

WEEN DEMOCRATIC PRINCIPLES CRASE TO LEAD, WE CEAS. TO FOLLOW."

WM. M. BRESLIN, Editor and Proprietor.

LEBANON, PA. WEDNESDAY, JANUARY 11, 1860.

Every one of the committee to try the contested seat of Col. Dufinterfered materially with the render- for Speaker, Mr. Sherman. Anti-Leing of an unjust decision.

DARN THE EXPENSE. The Legislature should place the above heading in large letters fully in view of every member. Capt. W. P. Brady has for many years been Assistant Sergeant-at-Arms of the Senate, but the pressure for office was so great that Mr. Brady was ousted, and a place. Then, Mr. Brady, who is also a member of the opposition, was elected an additional assistant Sergeantat-arms. Now, we do not object to Mr. Brady being retained in office if his services are indispensible, (and we believe he is a good officer,) but we oblect to his proper place being filled by another-it being useless and expensive. One or other of these of Whole number of votes ficers is uscless, and, we believe, without precedent, and not a trifling expense to tax-payers.

In Publishing the Tariff Speech of Mr. Killinger, the Courier says: "The sentiments of our representative will be heartily endorsed by all opponents of the present corrupt Locofoco National Administration." Now what are those sentiments .-

Let Mr. K. speak for himself: "The President had recommended a year ago in his message the substitution of specific for ad valorum dulies, in all cases where such substitu-tion could be made to advantage, and he (Mr. K.) was glad to see that the same recommendation was grad to see that the same recommendation was, in substance, renewed in the Message now on the table of the House. \* Let us have specific duties and we will built as an olive branch, betakening peace and harmony, and vouchsafing to us, and all our countrymen, blessings and beu-efits, innumerable and indescribable."

THE DUTCH GEESE. - There goes the Dutchman of the old 'school' who was higher Court. walking slowly along the road. We asked for an explanation.

'Why, when the Yankees first began to settle here, he was joined by a slabsided one of em as he was picking up the quills that his geese kad dropped, in their chattering morning waddles, by the edges of an oblong pond at the roadside. Presently one of these Geese stretched out his neck at the Yankee, who started

and ran as if a mad dog was at his heels. "I dold him," said the Dutchman, "not to pe avraid; dat de geese woden't hurt nm any; but de geese did run after him, dough, clear over de hill, and none

kees. Mein gracious! its curious, dough ,dat de geese always went away, and didn't

come back any more.' The secret of that was, that the Yankee, who was so afraid of the Dutchman's geese, had thrown out kernels of corn, among which was one with a fish-hook attached. Once swallowed, the angry goose was soon in tow of the flying fugitive.

HOSTETTER'S STOMACH BITTERS.

The proprietors and manufacturers of HOSTETTER'S CELEBRATED STOMACH BITTERS can appeal with perfect confidence to physicians and citizens generally of the United States, because the article has attained a reputation heretofore unknown. A few facts upon this point will speak more powerfully than volumes of bare assertion or blazoning puffery. The consumption of Hostetter's Stomach Bitters for the last year amounted to over a halfmillion bottles, and from its manifest steady increase in times past, it is evident that during the coming year the consumption will reach near one million bottles. This immense amount could never have been sold but for the rare medicinal properties contained in the preparation, and the sauction of the most prominent physicians in these sections of the country where the article is best known, who not only recommend the Bitters to their patients, but are ready at all times to give testimonials to its efficacy in all cases of stomachic deraugements and the diseases resulting therefrom.

This is not a temporary popularity, obtained by extraordinary efforts in the way of trumpeting the qualities of the Bitters, but a solid

estimation of an invaluable medicine, which is destined to be as enduring as time itself.

Hostetter's Stomach Bitters have proved a Godsend to regions where fever and ague and various other bilious complaints have counted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsia and like diseases, is to the proprietors a cource of unalloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, and imparts renewed vitality to the nervous system, giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mildly but powerfully, and soon restores them to a condition essential to the healthy discharge of the functions of nature.

Elderly persons may use the Bitters daily as per directions on the bottle, and they will find in it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate. invigorating to the bowels, excellent as a tonic, and rejuvenating generally. We have the evidence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stomach de-rangements and general debility; acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so harassing that many of them sink under the trial. The relation of mother and child is so absorbingly tender, that the mother, especially if she be young, is apt to forget her own health in her extreme anxiety for her infant. Should the period of maternity arrive during the summer season, the wear of body and mind is generally aggravated. Here, then, is a necessity for a stimulant to recuperate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers generally prefer the Bitters to all other invigorators that receive the endorsement of physicians, because it is agreeable to the taste as well as certain to give a permanent increase of bodily strength.

All those persons, to whom we have particularly referred above, to wit: sufferers from fever and ague, caused by malaria, diarrhoea, dysentery, indigestion, loss of appetite, and all diseases or derangements of the stomach, superannuated invalids, persons of sedentary occupation, and nursing mothers, will consult their own physical welfare by giving to Hostetter's Celebrated Stomach Bitters a trial. CAUTION .- We caution the public against

using any of the many imitations or counterfeits, but ask for Hostettee's Celebrated STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

have been cured by its use. Many of them are desperate cases, and commend themselves to the attention of
those afflicted with any of the above diseases. The following certificate alone is selected, as carrying with it
the most indubitable eridance of the virtues of this wonderful medicine.

Sworn statement of David M'Creary, of Napier Township. Bedford county:

In Ap il, 1550, as near as I can remember, a small
pimple made its appearance on my lip, which soon became enlarged and sore. I used poultices of sorrel, and
wash of blue virtol, without effect. Finding thee sore
extending, I called on Dr. Ely, of Schellsburg, who proneunced it Cancen, and prescribed a wash of sugar of
lead and bread poultices. Finding these remedies of no
avail, I called upon Dr. Shaffer, of Davidville, Somerset
county, who also pronounced the disease Cancer, and
gave me internal and external remedies—the latter consisting principally of caustics; but all to no purpose,
the disease continued spreading toward the nose. I next
used a preparation of arsenic, in the form of salvo. This
for a time checked the disease, but the inflammation soon
increased. I next called upon Dr. Statler, of St. Clairs
ville, Bedford county, who also pron unced the disease
Cancer, and applied a salve said to be a never failing
remedy, but it had no effect whatever in checking the
spread of the sare. In December, of the same year, the
disease had caten away a greater part of my upper lip,
and had attacked the nose, when I went to Cincinnati,
where I consulted Prof. It. S. Newton, of the Electic
Medical College. He promounced the disease "nacutanone Cancer, and applied a salve said to be a never failing
remedy, but it had no effect whatever in checking the
spread of the sare. In Dece Cincinnati, and again placed myself under the charge of Dr. Newton, with whom I remained until Sejttember during which time he used every known remedy, and partly succeeded in checking the disease, but whom I returned home there were still three discharging ulcers upon my face. I continued using Newton's preparations, and also medicine that I got from Dr. Ely, but the Cancer continued growing until it had eat of the left side of my nose, the greater portion of my aft check, and had at acked my left eye. I had given up all hope of over be ing cured, since Dr. Ely said he could give relief, but that a cure was impossible. In Murch, 1858, I bought a bottle of "Blood Sourcher," but I must confess that I had no faith in it. I was very weak when I commenced taking it; but I found that I gained strength day hy day, and also that the ulcer commenced drying up. I continued, and when the third bottle was taken my face was bealed as if by a miracle. I used a fourth bottle, and I have been healthier since than I lave been for the last seven, years. Although my face is sadly disfigured I am still gradefic to a bonigh Providence who has egat ed my life, and which has been done through the instrumentality of LINDSET'S IMPROVED BLOOD SEARCHER.

It is worth its arger ten times told—City Item. persons are invaded by it. To cleanse it from the system we must renovate the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in AYER'S

Compound Extract of Sarsapa-

the most effectual remay which the 'modifiat' skill of our times can devise for this everywhere prevailing and fatal malady. It is combined from the most active remotiles that have been discovered for the expurgation of this foul disorder from the blood, and the resour of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such it should be employed for the cure of not only scrould, but also those other affections which arise from it, such as Emprive and Shin Disasses, St. Anthony's Fire, Rose, of Estsperial Players, Publics, Budgers, Blains and Boths, Tubboes, Thtere and Sate Rebem, Scald Head. Ringworm, Kheumatish, Strumatic and Mercurial Disasses, Drofts, Distribation and indeed. All Complaints animates from Vitiated of Impered Blood. The popular bolief in "Impurity of the Blood" is founded in truth, for scroula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vi. tal fluid, without which sound health is impossible in contaminated constitutions.

Ayer's Cathartic Pills, For all the purposes of a Family

Physic,

Physic, are so composed that disease within the range of their action can rarely withstand or evade them. Their penetrating properties search, and cleanse, and invigorate every portion of the human' organism, correcting its diseased action, and restoring its healthy vitalities. As a consequence of these properties, the invalid who is howed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and inviting.

Not only do they cure the every-day complaints of every-body, but also many formidacle and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanar, containing cortificates of their cures and directions for their use in the following complaints: Costiveness, Heartburn, Headache arising from disordered Stomach, Nausca, Indigestion, Pain in and Morbid Inaction of the Bowls: Flatulency, Loss of Appetite, Jaunalice, and other kindred complaints arising from a low state of the body or obstruction of its functions.

Ayer's Cherry Pectorial, FOR THE RAPID CURE OF Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipent Consumption, and for the relief of Consumptive Patients in ad-

the relief of Consumptive Patients in advanced stages of the disease. So wide is the field of its usefulness and so numerous are the cases of its cures, that almost every section of the country abounds in pursons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried its superfority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and cangerous affections of the pulmonary organs that are incident to our climate. While many inferior roundies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotton.
