How TALMA WON HIS WIFE .-- One night at the Comedie Francaise, madame Petit Vanhove was acting in a play of Collot d' Herbois, in which the heroof Contot a reprosenting the perto-ine is run away with when the clumsy actor, who performed the part of the lover, in carrying off the lady, made a false step and fell to the ground with the table of the lady is the last year, yielded the sam of \$100 to be last year, yielded the sam of \$100 to be last year, yielded the sam of \$100 to be last year, yielded the sam of \$100 to be last year, yielded the sam of \$100 to be last year, yielded the sam of \$100 to be last year, yielded the sam of \$100 to be last year, yielded the sam of \$100 to be last year. false step and tell to the ground with the heroine in his arms, not only bruising her sadly by his weight, but driving the over twenty-three thousand dollars, leaving a deher sadly by his weight, but driving the entire length of a great pin into the bo-som of the unfortunate actress, who was carried fainting from the stage. Doc-tors, surgeons, and friends clustered a-round ber in the green-room; the pin was extracted, but the wound would not bleed. "The wound must be sucked !" cried one of the surgeons, in a loud voice; "it is the only way of escaping the dan-"it is the only way of escaping the dan-that a majority of the members of the Company ger of such a hurt." A SINGULAR AFFAIR.-One of the most singular phenomena we have heard of for some time past, is related by Wm. Whitely, an engineer upon the Northern Central railway. He states that on Friday night last, the 10th inst., he was running a freight train over the road, and when near Lutherville station, about ten miles from Baltimore, he was suddenly startled by seeing directly before him what he supposed to be the front light Defic of another engine coming towards him --not over a hundred yards distant. He immediathly blew the whistle to put sTA down the brakes, and finding he was down the brakes, and finding he was at about to run upon it, he reversed the Cash engine and did everything in his power to stop, but finding it imposible, he gave the alarm to the firemen and rush. ed to the rear of the engine for the purpose of jumping off to save his life; when, upon turning again to take another look ahead, he was completely as. tounded by the discovery that the light had disappoared, but where to, or how, no one was adle to say. The story is substantiated by all those who were upon the train, who state that they all saw the light directly ahead very distinctly, and rather larger than the usual front lights. After running a short distance the train was stopped, and those engaged | upon it instituted a search for the cause of this mysterious light, but all their efforts were in vain, as there was no light of any kind to be seen in the entire neighborhood. It will be recollect. Secretary's Salary, Secretary's Fees on 333 Folieles, @ ed that a man was killed at this very spot about a week since, and it is the supposition of those who saw it that the

## Ayer's Sarsaparilla CAMPBELL'S Indian Pain Killer. Inductors Freenity been introduced in Leb-THIS remedy having recently been introduced in Leb-non County, is prepared from extracts of Roots. Herbs, Barks and Balsams, which grow upon America's own prolific seil, can be applied externally and internal-ly with perfect safety for the following complaints of Dyspepsia, Rhoumatism, Neuralgia, Sprains. Bruises, Colic, sudden Cold, Tooth Ache, Puin in the Stomach, Back, Joints, and Limbs. Spi-nal Complaint, contracted Joints. Sore Throat, Chilbains, &c. Out of many cures effected by this medicines the fol-lowing may be mentioned :

Ayer's Sarsapartilla A compound remedy, in which we have labored to por-duce, the most effectual alternive that can be made.— It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater altera-tive power as to afford an effective antidote for the dis-cases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accom-plate their cure must prove of immense service to this arge class of our afflicted, follow-citizens. How com-pletely this compound will do it has been proven by ex-periment on many of the worst cases to be found of the following complaints: — Scorula AND Schowing, Provens, Eliorentes, Tu-mons, SAIT-RHEND, SCALD HEAD, STPHILLS AND STRILLTRO APPECTIONS, MERCURIAL DISARS, PROVEN, NERRALIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDICESTION, EARSTELAS, HOSE ON S. ANTIONY'S FIRE, and indeed the whole class of complaints arising from Inventury of the BLOOD.

The DOULDUREUX, DEBILIT, DYSEPSIA AND INDUSTION, EARSPELLS, Rose on ST. ANTHON'S FIRE, and indeed the whole class of complaints arising from INFURIT OF THE BLOOD. This compound will be found a great promotor of health, when taken in the spring, to expel the foul hu-mors which fester in the blood at that season of the year. By the timely exputision of them many rankling disorders are nipped in the bud. Multitudes ean, by the aid of this remedy, spare themselves from the en-durance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleans out the vitiated blood whenever you find its impurities burst-ing through the skin in pimples, eruptions, or sores ; cleanse it when you find it is obstructed and slogish in the veins ; cleanse it whenever it is foul, and your feel-ings will tell you when. Even where no particblar dis-orer is felt, people enjoy better health, and live longer for cleaning the blood. ...Keep the blood healthy, and all is well ; but with this pabulum of Ilfe disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is dis-order or overthrown. Sarseparilla has, and deserves much, the roputation ' of accomplishing these ends. But the world has been egregiously decived by preparations of it, partly be-cause the drug alone has not all the virtue that is claim-od for it, but more because many preparations, pretend-ing to be concentrated extracts of it, contain but little victue of Sarsaparilla, or anything cles. During late years the public have been misled by farge bottles, pretending to give a quart of extract of Sursaparilla for one do.lar. Most of these have, been fandy. Sarsaparilla, but often no curative properties what-ever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla, and intend to supply such a remedy as shall rescue the no
