PUMPKIN PIE.—As the pumpkin pie is the cheapest of all pies, and the season for them is now here, we publish the following recipe for making the same of grated raw pumpkins. Its taste is like the stowed pie, which all know how to make: Take about a tencupful of few years since as a street preacher died at Keograted pumpkin, one pint of good milk, one egg, kuk, Iowa, last week, leaving a fortune of \$150, cleaned out and kept in a cool pantry for several opposed to all churches, and believing the Gos days, and new pies baked each day if you wish, with little trouble.

The celebrated "Burger Opera Troupe" has arrived, and will give, one of their entertaining concerts at the Court House, on this (Tuesday and Wednesday evening.) November 1 and 2. Mr. Henry Enders and C. Vonbeber, two talented musicians, with whom many of our people are acquainted, are members of this troupe; which will guarantee a superior entertainment .--Tickets can be had at Waltz & Reedel's Book Store, J. L. Lomberger's Drug Store, J. J. Blair's Jewelry Store, D. S. Raber's Drug Store, and at the door. Admission 25 cents.

The announcement published several weeks ago that Mr. Cullen, President of the Reading Railroad, intended resigning his position and going to Europe, is contradicted .-He will neither resign nor go to Europe. In the event of the withdrawal of Mr. C., from the Rending road, the latter would certainly be the looser. Under Mr. Cullen's Presidency the road has been most admirably managed, both for the advantage of the public and the interests of the stockholders.

Madame Jackson, the noted female pedestrian, will commonce in the Town Hall. this evening, a walk of seventy two hours without sleep or rest. See advertisement.

STOLEN GOODS FOUND .- On Wednesday afternoon, two negrous were found concealed in the stable attached to Davis's Washington House, in Seventh street, opposite the Depot, having in their possession a large bag, filled with plunder. On being discovered, they ran off, and made their escape, leaving the bag behind. On opening it, it was found to contain several pieces of fine black eloth, a pair of new gray cassimere pants, two vests, one unfinished, one old blue cloth coat, a new shirt, silk handkerchie, pair suspenders, let of shoe strings, pair of women's black gaiters, 16 pair children's shoes, and 17 pair women's muraceo shoes; also a pair of seissors, 18 keys of different sizes, two steel hooks for picking locks, of different sizes, two steel hooks for picking locks, two places of steel for the same purpose, pencil, matches, &c. The clothing is doubtless that which was stelen from the tailor shop of Wm. A. Klopp, in Stouchsharg, on Tue-day night. The shoes probably belong to Mr. J. H. Wenver, of Lubratan, whose shoes tere was rabbed on Monday night of a quantity of goads. These nearly night of a quantity of goads. grous have, no donot, been the perputrators of ser-aral of the auto-grous burglaries that have occurred in the neighborhood of Reading during the phia. last two or three menties. It is a great pury that they escaped, and we hape the Police will yet get upon their track .- Reading Genette.

The shoes found as above mentioned did belong to Mr. Weaver, who obtained respossession of them. Six or eight pair of shoes are still missing, but under the circumstances, Mr. Weaver is satisfied by obtaining what he did. It is a pity that the sommps escaped.

The long winter evening are now at hand, when out-door amusements are prevented by the severity of the weather. Young men should see the time thus given them is not idled away, but endeavor to improve themselves in Knowledge and happiness. As one of the means for the attainment of those desirable qualities we suggest Literary or Debating Societies,-There are two such Institutions in this place, and the young men, of our town are earnestly invited to become members. The advanced in years also are desirable acquisitions, and it is hoped that the meetings of both Societies will be overprowded with members and visitors during the present season. Our friends in the surrounding villages should also establish such associations if they have not done so already. We shall be pleased to aid them, by the publication of their proceedings. Let there be an enthusiasm and competition in this matter got up in our county. There can be no harm done and a vast deal of good may flow from it. Every village of the county should have a flourishing institution of the kind.

Sheriff Hauck sold the farm of Mr. Samuel Ecter, in Londonderry township, known as the "Sawyer" farm, at \$39.58 per acre. May, 1858. They might as well have done it on It contains 225 acres. Mr. Goo. Tice was the

purchaser. LIBERAL DONATION.—Mr. James Lick, formerly of Lebanon county, and one of the California pioneers, we see by the Alta Culifornian, has recently denated a lot worth \$10,000. in San Francisco, to the Society of California Ploneers. The same paper states that other. wealthy members of the society will follow the lead of Mr. Lick, and make handsome donations to the society.

THE PORK CROP. -The pork reisers will now begin to turn their attention in earnest to the accumulating of fat upon the ribs of their pets. With an abundance of corn this season, there is no reason, why the pigs should not swell out to the largest dimensions, and increase to the most respectable dogree of futness. The endeavor to raise the heaviost swine is a wise ambition, for it leads to an abundance of pork, big hams, well-filled lard firkins, and a superfluity of sausages. Who does not appreciate such a bless-

FRED. DOUGLASS GONE TO CANADA .- It is understood that U.S. Attorney Ould of Washing-ton, and other federal officers were here yesterday ton, and other federal officers were here yesterday, and it is supposed they came hither for the purpose of arresting Fred. Douglass for his alleged participation in the organized scheme against the Slaveholding States, of which the Harper's Ferry insurrection was but one of the appointed results. Such being the prevailing impression, we have taken a little pains to inquire whether Fred is likely to be gaught; or whether he has pleased is likely to be caught; or whether he has placed bimself beyond the jurisdiction of the officers supposed to be in quest of him. We are told that he is "safe;" or in other words, that he is already outside of the United States. This information may be true, since it is so easy a matter to go from Rochester to Canada, either by Buffalo or Ningara, or by other routes.—Rochester Demo-crat, Oct. 26.

It would be no easy matter to put one's finger. on a dull number of this famous periodical, and when we announce, as we do now, the publication of a new number, the reader may look for at least one paper the perusal of which will be well worth his while. We have no intention to canvass the different articles in the present issue, which offer the usual variety; but we cannot refrain from calling attention to, and soliciting a doah. careful perusal of the abstract from Capt. Traversing districts before untrodden by the white man, that officer, having entered Africa on the shell, containing fifteen passengers from east coast, worked up to the northward and westward, to the Mountains of the Moon, and in their vicinity has discovered a vast lake or inland sea, would be killed by the explosion, tickto which he has given the name of Victoria Nyto which he has given the name of the man of is the long-sought FOUNTAIN OF THE NILE. ARREST OF CAPT. JOHN E. COOK. The circumstances of the arrest of this notorious individual are as follows: -Mr. Clagget Fitz hugh was in the woods hunting, near the Mount Alto Iron Works, about fourteen miles from Chambersburg, Pa., on Wednesday last, when be ry, has since died of his wounds. He was bur-riedly buried in this State by fugitive slaves.— he could obtain semething to eat. Mr. Fitchugh at once suspected the man to be Cook; but without questioning him, the conducted him to the cust a melancholy gloom over all that were achieve of Mr. Daniel Logan, where supper was provided for him. Mr. F. gave Mr. Logan to understand his suspicious, which were strengthened by the man's demeanor, and sundry inquiries early love, the partner of his bosom. He was immediately put into a wagon and taken to Chambersburg. After his arrival he was committed to await a requisition from the Governor of Virginia.

Much misery is undoubtedly produced by the prevalence of incorrect notions as to the causes of disease and premature decline in youth, and a consequent indifference as to the treatment and a consequent indinerence as to the treatment and results of the moladies produced by early in-discretion. The subject however, which is all important, is fairly and candidly commented up-on in an interesting little work, entitled 'Nature's Quide," by Dr. A. R. Kinkelin, of Philadelphia, Pa. It is full of salutary warning and practical information, all conveyed in pure and delicate language. The afflicted may console themselves with an assurance that there are remedies for their suffering and affliction.
