no The Detersive Soap, adverr tiseed in another column, we have tried, and can recommend it as a tip-top article. Housewives should give it a trial. Some one not overly clean cabbaged two pieces out of a box of the article we received from Philadelphia. We hope it may have been instrumental in making him clean.

Our old friend Col. Carmony assumed the sole proprietorship of the National Hotel, Race street, Philadelphia, on the 1st of August last. During a visit to the city, last week, we took occasion to notice the evident prosperity of the Colonel. His table is no doubt the best in the city, and although the business for the season is slacking off, we were astonished to see the immense number of people carrying off the eatables. We look upon the National in every particular as the No. 1 House in Philadelphia Always finding plenty of Lebanon county folks there, is also a great inducement for visitors to Philadalphia from this section to stop there.

Mr. Strickler's New Steam Mill was put into operation on Friday last. The shrill engine whistles gradually increase in number in this locality, evidencing that business and prospority are still upward and onward in Labanon.

Col. F. H. Ebur, has commenced the Baking business at his father's old stand in Cumberland street. He has also fitted up his Confectionary Store anew, and hopes, that by constantly keeping a fresh stock on hand, and by promptness and attention to business, to receive a share of public patronage.

Our neighbor, Mr. Young, of the Libanon Demokrat, sustained a serious loss a few days ago, in being robbed of his family coach. The thief certainly had not the fear of either human or divine laws before his eyes when he committed the extraordinary crime. Robbery under any circumstances is bad enough, but to despoil a printer-Brown's trebble crime was no circumstance in comparison. A liberal reward will be offered for the arrest of the thief and the recovery of the property. The thief may be known by the mark of Cain on his brow, and the "family coach," by its having but one wheel, and is propelled from behind by two-legged man power, instead of in front by outs power. The coach is familiarly termed "wheel-barrow."

Caution to Gunners.—At this season of the year, when sportsmen are daily pursuing their pleasures, we hear of frequent accidents resulting from the careless manner in which some carry their fowling pieces. In almost every case, these result from the dangerous practice of keeping the hammer down upon the percussion onp. It is too plain to require proof, that a very slight blow upon the back of the hammer in such circumstances will fire off the gun; and yet threequarters of the gunners have an idea that such is the safe way to carry a loaded gun. It is much more dangerous than the full cock. The only safe way is to keep the gun half cocked while riding or handling out of the field. It is so improbable that anything should draw back the hammer and pull the trigger at the same instantthat it may be called practically impossible that a gun should be fired off unintentionally, when thus secured. Why will not people use a little common sense, and save what few brains they

CORRECT SPEAKING.—We advise all young people to acquire, in early life, the habit of using good language, both in speaking and writing, and to abandon as early as possible, any uso of slang phrases. The longer they live, the more difficult the acquisition of correct language will be; and if the golden age of youth, the proper senson for the acquisition of language, be passed in its abuse, the unfortunate victim of neg lected education is, very properly, doomed to talk slang for life. Money is not necessary to procur this education. Every man has it in his power He has merely to use the language which be reads. instead of the slang which he hears; to form his taste from the best speakers and poets of the country; to treasure up choice phrases in his memory and habituate himself to their use-avoiding at the same time, that pedantic precision and bombast, which show rather the weakness of a vain. ambition than the polish of an educated mind.

The brick house and lot on vears. Chestnut street belonging to the estate of Henry Dubbs, deceased, has been sold to Mr. Henry reason court the other day. A jury were to return Miller for \$950.—The house and lot of Mr. Cyrus Snavely, on Market street, was sold on Monday, to Mr. Emanuel Meily, for \$1500 .-Mr. Henry Zimmerman has soldhisform in Corcwall township, containing 124 acres, to Dr. Schneck, at \$100 per acre.

The good people of Fredericks burg, were highly pleased with the military display, at their place on the 29th ult. Quite a number of companies were in attendance. The battalien was formed by Capt. Fauber, of Jonestown, and commanded by Capt. Earnst, of Fredericksburg. Brigade Inspector Wm. Tice of Myerstown, inspected the Battalion. Gen. Urich was also in attendance, in accordance with whose order the battalion met. Gen. Urich takes great pride in the prosperity of our citizen soldlery, and if, during his term of office, the military spirit is not kept in activity, it will not be his fault. He is well fitted for the position he

holds. At a meeting of the Myerstown Dragoons, held on the . Sist ult., at the public house of George Leininger, in Myerstown, the following gentlemen were elected to fill the vacancles in said com pany, occasioned by the promotion of Gen. The Report is again current that Philadelphie is named as his probable successor. Mr. Hirst would be a competent successor, and in the case of Mr. Cullen's retirement we know of no man we would rather see in the position than Mr. Hirst.

A REMINISCENCE. -- About 30 ears ago an abolition lecturer made his appearance in Lebanon, and proposed to give vent to his ideas in the old Market House, then on the southside of Cumberland. The feeling engendered among the principal citizens of the place became so strong against the lecturer, that he denamped, barely escuping a coat of tar and feathers. Then, the sentiment on the subject of slavery was a healthy one. The people of Pennsylvania were clad that they were rid of the "relic," and content to mind their own business .-Now, in the estimation of the opposition party, negro. Presidents, Governors and all other offi- Republicanism." A candid admission! cials are tested by their love for the negro, while the interest of the white laboring men and mechanics of the country are kicked to the bow- on the 16th of April next.

Adam Haak and several friends vere out on a Deer Hunt, several days' ago, at the Cold Springs, Lebanon county. A singular case occurred in a San Frana verdict; but it appears one of the jurors, Julius Levy, was absent. He was sent for and found at a Jewish Synagogue; but on being asked to come into Court, refused on the ground that it was the day of atonement, the most important in his religion, and he could not conscientiously allow any business to interfere with it. The Court fined him \$25 for contempt, and ordered that he stand committed till the fine shall be paid.

The masses have already ratified the judgment of a physician, concerning the virtues of HOSTETTER'S BITTERS as may be seen by the immense quantities of this medicine which are annually sold in every section of the land. It is now recognized as greatly superior to all other remedies yet devised for diseases of the digestive organs, such as diar-rhea, dysentery, dyspepsia, and for the various fevers that arise from derangement of those portions of the system. Hostetter's name is rapidly becoming a household word, from Maine to Texas, from the shores of the Atlantic to the Pacific.

MR. BEECHER ON NEWSPAPERS .- Rev. Henry MR. ISECHER ON ARWSPAPERS.—Rev. Henry Ward Beecher says of the "item column" in the newspapers, that it "is worth more than all the small fry of correspondents, with an editor thrown into boot! Like a caravait, it stretches along its column, with packages and parcels, spices and gums, bits of fragrance or cunningly wrought metals, gathered from the whole world besides." This is especially true where the column contains frequent references to the gaments made at the Brown Stone Clothian Hall of Rockhill & Wilson, Nos. 603 and 605 Chestnut street, above 6th, Philadelphia.

### HOSTETTERS STOWACH BITTERS.

The proprietors and manufacturers of HOS-TETTER'S CELEBRATED STOMACH BIT-TERS can appeal with perfect confidence to physicians and citizens generally of the United States, because the article has attained a reputhion heretofore unknown. A few facts upon this point will speak more powerfully than volumes of bare assertion or bl-zoning puffery. The consumption of Hostetter's Stomach Bitters for the last year uncunted to over a halfmillion bottles, and from its manifest steady increase in times past, it is evident that Curing the coming year the consumption will reach near one million bottles. This immense amount could never have been sold but for the rare medicinal properties contained in the prepara-tion, and the sanction of the most prominent physicians in these Beetiens of the country where the article is best known, who not only recommend the Bitters to their patients, but are ready at all times to give testimonials to its efficacy in all cases of stomachic devangements and the diseases resulting therefrom.

This is not a temporary popularity, obtained by extraordinary efforts in the way of frum-peting the qualities of the Bitters, but a solid estimation of an invaluable medicine, which is

destined to be as enduring as time itself.

Hostetter's Stomach Bitters have proved a Godsend to regions where fever and ague and various other bilious compaints have counted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsia and like diseases, is to the proprietors a source of unalloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, and imparts renewed vitality to the nervous system, giving it that tone and energy indispensable for the restoration of health. It operates upon mildly but powerfully, and soon restores them to a condition essential to the healthy discharge

of the functions of nature. Elderly persons may use the Bitters daily as per directions on the bottle, and they will find' in it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonic, and rejuvenating generally. We have the evidence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stomach derangements and general debility; acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so harassing that many of them sink under the trial. The relation of mother and child is so absorbingly tender, that the mother, especially if she be young, is apt to forget her own health in her extreme anxiety for her infant. Should the period of maternity arrive during the summer season, the wear o body and mind is generally aggravated. Here, then, is a necessity for a stimulant to recupe rate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers generally prefer the litters to all other invigorators that receive the endorsement of physicians, because it is agreeable to the taste as well as certain to give a permanent increase

of hodily strength. All those persons, to whom we have particularly referred above, to wit: sufferers from fever and ague, caused by malaria, diarrhæa, dysentery, indigestion, loss of appetite, and all diseases or derangements of the stomach, superannuated invalids, persons of sedentary ccupation, and nursing mothers, will consult their own physical welfare by giving to Hostetter's Celebrated Stomach Bitters a trial.
CAUTION.—We caution the public against ising any of the many imitations or counter feits, but ask for Hostetter's Celebrater STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and

observe that our autograph signature is on the Prepared and sold by HOSTETTER & SMITH, Pittsburgh, Pa., and sold by all druggists, grocers, and dealers generally throughout the United States, South America, and Germany.

By Dr. Geo. Ross, D. S. Raber, J. L. Lemberger, Lehanon; J. C. Seltzer, Fredericksburg; H. D. Biever & Bro., Annville; Martin Early, Palibyra.
