count of him and his people in our ramphiets and Almanacs—to be had gratis, from the Agents for these Pills.

The inventor and manufacturer of "Judson's Mountain Herb Pills," has spont the greater part of his life in traveling, having visited nearly every country in the world. He spont over six years among the Indians of the Rocky Mountains and of Mexico, and it was thus that the "Mourtain Hern Pills," were discovered. A very interesting account of his adventures there, you will find in our Almanac and Pamphiet.

IMPURE BLOOD!

The blood is the life! and when any foreign or un healthy matter gets mixed with it, it is all at once distributed to every organ of the body. Every nerve feels the poiser, and all the vital organs quickly complain.—The stomach will not digest the food perfectly. The liver ceases to secrete a sufficiency of bile. The action of the heart is weakened, and so the circulation is feeble. The lungs become clogged with the poisonous matter; hence, a cough—and all from a slight impurity, at the fountain-head of life—the Blood! As if you had thrown some earth, for instance, in a pure spring, from which ran a tiny rivutet, in a few minutes the whole course of the stream becomes disturbed and discolored. As quickly does impure blood fly to every part, and leave its rting behind. All the passages become obstructed and unless the obstruction is removed, the lamp of life soon dies out.

These pills not only purify the blood, but regenerate all the secretions of the body; they are, therefore, unrivalled as a CURE FOR BILLIOUS DISEASES,

DR MOTT'S CHALYBEATE RATIVE PILLS & IRON.

An aperient and Stomachic preparation of IRON purified of Oxygen and Carbona by combustion in Hydregen. Sanctioned by the highest Medical Authorities, both in Europe and the United States, and prescribed in their practice. both in Europe and the United States, and prescribed in their practice.

The experience of thousands daily proves that no preparation of Iron can be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise sickly complexions indicate its necessity in almost every conceivable case. Innoxious in all maladies in which it has been tried, it has proved absolutely curative in each of the following complaints, viz:

In Debility, Nervous Affections, Emaciation, Dyspepsia; Constipation, Distribute, Dysentery, Incipient Consumption, Scrofulous, Tuberculosis, Salt Rheum, Mismenstruation, Whites, Chlorosis, Liver Complaints, Chronic Hendaches, Rheumaism, Intermittent Pewers. Pimples on the Face. ism, Intermittent Pevers, Pimples on the Face,

itism, Intermittent Fevers, Pimples on the Face, &c., &c.
In cases of GENERAL DEBILITY, whether the result of acute disease or of the continued diminution of nervous and muscular energy from chronic complaints, one trial of this restorative was proved successful to an extent which no description not written attestation would render credible. Invalides olong bed-ridden as to have become forgotten in their own neighborhood, have suddedly re-appeared in the busy world as if just returned from protracted travel in a distant land. Some very signal instances of this kind are attested of female Sufferers, emaciated victims of apparent marasmas, sanguineous oxhaustion, critical changes, and that complication of nervous and dyspeptic aversion to air and exercise for which the physician has no name.

In MENOUS AFECTIONS of all kinds, and for reasons familiar to medical men, the operation of this preparation of from must necessarily, be salutary, for unlike the old oxides, it is vigorously tonic, without being exciting and over-heating; and gently regularly aperion, even in the most obstinate cusoes of contiveness, without ever being a gastric purgative, by inflicting a disagreeable semantion.

It is this latter property, ameng others, which makes it so remarkably effectual and permanent a remedy for Piles, upon which it also appearages excite a distinct and specific action, by dispersing the local tendency which forms them.

specific action, by dispersing —
forms them.
In DYSPEPSIA, innumerable as are its causes, a single box of these Chalybeate Pills has often sufficed for the most habitual cases, including the attendent Ossiveness. the most habitual cases, including the attendant Costiveness.

In unchecked DIARRHEA, even when advances to DYSENTERY, confirmed, emaciatings, and apparently malignant, the effects have been equally decisive and astonishing.

In the local pains, loss of flesh and strength, debilitating comes, and remittent heetic, which generally indicate INCIPIENT CONSUMPTION, this remedy has allayed, the alarm of friends and physicians, in several very gratifying and interesting instances.

In SCROFULOUS TUBERCULOSIS; this medicated iron has had far more than the good effect of the most cautiously balanced preparations of lodies, without any of their well known liabilities.

The attention of femnles cannot be too confidently invited to this remedy and restorative, in the cases peculiarly affecting them. The attention of tennics that the cases peculii arry affecting them.

In BHEUMATISM, both chronic and inflammatory—in the latter, however, more decidedly—it has been invariably well reported, both as alleviating pain and reducing the swellings and stiffness of the Joints and muscles.

In INTERMITTENT FEVERS it must necessarily be a great remedy and energetic restorative; and its progress in the new settlements of the West, will probably be one of high renown and usefulness.

No remedy has ever been discovered, in the whole history of medicine; which exerts such prompt, happy, and fully restorative effects. Good appetite, complete digestion, rapid acquisition of strength; with an unusual disposition for active and cheerful exercise, immediately follow its use.
