Our "better half" acknowledges the reception as a present, of the splendid boquet of natural flowers on exhibition at the Fair, constructed by Miss Mary A. Heilman, of North Annville. It is tastefully put together, and was the admiration of all, receiving, as it fully deserved, a diploma.

The only accident that occurred during our Fair was the collision of two vehicles on the course, by which the sulky of Mr. John doubt, also to themselves. Immel was upset and broken. Mr. Immel was pitched out but not seriously hurt.

The gamblers were about at our fair in numbers, but their operations were nipped in the bad, by the interference of our constable. They vamoused, we trust without having made

The flying-horses also were in full blast, and

doing a pretty thriving business. Tom Thumb and the little woman only "so high," and the Green Turtle attracted the attention of outsiders. Inside the "soap man" and anybody would listen, or, properly, buy.

The addresses delivered by Hon. Judge Watts, of Carlisle, in English, and I. D. Rupp, of Swatara Colleg ate Institute, in German, are said to have been practical and able, and we have no doubt, judging from the wellknown ability of both gontlemen, that they were so. But as we "missed" both, for which we felt sorry, we cannot notice them as extendedly as we should have desired.

North Lebanon, presented us with his big turnipred boat, which he had on exhibition at the fair, and which we believe drew the premium. It measures 291 inches in circumference and weighs 9ths 1 oz. Its a whopper and will keep our family in "red drop" for a week at least.

At the State Fair, at Philadelphia, last week, the reporters had a tent especially erected for their use; and all the facilities for writing and reporting were so fully extended to them, that the Philadelphia papers of Friday notice the handsome What-not made by Mrs. Rev. moraing, already containing the Premiums award- Miller. From the information we can obtain, at this early day, there were altogether about 1900 Family Tickets and 3000 Single Tick- many of our farmers, who did not know what it ets sold for our fair, amounting to about \$2650. The rent received from various sources was about for. We allowed that it might do for buckwheat \$200 additional, making a total of receipts of \$2850. This sum will be sufficient to pay all the expenses contracted this year, as also the debt of near \$1000 left over from last year for lumber.

A drover, named Getz, was pretty severely squeezed, on Wednesday last at the Depot, in attempting to pass between two cars .-He was severely but not dangerously injured.

The farm of Messrs. Jacob L. & John M. Bowman, in Londonderry, (advertised in our columns,) containing 110 Acres, was sold to Mr. John Funck, of N. Lebanon, for \$114 per acre, or \$12,540.

The Second Annual fair last week, was one grand success. The weather was all that could have been desired by the best friends of the Society-pleasant in the extreme. On Wednesday, at the opening of the Fair, the pretty large crowds. From early morning they mass of human beings, there congregated. in Pennsylvania, not even excepting the State ing at all is worth doing well, is a well settled principle with our people, and it "sticks out" in everything that is undertaken. When the worthy President of the Fair, Hon. Wm. Rank, and his colleagues, the Vice Presidents, Secretaries, Treasurer, Executive and Arrangement Committees, accepted the positions to which they were elected, they implied that they would attend to the duties falling to them respectively, and it was a matter of honor and of conscience with them to carry it through with flying colors. They did so to the full satisfaction of the public, and, no

The display of articles on exhibition was very full and fine. Among the Agricultural Implements we take pleasure in noticing the large number and variety exhibited by the Messrs. Major of this borough. The were many other Implements there worthy of especial notice, but we cannot specify particularly, and refer the reader to the detailed account in another column.

The stock on exhibition was not as full as desirable, although what was there was of unusual good quality. The cattle entered by Wm. Coleman, Esq., of Celebrook, is hard to boat. Our farmers will no doubt do better in this departthe "pain extractor" continued vending their ment next time. The fruit department was well filled, in fac too much so for the proper display of the articles as well as for the satisfaction of the visitors .-Time would not allow a full examination by any one withoutinconveniencing hundred of others. In this department, as well as in several others, our friends from Heidleberg, as well as the south eastern section of our county generally, exceeded expectation. And without discriminating in favor of any one we cannot forego the remark that our Our friend Henry J. Light, of friend, Dr. A. V. Bucher, is highly deserving of praise for the deep interest he took in the exhibi-tion. Many of the departments would have been John Dutweiler, Sorrel Horse praise for the deep interest he took in the exhibialmost devoid of interest had it not been swelled by his contributions, or the contributions of others impelled to exhibit by him. He was a A. V. Bucher, 1 black Horse, host in himself.

> In the Domestic Manufacture department the contributions by Mrs. Hunsicker, especially her A. R. Light, Horse, Homemade Linen Check, attracted notice. It Funck & Brother, Horse, used to be engaged in, a kind of industry now too much neglected. The large variety of all John Zimmerman, Dapple Gray Horse, kinds of needle and crotchet work on exhibition Samuel Houck, Bay Horse, made up for the former loss, and proves, that it is not industry that is lacking in the ladies of the present day, but that it is only turned in a differ-pater Shally, Bay Horse, ent direction. IMPORTANT TO FEMALES.—Dr. Cheeseman's PILLS.—The combinations of ingredients in these Pills, is the result of a long and extensive practice; they are mild in their operation, and certain of restoring nature to its proper channel. In overy instance have the Pills proved successful. They are certain to open those obstructions to which females are liable, and bring nature into its proper channel, whereby health is restored, and the pale and deathly countenance changed to a healthy one. No female can enjoy good health unless she is regular; and whenever an obstruction takes place, whether from exposure, cold, or any other cause, the general health immediately begins to decline, and the want of such a remedy has been the cause of so-many constamption's among young females. Headache, pain in the side, palpitation of the heart, loathing of food, and disturbed sleep, do most always arise from the interruption of nature; and whonever that is the case, the Pills will invariably remedy sll these evils. In all cases of nervous and spinal affections in the back and limbs, low-mess of spirits, hystories, &c. Nor are they less efficacious in the cure of Leucorrhoes, commonly called the "Whites." These Pills should never be taken during pregnacy, as they would be sure to cause a miscarriage. Warranted purely Vegetable, and free from anything injurious to life or health. Full and explicit directions which should be read, accompany éach box. IMPORTANT TO FEMALES .-- Dr. Cheeseman's which should be read, accompany éach box.

Those Pills are put up in square flat boxes. Persons residing where there are no agency established, by enclosing One Dollar in a letter, prepaid, to any authorised agent can have them sent to their respective addresses by setting of poil. return of mail.

DALLEY'S MAGICAL PAIN EXTRACTOR. In all diseases inflammation more or less prodominat —not to allay inflammation strikes at the root of disea— —hence an immediate cure. DALLEY'S MAGICAL PAIN EXTRACTOR,

d nothing clse, will allay inflammation at once, make a certain cure.

DAILLEY'S MAGICAL PAIN EXTRACTOR will cure the following among a great catalogue of di seases: BURNS, SUALDS, CUTS, CHAPES, SORENIPPLES, CORNS ILES, SCROPULA, GLOERS, PEVER SORES, PELONS, EAR ACH SALT RHEUM, BALDNESS, ERYSIPELAS, RINGWORM, BARBER SAIT RIEUR, BAIDNESS, Latisticals, "Industrial, Baidness, Baidness, Tittle, SMAL POX, MLSELS, RASH, &C. &C.:

To some it may appear incredulous that so many discusses should be reached by one article; such an idea will vanish when reflection points to the fact, that the salve is a combination of ingredients, each and every one applying a perfect antidote to its apposite disorder.

DALLEY'S MAGICAL PAIN EXTRACTOR

DALLEY'S MAGICAL PAIN EXTRACTOR
In its effects is magical, because the time is so short between disease and a permanent cure; and it is an extractor as it draws all disease out of the affected part, leaving nature as perfect as before the injury. It is scarcely necessary to say that no house, work-shop, or manufactory should be one moment without it.

No Pain Extractor is genuine unless the box has upon it a steel plate engraving, with the name of Heary Dalley, Manufacturer. oy, Manufacturer.
