INCIPLES CEASE TO LEAD, WE CEASE TO FOLLOW."

WM. M. BRESLIN, Editor and Proprietor.

LEBANON, PA. WEDNESDAY, FEBRUARYS, 1860,

CONGRESS ORGANIZED AT LAST. We take great pleasure in announcing to our readers that the opposition majority in Congress have at last awoke to a sense of their duty to the public, and, after two months of squabbling, organized the House by the election of Hon. Wm. Pennington, (Peoples' Party,) of New Jersey, Speaker; John W. Forney, of Philadelphia, (late Democrat,) Clerk; and Henry W. Hoffman, (Amerto reflect that they (the Republicans,) did not culiar disunion stripe, but had to content themselves to take candidates from the side organiza-

tions to succeed in defeating the Democrats. Although the Republicans were thus "brought down" from their high position, yet the power of Congress is in their hands, or rather in the hands of the opposition, and the Democracy are powerless. Pennington's sympathies are with the Republicans, and so are Forney's, and whatever leg. islation for good or for cvil is enacted, the Democracy will not be responsible therefor. The opposition will have the controlling influence on on any measure good or bad, they can pass or defeat it as they like.

The struggle ended on Wednesday, the 1st of February, by the election to the Speakership of the Hon. William Pennington, of New Jersey, by a majority of one vote. The whole number of votes cast was 233, making 117 necessary to a choice; and Mr. Pennington received 117, Mr. McClernand 85, Mr. Gilmer 16, leaving 15 votes scattered among several candidates. This result was brought about by a union of the straight Republicans (103) with the so-called "Peoples" Party" mon (8), viz: Messrs. Briggs, Carter, Millward, E. Joy Morris, Nixon, Stratton, Verree, and Wood; 5 of the so called Anti- Lecompton Democrats, viz: Messrs. Adrain, Haskin, Hickman, Reynolds and Schwartz; and 1 Southern K. N., Henry Winter Davis, of Maryland .--Briggs, of New York, who is classed with the "Peoples' Party," but who declared himself a "National American," was the last to hold out ballot, he voted for Mr. McClernand, the Democratic candidate, in return, as he said, fer the generosity of the Democrats, in voting for the candid to of his party, Mr. Smith; but when it was ascertained that only one vote was needed to effeet a choice, he changed his vote to Mr. Pennington, and thus elected him. The Speaker elect was conducted to the Chair by Messrs. Bo. cook and Sherman, and after a brief address of thanks to the House, was sworn in by Mr. Phelps, of Mo., the oldest member of consecutive session.

On Friday the House proceeded to the election of Clork and Sergeant at Arms. Mr. Forney was elected Clerk on the first ballot, and Mr. Hoffwas effected by the votes of all present who had exception of Mr. Davis of Maryland.

Mr. Hoffman, of Maryland, the Sergennt-at-Arms, also received the votes of the Republicans Stokes, Hatton, and Smith, of North Carolina, voted for Mr. Underwood.

candidates for Doorkeeper and Postmaster.

THE IRREPRESSIBLE CONFLICT. It is that the North must combine as a sectional party, and carry on the agitation so fiercely up to the very borders of the slaveholding States, childern, before morning. It is to surround the and you will soon reach that point where the soil die out by starvation. That is the policy-hem them in, and starve them out. Do as the French did in Algeria, when the Araba took to the caverns-smoke them out, by making fires at the menils of the caverns, and keep them burning unt'I they die. The policy is, to keep up this agitation along the line; make slave property insecure in the border States; keep the master constantly in apprehension of assault, till be will consent to abandon his native country, leaving his slaves behind him, or to remove them further South. If you make Tennessee the border State, and begin the same operation upon her

STILL MORE OFFICES .- The opposition are great on offices. Neither do they let the opportunity slip in the hey-day of their power. As these existing are pretty nearly all filled at present, and the applicants still thick as leads shouting for more, they proceed leisurely to create them. Mr. Smith, of Philadelphia, opposition, introduced a bill last week into the Senate, providing for a general Banking Law, and for a Superintendent of Banks, with a salary of \$3.000 per year, to reside in Harrisburg, and to be assisted by three clarks, who are to receive-the first, \$1,500 per annum, and the other two, \$1,000 per annum.-The basis of circulation and discount is United

Stories: One woman was observed at one of the upper windows, beseeching some one to come to her rescue, but in a short time she disappeared, and that was the last seen of her. Sergt. Armount succeeded in rescuing a little girl, and, in coming out, fell overthe body of a woman, lying in the last.

have upon their own party friends, who will naturally ask themselves, "have we no men in our party, old workers in the cause, who are fitted for and deserving of the best offices in our gift, but must we always take recreant democrats, such as Tay

Another view of this matter, and it is this .-Col. Forney's assumption of Democracy is now at an end. For upwards of two years' he has maintained himself, and been of infinite service to the opposition, by wearing the cloak of Democracy. It must now be thrown aside, and he must assume his place in the ranks, or rather among the leaders, of the opposition. He has crossed the Rubican, but we are confident that thousands of those whom he has been marshaling up to its \$18,000. toan,)] of Maryland, Sergeant-at-Arms. The banks, will now shrink back, and rejoin the true Helper-book endorsing Sherman, had to "clear democracy. They have been passing through a the track," as also had the overbearing and arrogant Republicans. It is notable and consoling be received, as wanderers returning to their old bomes. That "Anti-Lecompton valley" has rusucceed in electing a single candidate of their poson of the leader has now met its reward, and we on Oil creek, for \$30,000. trust there are none in this locality who will hereafter seek for an exposition of true democracy from the columns of the Press or from its editor, unless they desire to land in the same ranks with-

out any reward. The pretonsions of Col. Forney and his Licutenants Hickman, Haskin, Swartz and Company, that they alone are the true democracy, are now entirely dissipated. How could they, if they were such, vote with the Republicans and accept office at their hands, if it even would spite a "boall the Committees, and if they choose to combine gus Democracy?" If either had a "drop of Democratic blood in his veins," they would rather have stood proudly and aloof, and endeavored to bring back the straying, and surrounding themselves with the erring coherts of that powerful party, instead of making common cause with the deadliest enemies of its Constitution and Union loving principles. Even if the men of the Democracy displeased them, they should not pursue such a strange way of viridleating its princi-

But, if the opposition have cause for rejoicing in the election of Col. Forney, because it will spite the Democracy, we too have cause in another particular, to be glad. Col. Forney was Clerk once before, and we believe it was generally admitted that he was fit for the position. If he was fit for it then he may be now, and thus the of fice will be filled by a fit man, which would not likely have been the case if an out and out Republican had been elected to the position, as it is not often they put fit men of their own into office .against the Republican nominee. On the last Thus, if they had to go to the recreant Domocrats to find a man to fill the best office in their gift, and if that man is Col. Forney, we are satisfied. They could do no better.

RUMORED ATTEMPT TO BLECT A U. S. SENATOR.

SENATOR.

A correspondent of the Pittsburg Post, a portion of whose letter we publish below, gives expression and plausibility to a rumor which has prevailed for some time, to the effect that the Opposition intend to pass a law this winter for the position intend to pass a law this winter for the position of Music State St

Seven Americans, namely:—Messrs. Mallory, Maynard, Moore, of Kentucky, Quarles, Stales II Little of these night-minical or honorable Democrats bad any idea of using them. Of course they expect the Gov-ernor to veto the bill, when they will immediate-ly pass it by a two-third vote in the House, and en send it to the Senate, where action will be postponed upon it from day to day, until Demo-cratic Senators are absent, when it will pass that that the master dare not sleep at night for that the robbers, the John Browns, will come and set his house on fire, and murder the women and

The John Brown raid, nature; and just in proportion as the lands in the slaveholding States wear out, the negroes increase and you will soon reach that point where the soil will not produce enough to feed the slaves; then hem them in, and let them starve out—let them more in the future to spur them on in this unboly measure. They know that Peennsylvania loathes and abhors Abolitionism, and that a cur-rent has already set in which must swamp them in October pext.

25 PERSONS BURNT TO DEATH.
On Thursday evening of last week, New York
was the scene of one of the most disastrous conflagrations attended with great loss of life-fire originated in the tenement house No. 142 Elm street, near Grand, occupied by twenty families, about one hundred persons in all.

It was first discovered in the basement, occu-pied by a baker, who had a store on the first floor. States and State stocks, and are to be held in the proportion of \$80 to \$100 of liabilities. Like lighting almost, the fire spread so rapidly that in less than five minutes the stairway leading to the upper floors hallway were one mass of flames. There were supposed to have been about sixty or seventy persons, men, women and child-flame, in the building at the time, and the only manns of escape held by a baker, who had a store on the first floor. THE CLERKSHIP.

The election of Col. John W. Forney to the Clerkship of the House of Representatives is a bitter pill to the opposition. Aside from the consolation they derive in the reflection that Mr. Forney's election will SPITE the democrats, there is not a single one of them but is grieved in his success. Moreover, they dread the effect it will have upon their own party friends, who will naturof the danger, entered, and through their offorts rescued many. About 25 persons were supposed to be burnt to death, and as many more burnt and injured.

VALUABLE OLD PAPERS.—A story has been irrealating about Danbery, Conn., and vicinity, for several weeks past, that a man in New Fair-field, named Stevens, bid off at auction sale, for trifling sum, a package of old papers belonging to his father's estate, among which was found a deed for a soldier's land warrant. ## HOSTETTER'S STOWACH BITTERS.

The proprietors and manufacturers of HOSTETTER'S CELEBRATED STOMACH BIT-TERS can appeal with perfect confidence to physicians and citizens generally of the United States, because the article has attained a reputation heretofore unknown. A few facts upon this point will speak more powerfully than volumes of bare assertion or bl zoning puffery. The consumption of Hestetter's Stomach Bitters for the last year amounted to over a halfmillion bottles, and from its manifest steady increase in times past, it is evident that during the coming year the consumption will reach near one million bottles. This immense amount could never have been sold but for the rare medicinal properties contained in the preparation, and the sanction of the most prominent physicians in those sections of the country where the article is best known, who not only recommend the Bitters to their patients, but are ready at all times to give testimonials to its efficacy in all cases of stomachic derangements and the diseases resulting therefrom.

This is not a temporary popularity, obtained by extraordinary efforts in the way of trumpeting the qualities of the Bitters, but a solid estimation of an invaluable medicine, which is destined to be as enduring as time ifself.

Hostetter's Stomach Bitters have proved a Godsend to regions where fever and and various other bilious complaints have counted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsia and like diseases, is to the proprietors a source of unalloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, and imparts benewed vitality to the nervous system, giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mildly but powerfully, and soon restores them to a condition essential to the healthy discharge of the functions of nature. Elderly persons may use the Bitters daily as

per directions on the bottle, and they will find in it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonic, and rejuvenating generally. We have the evidence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stomach de-rangements and general debility; acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so harassing that many of them sink under the trial. The relation of mother and child is so absorbingly tender, that the mother, especially if she be young, is apt to forget her own health in her extreme anxiety for her infant. Should the period of maternity arrive during the summer season, the wear of body and mind is generally aggravated. Here, then, is a necessity for a stimulant to recuperate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers gene-rally prefer the Bitters to all other invigorators that receive the endorsement of physicians, because it is agreeable to the taste as well as certain to give a permanent increase

of bodily strength.

All those persons, to whom we have particularly referred above, to wit: sufferers from fever and ague, caused by malaria, diarrhea dysentery, indigestion, loss of appetite, and all diseases or derangements of the stomach, superannuated invalids, persons of sedentary occupation, and nursing mothers, will consult their own physical welfare by giving to Hos-tetter's Celebrated Stomach Bitters a trial.

CAUTION .- We caution the public against using any of the many imitations or counterfeits, but ask for Hostetten's Celebrated STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the lahel.

Prepared and sold by HOSTETTER & SMITH, Pittsburgh, Pa., and sold by all druggists, grocers, and dealers generally throughout the United States, South America, and Germany.
