McClure, he who EXPECT-ED to be Speaker of the last House of Representatives of the Pennsylvania Legislature, has prosconted the editors of the Valley Spirit of Chambersburg for libel. It makes a great difference with the opposition whose ox is gored. Their papers are continually filled with the vilest abuse of Democrats, but as soon as a shot is fired at them they run to the law for protection. No one been able to get the names only of three of these has been more personal and bitter in his political warfare than McClure, and now he is the first to show the "white feather."

A Luxury.—An exchange gives the following recipe:-Take a dozen or two of ears of corn, the sweet varieties preferred, husk, and without boiling, grate off the grains .-Stir into this about two table spoonfuls of flour children. It was now past 3 o'clock in the merning, and the contest was kept up with undiminished vigor. Fortune early in the evening had declared for the gentleman on the right of the dealer; and although occasionally luck deserted him, it again and again returned, until his widnings were enormous.

The hadron to this time wan \$18.000. The part of the dealer was 18.000. The had up to this time wow \$18,000. Even the practiced coolness of the professional gamblers deserted them, and they gnawed their lips in undisguised anxiety. The Kentucky gentleman suddenly laid down checks to the amount of \$5,000, and as the dealer began to draw out the cards from the silver box in which they lie, left the table and walked to the sideboards. The cards are dealt, and the \$6,000 are lost! The reduces the winning of the Colonel to \$12,000.—

Their funds are reduced to \$6,000—for they have lost some to the bank, beside that paid the Colonel. And now their agent bets more cautiously—first \$1.000—then \$500. He loses steadily. His last \$500 is reached. He is pale as death—his pallor is reflected in the faces of his comrades. He plane ces their last stake on the cloth. The Colonel doubles it upon the opposite color. The next day the fortunate Colonel settled \$28,000 upon his wife, and swore off from the gambling hells. Whether he will keep his word emains to be seen.

But can \$28,000 be lost at a single sitting at such work as this, by such men as these, without sorious con-equences? The seene which we have related actually did occur. There are plenty of men who will read these lines, who will know how true it is. Is a community in a healthy condition where such things occur?

Several grasped their pistols as if to shoot him down, and others cried "Hold your fire!"; "Don't shoot, Mowry!" Meanwhile Cross stood perfeetly calm, awaiting the result. Mr. Mercer advanced, when Mowry immediately lowered his rifle and handed it to his second. They still claimed then shot as a right under the code. IMPORTANT TO FEMALES—Dr. Chaeseman's PILLS—The combinations of ingredients in these Pills, is the result of a long and extensive practice; they are mild in their operation, and certain of restoring native to its proper channel. In every instance have the Pills proved sheroseful. They are certain to open those obstructions to which females are liable, and bring nature into its proper channel, whereby health is restored, and the pale and deathly countenance changed to a healthy one. No female can enjoy good health unless she is regular; and whenever an obstruction takes place, whether from exposure, cold, or any other cause, the general health immediately begins to decline, and the want of such a remedy has been the cause of so many consumptions among young females. Headache, pain in the side, palpitation of the heart, loathing of food, and disturbed sleep, do most always arise from the interruption of nature; and whenever that is the case, the Pills will invariably remedy all these evils. In all cases of nervous and spinal affections in the back and limbs, lowness of spirits, hysteries, &c. Nor are they less efficacions in the cure of Leucorrhos, commonly called the Whites. These Pills should never be taken during pregnacy, as they would be sure to cause a miscarriage. Warranted purely Vegetable, and free from mything injurious to life or health. Full and explicit directions which should be read, accompany each box.

These Pills are put up in square fiat boxes. Persons residing where there are no agency established, by enclosing One Dollar in a letter, preguid, to any authorised agent can have them sent to their respective addresses by return of mail.
