ITEMS .--- There is a protracted meeting now in progress in the Methodist Episcopal

Church, in this Borough, (Mr. Irvin's.) There destructive fire took place in this bound if on Fiday, stadow, of last week. The stiggste Steam Planing Mill of Messres Gasser and Gettle, on Pinegrove road, was entirely de-stroyed. Some contend that the fire was the work of an incendiary, while others assert that the friction of the machinery produced it. The hands had just left for dinner, when, in a few moments, the flames were observed to burst out, and owing to the combustible nature of every-thing within renew the whole building, together with an out-building and stable, were soon a mass of flames. There was nothing saved except the books of the firm and some little work. All the machinery, comprising a Flooring machine, Sur-face Planer, 2 Stickers, Gross-out Saw, Tenenting story stone house, and a 2 story log house, with 45 acres and 87 perches land, sold to John Weise no change. There is but little export demand for FLOUR, and a few hundred barrels sold at for \$7,750-Situate in Heidleberg twp. --- Swatara Collegiate Institute, sold to Wm. A. A GREAT MEDICINE FOR FEMALES Hundreds of stimilation have been invented and sold 'purporting to be specific in the various diseases' and de rangements to which the delicate form of woman render hor subject. The result of these stimulants has been in inpart momentary activity, to the nervous system, and false vigor to the muscles'; but this relief has been suc ceeded by a depression and prostration greater than be-fore; and the repeated attempts of invalids to build the uselves up by these false remedies, have finally end-ed in destroying what little with organization was left.
