.
