#### HOME AFFAIRS

On Thursday was Candlemas Day-the fengt of the candles-according to the enlandar of holidays. The old and very popular superstition has it that on this day the ground hog emerges from his hole, and if he sees his shadow he goes back for six weeks; if not, he stays out. If he came out on Thursday he did not see his shadow, but if he remained out his anout must have suffered a few from the frosty atmosphere. If the Germans are to be believed, we will have an early spring.

We attended the exhibition given by the young lady scholars of Mons. Decamp's Female Seminary, of this place, on Wednesday evening last. The exercises consisted of music on the piano, singing, reading, declamation, dialogues, &c., in all of which the performers acquitted themselves admirably. Mr. Decamps, the principal of the school is well-fitted for his position, and has an efficient assistant in Miss Moore. This Sominary should not be evenlocked by parents and guardians in the county, as no better school can be found than this one.

Rev. Edward Bennett, a colored preacher of Harrisburg, delivered a Lecture on Free Masonry in the Town Hall, on Friday evening. His subject-matter as well as the delivery

Bridgens' Map of Lebanon county is out. It is a splendid work and receives general commendation. As far as we have examined it, it is accurate in all its details.

The Town Council met on Thursday evening. On motion John Wolf was directed to build a bridge across the Quittapalilla creek, at East street within sixty days. On motion four ordinances were offered, passed and ordered to be published. [They will be found in our advertising columns.] On motion adjourn.

The Lecture of Dr. D. S. Gloninger, of Philadelphia, on Christian Associations, will take piace this evening in the Court House. The public are respectfully invited to attend. As the lecture will be a free one, it is hoped that a large audience will turn out to hear the Dr.

dog snapped at him and bit him in the nose,
causing a slight scratch. The boy went to school,
but just before noon, was taken very sick, vomited considerably, and on Thursday, by 4 o'clock
P. M., was a corpse. The bite of the dog no
doubt, introduced poison into the system which
produced great depression in the nervous system,
causing death.

For the Advertiser. SCHAEFFERSTOWN, February 6, 1860.
MR. EDITOR:—Permit me through the columns of your paper to return thanks to the Lebenon Courier, on behalf of the citizens of Schaefferstown, for the courtesy shown them in the publication of an "interesting" Yankee letter, written by some individual of Mt. Airy, Philadelphia to the Area phia, to the American of Waterberry, Ct.

Now we, the citizens of this antiquated village of Behaefferstown, having been made a special correspondent above

bject of comment by the correspondent above referred to, do not feel exceedingly hurt in our referred to, do not feel exceedingly hurt in our feelings in any way by such a description of ourselves and town. But thinking that Liberty of speech and press to be a legacy or privilege known and appreciated here as well as elsewhere, have a right to speak our minds on all such subjects as we feel disposed to notice. We might have acted differently and likely more honorably if we had kept silont, or in ly more honorably if we had kept silont, or in other words adopted Paddy's rule when he was kicked by a certificanimal [the animal was of the same kind final which Samson, took a jaw-bone to smite which same in the could have resented, did he not consider the source from which it came."

which it came." In the communication we and our town are grossly misrepresented, indeed so much so that we feel constrained to infer that so much sturr we feel constrained to infer that so much stuff could not emanate from the pen of a MAN who would make any claim for veracity, dignity or talent sufficient to draw a picture of an interior village of Pennsylvania. I am sure that a true account of our town has as much interest as that of any other town of equal magnitude. We do not consider ourselves a peculiarly smart people, although we are able to take care of ourselves as well as other follow. The invention of isms is as well as other folks. The invention of isms is not a characteristic of our people, we mean such as ocialism, rationalism, spiritualism or abolition. ista and all other isms vogue in the land of Yan-kee, nor do we, neither did our ancestors, ever beieve that old women should be burned as witche as a deserving punishment, or that they rode upon

When the gentleman speaks of our stout fe-males fetching water at the "tab" of the village, he makes an attempt at an awkward compliment to some one suiting his idea; this appears indeed singular that everything in and about Schaeffers-town is of the most antique style that a word of praise would be considered a burlesque, which empted a pettifogger to take notes, when the same time he admits that our girls compare very well with the briey faced Yankee girls. It is true our ladies are stout, but the difference is likely that they fare on something better than herrings or Codisi. The firmers between Schaefferstown and Liebanon, with names composed of sharp consoheranon, with names compresed of sharp conso-hants and few vowels are an object of curiosity for a Yankee. For instance the name Kurtz has but one vowel, whereas Dudon or what is an equiv-alent; a fool, has two. The gentleman was suspected of heing a countorfeiter agreeably to his own statement; the public should also have the ienefit to know by whom he was suspected

of a rogue coming to the place? no, but the po-lice from another place followed in the track of the suspected gentleman, who noted his minute from the opposite of the street. We will however pardon the gontleman for his spicy letter, and in the meantime try to improve, but should be visgratify our curiosity in seeing a stranger, he shall furnished with all the necessary information to enable him to sketch a pig-pen.

### JUDSON'S Mountain Herb Pills. A BOVE, we present you with a perfect likeness of Tezuco, a chief of a tribe of the strange Aztec Nation, that once ruled Mexico. You will find a fail account of him and his people in our Psaiphilets and Almanacs—to be had gratis, from the Agents for these

count of bim and his people in our Psandhliets and Almanacs—to be had grait, from the Agents for these Pills.

The inventor and manufacturer of "Judson's Mountain Herb Pills," has spent the greater part of his life in traveling, having visited nearly every country in the world. He spent over six years among the Indians of the Rocky Mountains and of Mexico, and it was thus that the "Mountain and of Mexico, and it was thus that the "Mountain Henr Pills," were discovered. A very interesting account of his adventures there, you will find in our Almanac and Pamphlet.

It is an established fact, that all diseases arise from IMPURE BLOOD!

The blood is the life! and when any foreign or unhealthy matter gets mixed with it, it is all at once distributed to every organ of the body. Every nerve feels the poison, and all the vital organs quickly complain.—The stomach will not digest the food perfectly. The liver ceases to secrete a sufficiency of blie. The action of the heart is weakened, and so the circulation is feeble. The lungs become clogged with the poisonous matter; hence, a cough—and all from a clight inquirity at the tountain-head of life—the Blood! As it you had thrown some earth, for instance, in a pure spring, from which ran a tiny rivulet, in a few minutes the whole course of the stream becomes disturbed and discolored. As quickly does impure blood fly to every part, and leave its sting belind. All the passages become obstructed, and unless the obstruction is removed, the lamp of life so in dies out.

These pills not only purify the blood, but regenerate all the secretions of the body; they are, therefore, unrivalled as a CURE FOR BILIOUS DISEASES, Liver Complaint, Sick Headache, &c. This Anti Billons

CURE FOR BILIOUS DISEASES. Liver Complaint, Sick Headache, &c. This Anti-Billons Medicine expels from the blood the hidden seeds or dis-ease, and renders all the flui-is and secretions pure and ease, and renders all the units and secretions pure and funch, clearing and resuscitating the vital organs.

Pleasant indeed, is it to us, that we are able to place within your reach, a medicine like the "Mourrain Hern Pills," that will pass directly to the afflicted parts, through the blood and fluids of the bidy, and cause the sufferer to brighten with the flush of beauty and health. Judson's Pills are the Best Remedy in existence for the following throughouts. Piles, Stone and Gravel, Secondary Symp-toms.

GREAT FEMALE MEDICINE! Females who value health, should never be without these Pills. They purify the blood, remove obstructions of all kinds, cleanse the skin of all pimples and blatch. of all kinds, cleanse the skin of all pimples and blatches, and bring the rich color of health to the pale cheek.

25 The Plants and Herbs of which these Pills are made, were discovered in a very surprising way among the Texucane, a tribe of Aberigines in Mexico. Get the Albanac of our Agent, and you will read with delight, the very interesting account it contains of the "Great Medicine" of the Aztecs.

OSBERVE—The Mountain Herb Pills are put up in a Beautiful Wrapper. Each box contains 40 pills, and Retail at 25 cents per box. All genuine, have the signature of B. L. JUDSON & GO., a such box.
