The Concert given at St. Mary's Church of this place, on Saturday evening, was not so well attended as we expected it would be. The absentees missed a treat. Mr. John A. Light made as pretty Balloon Ascension from this place, on Saturday afternoon, as anybody could desire to see .---He used his large Montgoiller, or Fire Balloon, and the place he ascended from was adjoining Carmany's Hotel. The air was almost perfectly calm, scarbely moving the ponderous vessel when inflated. Everything in readiness, the word to "let go," was given, and the provaut was carried gracefully into the upper regions. After rising to a considerable elevation he was slowly carried to the southward, and landed about as mile from the place of starting .- There was on this occasion an absence of the usual feeling and excite-ment attending Balloon ascensions but the whole affair was so calmly and pleasanbly performed that everybody was delighted.

Mr. Light's calculation is that he was about 3000 feet high. He had a very extended view of all the surrounding country, including Annville, Myerstown, Shaefferstown, &c. He makes an ascension with his Gas Balloon from Chambersburg on the 25th inst.

PIMPLES AND SKIN DISEASES are the result of impure blood. The blood becomes thick and clogged. The skin is not able to cust off the impurities so important to health. How many young men and women we see with their faces covered with pimples and bloches, who are endeavoring to remove them by the use of scape and washes of various kinds. This is very dangerons and should never be fractised by persons de-sirous of good health. Mothers who have children af-fifeted with sores and eruptions, should level dry them in the humors and produce ill health for the child dur-ing its whole life time. There is no mother that likes to see her children affilieted with foole health. JUDSON'S MOUNTAIN HERB PILLS are propared expressly for the cure of eruptions of the skin such as Pimples, Biotches, Sores, &c. They cleanse like blood of all impurities, producing a beautiful, clear and healthy skin, so much admired by all people of taste and refine-ment. STOMACH BITTERS.

The proprietors and manufacturers of BOS-TETTER'S CELEDIATED STOMACH BIT-TERS can appeal with perfect confidence to physicians and citizens generally of the United States, because the article line attained a repu-

tation heretofore unknown. A few hiets upon this point will speak more powerfilly than volumes of bare associton of bl. soning puffery. The consumption of Hostetter 3 Standach Bit-

ters for the last year amounted to over a half-million bottles, and from its manifest Eleady

increase in times past, it is evident that during

the coming year the consumption will wach near one million bottles. This immense amount

near one million bottles. This indicates amount could never have been sold but for the rare medicinal properiles contained in the propara-tion, and the sanction of the most incominent physicians in those sections of the country where the article is best known, who not only recommend the Differs to their patients, but are ready at all times to give testimonials to its

are ready at all times to give testimonials to its efficacy in all cases of stomachit derangements and the diseases resulting therefore. This is not a femperary popularity, obtained by extraordinary efforts in the way of from-peting the qualities of the Bitters, but a solid estimation of an invaluable medicine, which is destined to be as enduring as time itself.

Hostetter's Stomach Bitters, have proved a Golgend to regions where fever and ague and various bing. Billons, complaints, have counted their victims by fulfidreds. To be able to state confidently that the "Bitters"

are a certain cure for the Dyspepsia and like diseases, is to the proprietors a cource of un-

alloyed pleasure. It removes all morbid matter alloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, and imparts renewed vitality to the nervous system, giving it that tone and energy indisfensable furthe restoration of health. It operates upon

thestomach, liver, and other digestive organs,

mildly but powerfully, and soon restores them to a condition essential to the healthy discharge

of the functions of nature. Elderly persons may use the Billers Unity as

per directions on the bottle, and they will find in if a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonie,

invigorating to the howers, exection is a tonic, and rejuvenating generally. We have the evi-dence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from atomach de-rangements and general delimity; acting under

the advice of physicians, they have abandoned all deleterious drugs and fairly tested the ments of this article. A few words to the

gentler sex. There are certain periods when

their cares are so harassing that many of them

sink under the trial. The relation of mother

and child is so absorbingly tendler, that the mother, especially if she be young; is not to forget her own health in her extreme anxiety for her infant. Should the period of maternity

arrive during the summer season, the wear of body and mind is generally aggravated. Here,

then, is a necessity for a stimulant to recupe

rate the energies of the system, and enable the

mother to bear up under her exhausting trials

and responsibilities. Nursing nothers gene-rally prefer the Bitters to all other invigora-tors that receive the endorsement of physi-ciahs, because it is agreeable to the taste as well as certain to give a permanent increase of ball a start by

of bodily strength. All those persons, to whom we have particu-

dysentery, indigestion, loss of appetite, and all diseases or derangements of the stoffiach, superannuated invalids, persons of sedernary occupation, and nursing mothers, will consult their own physical welfare by giving to Hos-letter's Celebratod Stomach Bitters a trial.

STATE SENATOR.-By reference to bur advertising columns, it will be seen that Dr. JONATHAN ZERBE, of Shaefferstawn, offers bimself to the people of Lebanon and Dauphin counties as an Independent candidate for the State Senate.

Mr. Zerbe, is an old-line Whig ; has acted with and worked for the Republican party since its organization, but becoming dissatisfied with the Court House Clique of this borough, has deformined to appeal to his party and the people from the decision of the would-be masters of both. The Patriot and Union of Harrisburg, contains the following :---

WHAT IS THE MATTER?

WHAT IS THE MATTER? Jonstiint Zerbe, of Shaefferstown, Lebanon vounty, antonness, in the columns of the Tele-mont, that he is an independent candidate for Senater. In this district. Dr. Zerbe is one of the most active and influential leaders among the Republicans of Lebanon county. He has been a standing delegate from Heidleberg town-ship to the County Conventions of the Opposi-tion, and, on one occasion at least, presided.— Whenever the party was in peril, or a candidate meetide unusual exertions to save him from de-feat, Dr. Zerbe was one of the mon called upon needed unusual excitions to save him from de-feat, Dr. Zerbe was one of the mon called upon to do the hard work, and he responded to the summons with alacrity and effect. He was, in short, an active, influential and indispensable party leader. There is evidently a deep feeling or disaffection among the Republicans of Leba-non county against the nomination of Amos R. Henchtor when as desided a party men es Dr Boughter when so decided a party man as Dr. Zerbe takes the field openly against him. It is not surprising that the men who have doue the hard work for the Opposition in Liebanon county should rebel when a raw recrait like Boughter "chrise off the honors. Mr. Boughter's political diries off the honors. Mr. Boughter's political career has been short, but in that time he has imanged to belong to nearly every political par-ty in existence. He first appeared before the public off in Demogratic candidate for Senator when the district was composed of Lancastor and Lebmon. He was nominated in 1854 by the Demograts of Lebmon county for Congress, in-structed the Conference to withdraw his name-which they did-and the party being left with-out a candidate by the withdrawal of the person afterwards nominated, Mr. Boughter again came forwards as a candidate and, announced that he afterwards nominated, Mr. Boughter again came forward as a candidate and announced that he had been withdrawn from before the Conference without his consent.\* During the progress of this campaign he joined the Know Nothings, al-though he appeared before the public as a Dem-coracie candidate, and by thus combining the votes of a bortion of the Democracy and a por-tion of the secret order he gave John C. Kunkel, a close race. After this defeat he glided very naturally into the ranks of the Opposition, was an American as long as that party was in fashnaturally into the ranks of the upposition, while an American as long as that party was in fash-ion, but became a Republican as soon as it be-gan to wand. We is now the Republican candi-date for Senator, and Dr. Zerbe don't like it, and won't stand it, and means to run against him.

\* This is a mistake. " Mr. Boughter instructed the conferent to withdraw his name, and afterwards expressly admitted the fact in a letter which we published at the time. -Ed. Advertiser,

Messrs. S. W. Fowle & Co., I have used the BALSAM OF WILD CHERRY in may family Mesars. S. W. FOWLE & Co.; I have used the BAISAM OF WILD CHEERY in may family for a number of years; and can testify to its wonderful efficacy in the cure of diseases of the Lungs and Throat, and for Hourseness and Bronchial Affections. In al these diseases I have used it with unprecedented success. A saver ecough or cold always yields to it when adminis-tered according to directions, and I can cheerfully roc-ommend it to the public as a sure antidote to these complaints. I deem it my duty, for the benefit of the public, to announce that there is a counterfail with a public, to announce that there is a counterfail with the mark-et. About a year since I purchased a bottle at a drug-gists at Harrisburg, which I found to be a worthless spurious article, producing nausea and sickness: It was entirely different from that which I have since purchas-ded Jacob Bener, druggist, in this place, which has the written signature of "I Borrs;" as well as your printed park, on the outside wrapper: E. S. KENDIG. *Counton to Purchaeers.* The only genuine Wistar's Bal-sam has the written signature of "I. BUTTS" and the printed one of the Proprietors on the outer wrapper; all other is vile and worthless. Prepared by SETH W. FOW CE & CO., Boston, and for sale by Joseph L.
