PHILADELPHIA ELECTION. The Democrats made a gallant fight at the municipal election in Philadelphia on Tuesday last. They are beaten, it is true, but they have made such deep inroads upon the Opposition ranks, that the moral power of the victory which the latter have gained, is completely destroyed, and their small majorities only prove their weakness. They have not strength onough left to stand another contest. Mayor Henry, who was elected two years ago, by 4,701 majority, come in now with only 882, showing a gain on the Democratic side of nearly four thousand votes. The vote for controller is still closer, Downing, the Democratic candidate, being defeated by only 101.

CHARLESTON, April 30.

After nearly an hour spent in discussing points of order and various parliamentary movements to prevent reaching the main point,

Mr. Butier, of Mass., moved to lay the whole subject on the table, and proceed to vote for a candidate for President. [Cries of "Agreed!" "No!" 'No!" 'etc.]

Mr. Winthrop, of Ala., contended that the motion of Mr. Butler was out of order. That the vote on the paltform must now be taken.

The question then recurred on the adoption of the platform as amended.

Mr. Butler demanded that the question be first taken on the first part of the resolution affirming the Cincinnati Platform, separately; adopted ayes 233, nays 70. Mr. Briggs, of New York, now that the Cincin-

nati Platform was adopted, would move that all the balance of the resolutions be laid on the table.

Mr. Sewart raised the point of order that the motion to lay on the table would carry the whole subject with it.

The President decided that it would not carry

to the table the Cincinnati Platform just adepted.

Mr. Yancey, of Alabama, said the motion to lay the balance of the majority report on the table was out of order, as it was equivalent to a motion to strike out all but the first resolution, which would be clearly out of order.

The President decided that the motion to lay

The vote was then taken on the Pacific railroad resolution, which was likewise adopted; the
same States refusing to vote. Only 20 votes were

given in the negative.

Mr. Cook gave notice of a motion to reconcider this vote, with the object of checking California in joining the Alabama movement. The remaining resolutions were then voted on successfully, the same States declining to vote, and Arkansas casting but three votes. All of these resolutions were nearly unanimously adopt-

He then proceeded to read a statement and protest, giving their reason for withdrawing from the Convention. He also read a resolution declaring that in case the delegates of Alabama should withdraw, as adopted by the Convention of that State, no other person should represent that State in this Convention.

He regarded this Convention as having in its destiny not only the permanence of the Democratic party, but the question whether great United States should continue and endure. He would not, however, relinquish the hope that the Union would continue on the elemity, and he felt confident that the Convent to elemity, and he felt confident that the Conven-tion would adjourn to day with the determina-tion to do all in their power to restore harmony and confidence.

HOSTETTER'S

STOMACH BITTERS.

The proprietors and manufacturers of HOS-TETTER'S CELEBRATED STOMACH BIT-TERS can appeal with perfect confidence to physicians and citizens generally of the United States, because the article has attained a reputation heretofore unknown. A few facts upon this point will speak more powerfully than volumes of bare assertion or blazoning puffery. The consumption of Hostetter's Stomach Bit-ters for the last year amounted to over a halfmillion bottles, and from its manifest steady increase in times past, it is evident that during the coming year the consumption will reach near one million bottles. This immense amount could never have been sold but for the rare medicinal properties contained in the prepara-tion, and the sanction of the most prominent physicians in those sections of the country where the article is best known, who not only recommend the Bitters to their patients, but are ready at all times to give testimonials to its efficacy in all cases of stomachic derangements and the diseases resulting therefrom.

and the diseases resulting therefrom.

This is not a temporary popularity, obtained by extraordinary efforts in the way of trumpeting the qualities of the Bitters, but a solid estimation of an invaluable medicine, which is destined to be as enduring as time itself. Hostetter's Stomach Bitters have proved a Godsend to regions where fever and ague and various other bilious complaints have counted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsia and like diseases, is to the proprietors a source of un-alloyed pleasure. It removes all morbid matter from the stomach, parifies the blood, and imparis renewed vitativy to the nervous system, giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mildly but powerfully, and soon restores them to a condition essential to the healthy discharge

of the functions of nature.

Elderly persons may use the Bitters daily as per directions on the bottle, and they will find in it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonio, and rejuvenating generally. We have the evidence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stomach de-rangements and general debility; acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so harassing that many of them sink under the trial. The relation of mother and child is so absorbingly tender, that the mother, especially if she be young, is apt to forget her own health in her extreme anxiety for her infant. Should the period of maternity arrive during the summer season, the wear of body and mind is generally aggravated. Here, then, is a necessity for a stimulant to recuperate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers gene-rally prefer the Bitters to all other invigorators that receive the endorsement of physicians, because it is agreeable to the taste as well as certain to give a permanent increase

of bodily strength. All those persons, to whom we have particularly referred above, to wit: sufferers from fever and ague, caused by melaria, diarrhoea, dysentery, indigestion, loss of appetite; and all diseases or derangements of the stomach, superannuated invalids, persons of sedentary occupation, and nursing mothers, will consult their own physical welfare by giving to Hostetter's Celebrated Stomach Bitters a trial. CAUTION.—We caution the public against using any of the many imitations or counter feits, but ask for Hostetter's Celebrated STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters' blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the

label. as Prepared and sold by HOSTETTER & SMITH, Pittsburgh, Pa., and sold by all druggists, grocers, and dealers generally throughout the United States, South Americs, and Germany.
