Finding the sore extending, I called on Dr. Ely, of Schellsburg, who promounced it CANCER, and prescribed a wash of sugar of lead and bread poultices. Finding these remedies of no avail, I called upon Dr. Shaffer, of Davidville, Somerset country, who daso promounced the disease Cancer, and gave me internal and external remedies—the latter consisting runcipally of caustics; but all the latter consisting runcipally of caustics; but all the latter consisting runcipally of caustics. gave me internal and external remodies—the latter consisting principally of caustics; but all to no purpose, the disease continued spreading toward the nose. I next used a preparation of arsenic, in the form of salve. This for a time checked the disease, but the inflammation soon increased. I next called upon Dr Stalter, of St. Clairs ville, Bedford county, who also pron uneed the disease Cancer, and applied a salve said to be a never failing remedy, but it had no effect whatever in checking the spread of the s.re. In December, of the same year, the disease had eaten away a greater part of my upper lip, and had attacked the nose, when I went to Cincinnati, where I consulted Prof. R. S. Newton, of the Electric Medical College. He pronounced the disease "acutanes" Medical College. He pronounced the disease "acutane-ous Cancer superinduced by an inordinate use of mer-cary." He applied mild zinc oforment, and gave me in-ternal remedies. My face healed up, but the inflamma tion was not thereaghly removed. In february, 1857, he pronounced me cured, and I left for h me. In April the discass again returned, and as violent was the pain that I could not rest at night! Late in May I re armed to Cincinnati, and again placed anyself under the charge of Dr. Newpon, with whom I renamed until September during which thin he used every known remedy, and partly succeeded in checking the discuss, but when I returned home there were still three discharging alleers upon my face. I continued using Newton's preparations, and also meaticine that I got from Dr. Ely, but the Cancer continued growing until it had ent of the left side of my nose, the greater portion of way oft cleak, each had at acced my left eye. I had given up all hope of over being curred, since Dr. Ely said he could give relief but that a cure was impossible. In March, 1808, I bought a bottle of "Blood Searcher," but I must confess that had no faith in it. I was very weak when I commenced taking it; but I found that I gained strength day by day, and also that the ulcer commenced drying up. I continued, and whon the third bottle was taken my face was healed as if by a miracle. I used a courth bottle, and I have been healthier since than I have been for the last seven years. Although my face is sadly disfigurer. I am still grideful to a bening Providence who has spared my life, and which has been done through the instrumentality of Liveser's Interover Blood Searcher.

HOSTETTER'S STOMACH BITTERS.

The proprietors and manufacturers of HOS-TETTER'S CELEBRATED STOMACH BIT-TERS can appeal with perfect confidence to physicians and citizens generally of the United sates, because the article has attained a reputation heretofore unknown. A few facts upon this point will speak more powerfully than volunies of bare assertion or blazoning puffery. The consumption of Hostetter's Stomach Bitters for the last year amounted to over a halfmillion bottles, and from its manifest steady increase in times past, it is evident that during the coming year the consumption will reach near one million bottles. This immense amount could never have been sold but for the rare medicinal properties contained in the preparation, and the sanction of the most prominent physicians in those sections of the country where the article is best known, who not only recommend the Bitters to their patients, but are ready at all times to give testimonials to its efficacy in all cases of stomachic derangements and the diseases resulting therefrom.

This is not a temporary popularity, obtained by extraordinary efforts in the way of trum-peting the qualities of the Bitters, but a solid estimation of an invaluable medicine, which is destined to be as enduring as time itself.

Hostetter's Stomach Bitters have proved a Godsend to regions where fever and and various other bilious complaints have counted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsia and like

diseases, is to the proprietors a source of unalloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, and imparts renewed vitality to the nervous system, giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mild y but powerfully, and soon restores them to a condition essential to the healthy discharge of the functions of nature. Elderly persons may use the Bifters daily as

per directions on the bottle, and they will fine in it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonic, and rejuvenating generally. We have the evidence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stomach de-rangements and general debility; acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so harassing that many of them sink under the trial. The relation of mother and child is so absorbingly tender, that the mother, especially if she be young, is apt to forget her own health in her extreme anxiety for her infant. Should the period of maternity arrive during the summer season, the wear of body and mind is generally aggravated. Here, then, is a necessity for a stimulant to recuperate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers generally prefer the Bitters to all other invigorators that receive the endorsement of physi-cians, because it is agreeable to the taste as well as certain to give a permanent increase of bodily strength.

All those persons, to whom we have particularly referred above, to wit: sufferers from fever and ague, caused by malaria, diarrhoea, dysentery, indigestion, loss of appetite, and all diseases or derangements of the stomach, superannuated invalids, persons of sedentary occupation, and nursing mothers, will consult their own physical welfare by giving to Hostetter's Celebrated Stomach Bitters a trial.

CAUTION .- We caution the public against using any of the many imitations or counterfeits, but ask for Hostetten's Celebrated STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the
