JUDSON'S Mountain Herb Pills.

count of him and his people in our Pamphlets and Almanaes—to be had grafts, from the Agents for these Pills.

The inventor and manufacturer of "Judson's Mountain Herb Pills," has spout the greater part of his life in traveling, having visited nearly every country in the world. "He spent over six years among-the Indians of the Rocky Mountains and of Mexico, and it was thus that the "Mountain End Pills" were discovered. A very interesting account of his adventures there, you will find in our Almanae and Pamphlet.

It is an established fact, that all diseased arise from IMPURE BLOOD!

The blood is the life! and when any foreign or an healthy matter gets mixed with it, it is all at once distributed to every organ of the body. Every nervefsels—the polson, and all the vital organs quickly complain—The stomach will not direct the food perfectly. The liver ceases to secrete a sufficiency of the. The action of the heart is weakened, and so the circulation is feeble. The lungs become clogged with the polsonous matter, hence, a cough—and all from a slight impurity at the tountain-head, of life—the Blood! As if you had thrown some earth, for instance, in a pure spring, from which ran a tiny rivulet, in a few minutes the whole course of the stream becomes disturbed and discolored. As quickly does, impure blood fly to every part, and leave its sting behind. All the passages become distributed, and unless the obstruction is removed; the lamp of life soon dies out.

These pills not only purify the blood, but regenerate all the secretions of the body; they are, therefore, unrivalled as a CURE FOR BILIOUS DISEASES.
