Special Aotices.

THE PECULIARITIES of the female THE PEOULIARITIES of the female constitution and the various trials to which the sex is subjected, demand an occasional recourse to stimulants. It is important, however, that these shall be of a harm-less nature, and at the same time accomplish the desired end. Restetter's Celebrated Stomach Ritters is the ve-ry article. Its effects in all cases of debility are almost magical. It restores the tone of the digestive organs, infnees fresh vitality into the whole system, and gives that cheerfulness to the temperament, which is the most valuable of familine attractions. The proprietors feel flattered from the fact that many of the most prom-iment medical gentlemen in the Union have bestowed encomlums upon the Bitters, the virtues of which they have frequently tested and acknowled. There are numerous counterfeits offered for sale, all of which are destitute of merft, and positively injurious to the sys-tem. Sold by all druggists and dealers generally every-where. See advertisement in another column. January, 30, 1861.-1m.

THE GREAT FEMALE MEDICINE. — The functional irregularities peculiar to the weaker sex, are invariably corrected without pain or inconve-nience by the use of Judson's Mountain Herb Fills.— They are the sofest and surcet medicine for all the dis-cases incidentia to females of all ages, and more ospe-cially so in this climate. Ladies who wish to enjoy health should always have these Fills. No one who over uses them once will allow herself to be without them. They remove all obstruc-tions, purify the blood and give to the skin that bean-tiful, clear and healthful look so greatly admired in a beautiful and healthful look so greatly admired in a beautiful and healthful look so greatly admired to four should be taken each day, until relief is obtained. A few doses, occasionally, will keep the system so healthfy, and the blood so pure, that diseases cannot enter the body. Sold by all Medicine Dealers. Dr. Geo. Ross and D. S. Raber, Lebauon.
