S. S. Barber. T. H. Walker. S. S. Winchester. Joseph Laubach. THE AMENITIES OF THE CAMPAIGN.-When Col. Curtin visited Greensburg, several weeks ago, he was the recipient of a very beautiful bouquet from the hands of Mrs. Henry D. Foster. The friends of Col. Curtin in this borough repaid the compliment, on Friday night last, by parading in their procession, and riding on a rail, the stuffed figure of a man, intended to represent the husband of Mrs. Foster. The graceful compliment of Mrs. Foster to Col. Curtin then reminded us of the old fable, "casting pearls before swine."

We noticed last week that the Democracy of Pennsylvania were defeated. The causes producing said defeat are various, but the principal may be stated in a few words. The people mistrusted the position of the Democracy on the Tariff question. They were made to believe that we are in favor of slavery extension; the reopening of the slave trade, and a were held out to ignorant voters .--The "hard times" were attributed to the party in power, and a feeling "for change," engendered, which it was addition to the above it is chargedand we have not seen it denied,-that the straight-out friends of Mr. Douglas in Philadelphia voted for Mr. Curtin, under the fear that the election of Mr. Foster would further the cause of Mr. Breckinridge. It is certain that Mr. Forney, and all that he could influence with his Press, were of more injury to Mr. Foster by their negative and quibbling support than would have been their open hostility. That Mr. Forney is personally under obligations to the Republicans; and that W his influence has been exerted, under the guise of friendship to Mr. Doug-The honest and sincere friends of Mr. Douglas in Pennsylvania voted for Mr. Foster, but if the hypocrites Hiestand, R. 17. York—Wm. H. Welsh, D. 18. their colleagues in the interior, if they have any, can derive any consothey have any, can derive any consothe result they certainly 20. Blair, Cambria and Clearfield—Louis W. are welcome to it. Pennsylvania, notwithstanding the treason and defection, is still at heart, we honestly believe, Democratic, and if our secret foes buckle on the armor of open warfare it will be proven to them.

Although the Democracy were defeated last week in Pennsylvania, Lincoln is not yet elected President Should he lose either of the great States of Pennsylvania or New York, he is defeated. Last week's election only transferred the battle ground from Pennsylvania to New York. In composed of 70 Republicans and 30 the latter State there is a perfect un. Democrats. Both Houses, on joint ion of the friends of Breckinridge, ballot, may consist of 97 Republicans Douglas and Bell against him, and and 36 Democrats, giving a Repub. also the popular vote. His opponents majority of 61, enough, if they don't feel confident that they can defeat fight among themselves, to elect a him in New York, and with that he United States Senator and State Treais defeated for the Presidency.

THE U. S. SENATORIAL CONTEST .-Both branches of the Legislature be- table are mostly official. Next week ing largely Republican, that party we will give the official votes:will have things their own way. As a United States Senator is to be elected the coming winter, there are, of course, a great many candidates for that exalted position, some worthy and capable, and others very unworthy and incapable. We have heard the names of David Wilmot, Morton McMichael, Alex. K. M'Clure, Ex. Gov. Pollock, A. H. Reeder, Thaddeus Stevens, Eli Slifer, Henry C. Carey, and Wm. B. Mann, mentioned in connection with this office; and doubtless there are scores of others who would have no objection to serve

THE DIFFERENCE.—Our opposition friends are delighted because Foster did not get the 83,199 majority we predicted, and think we made a big mistake. We did, but not near as big as the mistake they made in 1856. They then expected to elect Fremont, and he was beat 164,206 votes. Now smoke that in your pipes.

withstanding the apparent sweep the opposition made last Tuesday, that they lose two members in Pennsyl. parties: vania, (probably three,) and cannot gain any in New York, but may lose half a dozen in the latter state, thus throwing both branches of Congress into the hands of the Democracy.-The following is a list of

Upon enquiry relative to the condition of things 'up there," we ascertained that no property was for sale, the owners expecting to go back in a brief period. As the Democrats take plenty of provision with them to last until their recall, they expect a jolly time of enjoyment in their temporary banishment. In the return procession we noticed but few articles of furniture, (they having left it up, it being scarcely worth while of removal, their sojourn in the settlements being so limited.) but an immense number of empty

The above fellow followed closely after the boats containing the empty barrels, and we judged him to be one of the crowd that kept the "ball a rolling." He bears on his features appears to be of rather more assistance to him than he to the ball.

Not knowing that they had any, we looked at the lot under the hammer to see what it was composed of, and found it to consist of rotten planks, blue lights, Harper's Ferry Pikes, and Covode's reports .-seeking the "Free Homes for Free Men." They anxiously inquired where the land of promise might be found. We referred them to the mud boat "C. O. U. Rier" for the requisite information. The "Lands for the Land. less" party, we referred to the "Li. banon Dimy-Krout." We also met a party of "Protectionists" on foot, on the banks of the river. The best thing of the campaign, in this borough, transpired on Saturday evening. A large party of Democrats took up their "bags and baggage," and set out for "Salt River," with banners, torches, &c. HOSTETTER'S

STOMACH BITTERS.

The proprietors and manufacturers of HOS-TETTER'S CELEBRATED STOMACH BIT-TERS can appeal with perfect confidence to physicians and citizens generally of the United States, because the article has attained a reputation heretofore unknown. A few facts upon this point will speak more powerfully than volumes of bare assertion or blazoning puffery. The consumption of Hostetter's Stomack Bitters for the last year amounted to over a halfmillion bottles, and from its manifest stendy increase in times past, it is evident that during the coming year the consumption will reach near one million bottles. This immense amount could never have been sold but for the raise medicinal properties contained in the preparation, and the sanction of the most prominent physicians in those sections of the country where the article is boot known, who not only recommend the Bitters to their patients, but are ready at all times to give testimonishs to its efficacy in all cases of stomachic derangements

emeasy in all cases of atomachic derangements and the diseases resulting therefrom.

This is not a temporary popularity, obtained by extraordinary efforts in the way of trumpeting the qualities of the Bitters, but a solid

estimation of an invaluable medicine, which is destined to be as enduring as time itself. Hostetter's Stomach Bitters have proved a Gedeend to regions where fever and ague and various other bilious complaints have counted their victims by kundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsia and like diseases, is to the proprietors a source of unalloyed pleasure. It removes all-morbid matter from the stomach, purifies the blood, and imparts renewed vitality to the nervous system. giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mildly but powerfully, and soon restores them to a condition essential to the healthy discharge of the functions of nature.

Elderly persons may use the Bitters daily as per directions on the bottle, and they will find in it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonic, and rejuvenating generally. We have the evidence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stomach derangements and general debility; acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so harassing that many of them sink under the trial. The relation of mother and child is so absorbingly tender, that the mother, especially if she be young, is aptito forget her own health in her extreme anxiety for her infant. Should the period of maternity arrive during the summer season, the wear of body and mind is generally aggravated. Here, then, is a necessity for a stimulant fo recuperate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mother generally prefer the Bitters to all other invigorators that receive the endorsement of physics. cians, because it is agreeable to the taste as well as certain to give a permiament merease of bodily strength.

All those persons to whom we have particularly referred above, to wit: sufferers from fever and ague, caused by malaria, diarrhor, dysentery, indigestion, loss of appetite and all diseases or derangements of the stomach, superannuated invalids, persons of sedestary occupation, and nursing mothers, will consult their own physical welfare by giving to Hos-tetter's Celebrated Stomach Bitters a trial.
