The attention of parties having insurances in the Sinking Springs Insurance tices in our advertising columns.

Some of the good people of Shaefferstown had a lively, social and pleasant time of it at their Sunday School Celebration, on Saturwith choice music during the day. Wm.M. Darr, Esq., delivered an address in English, and filthy; why then should this old jail that has Rev. J. M. Ditzler in German. The eating was all these cvils—that wont hold prisoners, is full spread on a table 111 feet long-was abundant and of the choicest kind. May all who participated have many more such jubilees.

PEACH CROP.—For the information of all good housewives we would say that the peach crop will probably be heavier than for several years past, both in New Jersey and Delaware. A district of three square miles in Mercer county will, it is said, yield 20,000 baskets off of 22,000 trees in boaring order.

SWEET POTATOES.—Sweet potatoes have made their appearance in the Philadelphia market, and sell at one dollar and a quarter the basket, containing three pecks. It is said there will be an abundant crop of this excellent esculent.

Watermelons a la Mode.—As the melon season is now in full blast in our borough. one of the neatest modes of serving up a fine, fresh Watermelon, is as follows: Plug a hole in the melon, so that some of its watery contents may run out, then pour into it some fine port wine or some claret, place it on ice for two hours, so that the wine may not escape therefrom. Next close the hole and send the whole batch to us.

The basement of the New Reformed Church of this place is up, and the window frames of the principal story are set. As the walls of this fine building gain in beight, it improves in appearance, and we have no doubt that by the time it is finished, it will be one of the finest churches in the interior of Pennsylva

The folks that visited the Cold Springs, last week, were highly pleased with the kind reception and entertainment received from their host and hostess at the Springs. It could not have been otherwise. The excursionists had a slight difficulty about the railroad fare, which, however, was owing to a misunderstanding, and no bones were broken. We understand that another excursion is to be got up, in which a large number will participate, and for which final and definate arrangements will be made before start-

The Editor of the Reading Times, recently in attempting a carriage ride from Eph rata to Reading was obliged to use three vehicles. The first upset and spilled him out; the horses run off and the vehicle was broken. He engaged another, to which precisely the same accident happened. COUNTY SUPERINTENDENT .- Mr. Henry Houck, of this borough, has been appointed County Superintendent of Common Schools of Lebanon county, for the unexpired term of F. Phillips, deceased. Mr. Houck will make a good Superintendent. SHERIFF SALES .- Mr. George B. Houck, Auctioneer, sold last week, for the Sheriff, the following properties, viz :-Wm. M. Missemer's 2 story brick house and lot, in Schefferstown, to John Smith, for \$1210; Daniel Peter's lot in Lebanon Borough, to Jos. Bowman, (Treasurer,) for \$222; Fred. Schoeder's two-story frame house and lot in N. Lebanon, to John Schreeder, for \$303; Anthony J. Arnold's two-story frame house and lot in Lebanon, to John W. Mish and. John Seigrist, for \$651: Lot of same in Arnold's Addition to N. Lebanon borough, to Isreal Shieffer, for \$152; Josiah D. Dehuff's brick house and two lots of ground, in N. Lebanon borough, to John Allwein, for \$2535; Frame house of same, in Lebanon, to A. Lehman, for \$459 89; Frame house of same, in Lebanon, to J. Arnold, for 448; John Stouffer, for \$2675.

Fried Potatoes.—How few cooks know how to fry potutoes. There is nothing so easy to got and yet so palatable for breakfast, with a thick, tender beef-steak, or a mutton chop fizzing from the grid-iron. To fry raw potatoes properly, they should be pared, but lengthwise into slices an eighth of an inch in thickness, dropped into a pan over the fire, containing hot beef drippings, turned frequently, nicely browned all over but never burned. The addition of a little salt and pepper, while in the pan, and a little flour dredged over them, is an improvement.

CAMP MEETING .- The Evangelical association will commence a Camp Meeting ou Monday, the 22d inst., in the woods of Mr. Israel Light, about 2 miles north from Lebanon.

We paid a visit to our County | Jail last week, and shall say, very moderately a low words thereof. Of old and delapidated buildings it stands No. 1 in this county. It is insecure-in fact utterly useless-for the purposes of a prison, and as a residence for the Sheriff of Lebanon county it is a gloomy, uncomfortable, crusty, dirty old hole, a disgrace to the community. There are but three rooms in the rookery that can be used for prisoners, into which must be crowded, miscellaneously, men and women clean, and lousy, drunk and sober, white and black, tried and untried. The walls are so crumbly that any man coald bore a hole through them at any place in half an hour, and at some places in the yard rents are almost ready open for the egress purchased in Middletown with one of the notes. of those desiring to creep out. The Lebanon county Agricultural Society met on Monday in the Court House .-The attendance was very large. Proposals from the Bands of the County for playing at the Fair were received. The Perseverance Band of Lebanon was engaged for \$100, their bid, according to the number of men, being the lowest. On motion the Treasurer was directed to employ proper perons to sell membership tickets, and to make an allowance of five per cent to the sellers on all sold.

It is simple, yet efficacious, and it is claimed for it that no blood purifier has yet been discovered which does its work so effectually .-Every person afflicted with any of the diseases named in the adrertisement, should at once go to one of the Agents and get a Circular, read it carefully, and then give the Medicine a trial. *

COUNTERFEITERS. -A. T. Green. keeper of a tavern at Highspire, Dauphia county, and a young man giving his name as Cann, were arrested at Junestown, this county, on Monday a week for passing counterfeit notes on the John Shank's Brick house in Palmyra and tract Harrisburg Bank. On searching them it was of 8 acres of land in Londonderry township, to found that they had about four hundred dollars in counterfeit fives on the Harrisburg Bank, about fifty dollars on a Western Bank, and some fives on the Cecil Bank, Maryland, and about seventy dollars in good money. Green and Cann, who represents himself as being from Ohio, were arrested by Mr. John Beck, a constable of Jones-

town. They were brought to the Lebanon prison and given into the hand of Sheriff Hauck. On Monday afternoon, Cann called upon Mr. F. K. Swartz, of Harrisburg, and wished to hire horse, stating that he would want him for about three or four days. Being a stranger to Mr. Swartz, he brought Green with him as security for the safe return, and pay for the animal .-After the arrest of the party, Dr. Barry, of Jonestown, took the horse and buggy safely and deliv-

ored it over to Mr. Swartz. The engraving of this counterfeit is generally dark and heavy, a good deal of a lithographic aspect; and it can easily be detected by caution; as the original is a remarkably fine specimen of steel engraving. The signatures of the President and Cashier are clumsily done-particularly that of the Cashier. The central large figure 5 is chimney on the left at the letter E is very dark. The cattle and female figures on the right end are coarse. There are two or three horizontal flourishes above and a little to the left of the letter C in the genuine, which are wanting in the

dark and scratchy.

[From the Harrisburg Patriot & Union.] Passing Counterfeit Money .- On Monday evening, a female, who gave her name as Ann I return my sincere thanks for your kind treatment to me and mine at your Sunday School celed in Middletown on a charge of ressing a few ed in Middletown, on a charge of passing a five dollar counterfeit note, of the Harrisburg Bank. She was taken before Esquire Stehman, and stated that she came from Harrisburg. Shortly afted that she came from Harrisburg. Shortly after, John Hyers, who is well known in Harrisburg, was also arrested, as an accomplice. Hyer had secreted in a cellar a pocket book, which vas found, and upon examination found to contain four five dollar notes on the Harrisburg Bank, all of which proved to be counterfeit. A bundle of calico was also found, which had been

It appears there has been a simultaneous effort on the part of the counterfeiters to put these notes in circulation. Attempts were made in Philadelphia, where several men were arrested and put under heavy bail; attempts were also made in Pittsburg, and no doubt in other places. The ofleast doubt but what there is an organized band of counterfeiters and "shovers," in this locality and we trust that these arrests may lead to the detection and conviction of the entire gang.

IMPORTANT TO FEMALES...Dr. Cheeseman's PILLS...The combinations of ingredients in these Pills, is the result of a long and extensive practice: they are mild in their operation, and certain of restoring nature to its proper channel. In overy instance have the Pills proved successful. They are certain to open those obstructions to which females are liable, and bring mature into its proper channel, whereby health is restored, and the pale and deathly countenance changed to a healthy one. No female can enjoy good health unless she is regular; and whenever an obstruction takes place, whether from exposure, cold, or any other cause, the general health immediately begins to decline, and the want of such a remedy has been the cause of so many consumptions among young females. Headache, pain in the side, palpitation of the heart, losthing of food, and disturbed sleep, do most always arise from the interruption of anture; and whenever that is the case, the Pills will invariably remedy all these evils. In all cases of nervous and spipal affections in the back and limbs, lowness of spirits, hysteries, &c. Nor are they less efficacious in the cure of Leucorthees, commonly called the "Whites." These Pills should never be taken during pregnacy, as they would be sure to cause a miscarriage. Warranted purely Vegetable, and free from anything injurious to life or health. Full and explicit directions which should be reach, accompany each box.

These Pills are put up in square flat boxes. Person residing where there are no agency established, by enclosing One Dollar in a letter. prepaid, to any authorised agent can have them sent to their respective addresses by return of mail.

Sworn statement of David M'Creary, of Napier Township, Bedford county:

In April, 1856, as near as I can remember, a small
pimple made its appearance on my lip, which soon became enlarged and sore I used poultiess of sorred, and
wash of bine virrol, without-effort. Finding the sore
extending, I called on Dr. Ely, of Schellsburg, who proneuroned it Canger. and prescribed a wash of sugar of
lead and brend p quitices. Finding these remedies of no
avail, I called upon Dr. Shaffer, of bavidville, Somerset
county, who also pronounced the disease Cancer, and
gave me internal and external remedies—the latter consisting principally of causties; but all to no purpose,
the disease continued spreading toward the nose. I next avail, I called upon Dr. Shaffer, of Davidville, Somerset county, who also pronounced the disease Cencer, and gave me internal and external remedies—the latter consisting principally of caustics; but all to no purpose, the disease continued spreading toward the no-c. I next used a preparation of arsenic, in the form of salve. This for a time checked the disease, but the indiammation suon increased. I next called upon Dr. Statler. of St. Clairs ville, Bedford county, who also pron unced the disease Cancer, and applied a salve said to be a never failing remedy, but it had no effect whatever in checking the spread of the sore. In December. of the same year, the disease had eaten away a greater part of my upper lip, and had attacked the nose, when I went to Cincinnati, where I consulted Prof. R. S. Newton, of the Electic Medical College. He pronounced the disease "nontaneous Cancer, superinduced by an inordinate ase of mercary." He applied mild zinc ointment, and gave mo in ternal remedies. My face healed up, but the inflammation was not thoroughly removed. In february, 1857, he pronounced me enred, and I left for h. ne. In April the disease again returned, and so violent was the pain that I could not rest at night! Late in May I returned to Cincinnati, and again placed myself under the charge of Dr. Newton, with whom I remained until Soptember during which time he used every known remedy, and partly stocceeded in checking the disease, but when I returned home there were still three dischasing ulcers upon my face. I continued using Newton's preparations, and also med icine that I got from Dr. Ely but the Cancer continued growing until it had cat of the left side of my nose the greater portion of my of the chek, and had attacked my left eye. I had given up all hope of ever be ing cared, since Dr. Ely said he could give relief but that a cure was impossible. In March, 1858, I bought a bottle of "Blo-d Searchor," but I must confess that I had no faith in it. I was very was twen I commenced taking it; but I found that
