LEBANON, PA.

WEDNESDAY, JANUARY 13, 1860.

HOME AFFAIRS.

The Tobacco Store of Messrs. Barry & Anderson, between the Court House and Advertiser office, made a very narrow escape from destruction by fire, on Tuesday night of last week. The fire took place at midnight, among some boxes and rublish around the stove, although it is said that the fire in the stove was discovered and extinguished before doing very greaf injury. The loss was about \$100, insured in the Jonestown Company.

There was a special Court held last week in this borough, in which was argued the case of the Cornwall Ore mines. G. D. Coleman, Esq., filed a cross bill asking the Court to modify their former decree so as to pay the account between the parties for ores dug, in ore instead of money, and, in case of refusal, that a General Superintendent be appointed whose duty it shall be to superintend the working of the mines and adjust the amounts to be paid by the different parties. Mr. Reynolds appeared for Mesers, R. W. & W. Coleman; Mesers, McMurtrie and Wharton, of Philadelphia, for Mr. G. D. Coleman; and Mr. Franklin, of Lancaster, for Mr. Grubb. Judge Pearson will give his opinion this week.

Pursuant to notice, a meeting of the members of the Lebanon County Agricultural and Horticultural Society was held at the public house of John M. Mark, in Lebanon, on Tuesday last.

On motion, it was resolved that the Corresponding Secretary, Recording Secretary and Treasurer, shall each recieve \$25 for their service next

The room, however, Profits on the branch on this occasion was well filled, and the exercises of the most instructive character. We are told that the county has about one hundred and sixty teachers, of which number one hundred and twenty were in attendance. We doubt whether the toachers of any quanty have ever turned out so well, proportionably speaking. We were no less supportionably speaking. We were no less supportionably speaking. Zons and also directors and other friends of eduDuliness in the iron trade, and other difficuleation present. We have learned with pleasure that in a majority of districts the time was granted; this is as it should be. The Lecture of Rev. T. H. Robinson, on "Socrates and Dr. Arnold," on Thursday ovening was decidedly a rich treat, and was well received by a large and intelligent audience. On Friday evening Prof. Wickersham rivoted the attention of the audience for an hour and a half, with a practical address in which of the Legislature an act was eltained author. he spoke of the objections generally urged against izing this extension. After a careful survey the the Common School System, the duties which road has been located, and the right secured to citizens owe to the schools, and the importance of selecting competent teachers. Upon the whole, the Institute was a decided success, which proves that the cause of education is growing into public favor in our country and also that in the services of Mr. Houck, we have an active and efficient County Superintendent. We would be pleased to speak more particularly of the exercises which we witnessed, but space will not permit. We must, however, say in conclusion, that the character and talent of the Teachers of Lebanon county will stand in favorable comparison with any other similar body of individuals in the country. This opinion we formed while in attendance at the institute, our acquaintance previous having been but limited among them. They are generally young men, and as a body intelligent, and apparently dearly love their profession. There are many very good speakers among them-ready and comprehensive in debate and in the explanation of their modes of teaching. As Lebanon county is favored almost to excess, in many of the elements of prosperity and greatness, so is it also, in its noble body of instructors of the -xising generation.

Adam Grittinger, Esq., is proposed by some of the opposition papers for Governor. He is a gentleman of the old Simon Snyder, Francis R.
Shunk, and Jacob Fry, jr. school, and would make one of the very best Governors. But, unfortunately, the opposition seldom, if ever, take gentleman of that class as their candidates. Old political hacks, like Johnston, recreant democrats, while the seldom is the support of the subject of Reading was taken up by Miss Treemer. She illustrated her methods with several classes of her pupils, all of whom acquitted themselves with credit.

Exercises on the Elocutionary Chart were next taken up, and the teachers well drilled by S. like Wilmot, and demagogues, like Covede, are generally the men they pitch upon, while merit is placed in the back ground.

Messrs. Zimmerman & Brother intend opening a new store in the old stand of L. Zimmerman, in this borough, next Monday, January 23. One of the new firm, Mr. William Zimmerman, is now in the city purchasing an

entire new stock of Goods. Mr. John Albert has laid out a new village, at his Mill, on the Pinegrove, Lebanon, Myerstown and Wollaberstown roads, and named it Groon Village. The site is a fine one, on the Swatars, and near a good bridge. A erection.

We are requested to give notice that the se persons favorable to the fermation of a new Insurance Company on a Mutual Safety Plan are requested to meet in the Town Hall, on Saturday evening next, for the purpose of taking initiatory steps therein.
