The Greatest Duel on Record.

An old Mississippian furnishes the following to the Wouldid (Miss.) Republican:

'The famous duel in which forty or more gentleman were engaged in 1898, is still remembered in Natchez. Colonel Jim Bowie, the famous fighter and inventor of a knife which bears his time in Natchez. He was challenged by a gentleman of Alexandria, Louisianis, whose friends to the number of twenty or more, accompanied him to Natchez to see fair play, knowing Bowie was a desperate man, and had his own friends about him. All parties went upon the field. The combatants took their places in the centre, separated from their friends in the rear far enough not to endanger them with their balls. Behold the battle array thus:

The plan of fight was to exchange shots twice with mistale and to close with knives, Bowie being armed with his own terrible weapon. At the first both parties escaped. At the second the Louisianian was too quick and took advantage of Bowie who waited the word.—At this Bowie's second cried 'foulplay'? and shot the Louisianian dead. The second of the latter instantly killed the slayer of his Louisianian dead. The second of the latter instantly killed the slayer of his principal. Bowie drove his knife into this man. The surgeons now crossed blades, while, with loud battle cries, came on the two parties of friends, the light of battle in their eyes. In a momentathe whole number were engaged in a fearful conflict. Dirks, pistols and knives were used with fatal effect, until one-party drove the other from the-field. I do not know how many were killed and wounded in all, but it was a dread-foll slaughter. Bowie faught like a lien, but fell covered with wounds,—

PLANT PEAS DEEP.

The theory recently advocated of planting peas very deeply in the eartb, in order to prolong the bearing capacity of the vines has also been well tested in Williamstown, and found to be correct. A farmer told me that he had plowed a furrow beam deep, then scat-lered the seed-peas at the bottom after which he turned a deep furrow upon which he turned a deep furrow upon them with his plow, covering them about a foot deep. They pushed their way up through the thick mass of earth very soon and instead of turning yellow at the bottom and dying after the first gathering, they blossomed and bore until he was tired of picking the pods,-If such a result will uniformly be real. The experience of thousands daily proves that no preparation of Iron can be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise sickly complexions indicate its necessity in almost every conceivable case. Innoxious in all maladirs in which it has been tried, it has proved absolucly curative in each of the following complaints, viz:

In Debility, Nervous Affections, Enneciation, Dyspepsia, Constipation, Diarrhosa, Dysentery, Incipient Consumption, Scrofulous, Tuberculosis, Salt Rheum, Mismenstruation, Whites, Chlorosis, Liver Complaints, Chronic Headaches, Rheumatism, fittermittent Fevers, Pinples on the Face,

vous and muscular energy from chronic complaints, one trial of this restorative has proved successful to an extent which no description nor written attestation would render credible. Invalids so long bed-ridden as to have become forgotten in their own neighborhood, have suddedly re-appeared in the busy world as if just returned from protracted travel in a distant land. Some very signal instances of this kind are attested of female Sufferers, emaciated victims of apparent marasmus, sangulaeous exhaustion critical changes, and that complication of nervous and dyspeptic aversion to air and exercise for which the physician has no name.

In NERVOUS AFFECTIONS of all kinds, and for reasons familiar to medical men, the operation of 'this preparation of iron must necessarily be salutary, for unlike the old oxides, it is vigorously tonic, without being witching and over-healting; and gently, regularly aperient, even in the most obstinate cases of costiveness, without ever being a gastric purgative, or inflicting a disagreeable sensation.

It is this latter property, ameng others, which makes it so remarkably effectual and permanent a remedy for Piles, upon which it also appears to axert a distinct and specific action, by dispersing the local tondency which forms them.

In INTERMITTENT FEYERS it must necessarily be a great remedy and energetic restorative, and its progress in the new settlements of the West, will probably be one of high renown and usefulness.

No remedy has ever been discovered, in the whole history of medicine, which exerts such prompt, happy, and rully restorative effects. Good appetite, complete digestion, rapid acquisition of strength, with an unusual disposition for active and cheerful exercise, immediately follow its use. Put up in neat flat metal boxes containing 50 pills, price 50 cents per box; for sale by Druggists and dealers. Will be sent free to any address on receipt of the price. All letters, orders, ect., should be addressed to R. B. LOCKE & Co., General Agents, 339 BROADWAY, N. Y. April 11, 1860.-1y.

and why? because it never fails to afford instantaneous relief when given in time. It acts as if by magic, and one trial alone will convince you that what we say is true. It contains NO PAREGORIC OR OPIATE

of any kind, and therefore relieves by removing the sufferings of your child, instead of by deadening its sensibilities. For this reason, it commends itself as the only relief, as the only relief, as the only relief, as the numerous itself as the only relief, as the numerous who had given up all hope with children now known for CHILDREN and INTREMEAR, DYSENTERY, GRIPING INTREMEAR, DYSENTERY, GRIPING INTREMEAR, DYSENTERY, GRIPING IN THE HEAD, and CROUP, also, for softening the gums, reducing inflamation, regulating the Bowels, and relieving pain, is has ne equal—being an anti spasmodic it is used with unfailing success in all cases of CONVULSION OR OTHER FITS. As you value the life and health of your children, and wish to save them from those sad and blighting consequences which are certain to result from the use of surcoites of which all other remedies for Infantile Complaints are composed, take none but DR EATON'S INFANTILE CORDIAL this you can rely upon. It is perfectly harmless, and cannot injure the most delicate infant. Price, 25 cents: Full directions accompany each bottle.

Ayer's Sarsaparilla

A compound remedy, in which we have labored to porduce the most effectual alterative that can be made.—
It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the discaser Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous opinplaints, and that one which will accompilate their cure must prove of immense service to this large class of our afflicted fellow-citizons. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the indowing complaints:—

SCROPULA AND SCROPULOUS CCMPLAINTS, ERUPTIONS AND ERUPTIVE DIBEASES, ULCERS, PIMPLES, BLOTCHES, TUMOSS, SALT RHEUM, SCALD HEAD, SYPHILLS AND SYPHILLITO APPROTIONS, MERCURAL DISSASE, DROPEN, NEURAGIA OR TIO DOULOULEUX, DESILITY, DYSPERSIA AND INDIGEATION, ENVISIENCE OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the said of this remedy, spare themselvestfrom the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an atterative medicine. Cleans out the viciated blood whenever you find its impurities bursting through the skin in pariples, eruptions, or sores; cleans it when you find it is obstructed and sluggish in the oveins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular, there is not lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation, of accomplishing these ends. But the wirds that is claimed for it, but more because many properations,

Swopn statement of David M'Creary, of Napier Town skip, Bedford county:

In April, 1856, as near as I can remember, a small pimple made its appearance on my lip, which soon became enlarged and sore. I used politices of sorrel, and wash of blue vitrol, without effect. Finding the sore extending, I called on Dr. Ely, of Schellsburg, who pronunced it Cancea, and prescribed a wash of sugar of lead and bread poultices. Finding these remedies of no avail, I called upon Dr. Shaffor, of Davidville, Somerast county, who also pronounced the disease Cancer, and gave me internal and external remedies—the laster consisting principally of caustics; but all to no purpose, the disease continued spreading toward the nose. I next used a preparation of arsenic, in the form of salve, This for a time checked the disease, but the inflammation soon increased. I next called upon Dr. Statler, of St. Clairs ville, Bedford county, who also pronounced the disease Cancer, and applied a salve said to be a never failing remedy, but it had no effoct whatever in checking the spread of the sore. In December, of the same year, the disease had eaten away a greater part of my upper lip, and had attacked the nose, when I went to Cincinnati, where I consulted Prof. R. S. Newton, of the Riectic Medical College. He pronounced the disease "nentaneous Cancer, superinduced by an inordinate ass of mercury." He applied mild zinc ointment, and gave me internal remedies. My sace healed up, but the inflammation was not thoroughly removed. In February, 1857, he pronounced me cured, and I left for home. In April the disease again returned, and so violent was the pain that I could not rest at night! Late in May I returned to Cincinnati, and again placed myself under the charge of Dr. Newton, with whom I remained until September during which time he used every known remedy, and

manus—to be had gratis, from the Agents for these Pills.

The inventor and manufacturer of "Judson's Mountain Herb Pills," has spent the greater part of his life in traveling, having visited nearly every country in the world. He spent over six years among the Indians of the Rocky Mountains and of Mexico, and it was thus that the "Mourtain Herb Pills." were discovered. A very interesting account of his adventures there, you will find in our Almanae and Pamphlet.

It is an established fact, that all discoses arise from IMPURE BLOOD!

The blood is the life! and when any foreign or un healthy matter gets mixed with it, it is all at ones distributed to every organ of the body. Every nervefeels the polson, and all the vital organs quickly complain—The stomach will not digest the food perfectly. The liver ceases to secrete a sufficiency of bile. The action of the heart is weakened, and so the direulation is feelle. The lungs become clogged with the poisonous matter; hence, a cough—and all from a slight impurity at the fountain-head of life—the Blood! As if you had thrown some earth, for instance, in a pure spring, from which ran a tiny rivulet, in a few minutes the whole course of the stream becomes disturbed and discolored. As quickly does impure blood fly to every part, and leave its sting behind. All the passages become obstructed, and unless the obstruction is removed, that lamp of life soon dies out.

These pills not only punify the blood, but regenerate all the secretions of the body; they are, therefore, unrivaled as a
