Philadelphia.

"Dr. Hunten's Medical Manuel." The author of this work, unlike the majority of those who advertise to cure the diseases of which it treats, is a graduate of one of the best Colleges in the United States. It affords me pleasure to recommend him to the unfortunate, or to the victim of mal-practice, as a successful and experienced practitioner, in whose honor and integrity they may place the greatest confidence.

JOSEPH S. LONGSHORE, M. D.

From A. Woodward, M. D., of Penn. University, Philadelphia.

It gives me pleasure to add my testimony to the professional ability of the Author of the "Medical Manual". Numerous cases of Diseases of the Genital Organs, some of them of long standing, have come under my notice, in which his skill has been manifest in restoring to perfect health, in some instances where the patient has been considered beyond medical aid. In the treatment of Seminal weakness. or disarrangement of the functions produced by Self-abuse, or Excess of venery, I do not know his superior in his profession. I have been acquainted with the Author some thirty years, and deem it no more than justice to him as well as a kindness to the unfortunate victim of early indiscretion, to recommend him as one, in whose professional skill and integrity they may gafely confide themselves.

AFFLICTED READ!!

THEADELPHIA MEDICAL HOUSE.—Established twenty two years ago by Dr. KINKELIN, corner of Third and Union streets, Philadelphia, Pa.

TWENTY-TWO YEARS?

Experience has rendered Dr. K. a most successful practitioner in the cure of all diseases of a private nature; manhood's debility. as an impediment to marriage; nervous and sexual infirmities, diseases of the skin, and those arising from abuse of mercury.

TAKE PARTICULAR NOTICE.

There is an evil habit sometimes indulged in by boys, in solitude, often growing up with them to manhood; and which, if not reformed in due time, not only begets serious obstacles to matrimonial happiness, but giver rise to a series of protracted, insidious, and devastating affections.

Few of those who give way to this pernicious practice.

serious obstacles to matrimonial happiness, but giver rise to a series of protracted, insidious, and devastating affections.

Few of those who give way to this pernicious practice are aware of the consequences, until they find the nervous system shattered, feel strange and unaccountable sensations, and vague fears in the mind. [See pages, 27, 28, 29, of Dr. K.'s book on "Self-Preservation."]

The unfortunate thus affected becomes feeble, is unable to labor with accustomed vigor, or to apply his mind to study; his step is tardy and weak; he is dull, irresolute, and ongages even in his sports with less energy than usual.

If he emancipate himself before the practice has done its worst, and enter matrimony, his marriage is unfruitful, and his sense tells him that this is caused by his carly follies. These are considerations which should awaken the attention of all who are similarly situated.

REMEMBER,

He who places himself under Dr. KINKELIN'S treatment, may religiously confide in his honor as a gentle man, and rely upon the assurance, that the secrets of Dr. K.'s patients will never be disclosed.

Young man—let no false modesty deter you from making your case known to one, who, from education and respectability, can certainly befriend you.

43- Dr. KINKELIN'S residence has been for the las twenty years at the N. W. Corner of THIRD AND UNION streets, Philadelphia, Pa.

PATIENTS AT A DISTANCE
