A GREAT EVILL-We have the ox-. prience of years to assert that on the morning of each election day the tickets disappear faster than it is almost possible to print and distribute them. Parties then charge each other with destroying tickets, &c. While some may occasionhe destroyed maliciously, the real cause of disappearance of the tickets, is that candidates seek them out to paste their own names thereon, or etherwise alter them. Unfortunately they do not think that ten, twenty or fifty such tickets are more than enough in most cases, but they fill their pockets as do their friends, not with any evil intent, but under the iden that "they may be wanted." Now this is all wrong. If candidates want the tickets of their opponents they should supply themselves with them in an honest way. If we print the Democratic ticket it is presumed that the men thereon pay for the it is presumed that the men thereon pay for the same, hence, they are their property, and though they do bestow them to the public for voting facilities, their opponents have no right to carry them about in their pockets for emergencies. And the same rule holds just as good with tickets of the positions. It such cardidates with tickets of in particular kind they should have them written or printed to suit themselves, and at their own expense.

ONLY DISCOVERY Wotrthy of any Confidence for RESTORING

THE BALD AND GRAY

MANY, since the great discovery of Prof. Wood, have
M. attempted not only to initiate his restorative, but
profess to have discovered something that would produce results identical; but they have all come and gone,
being carried away by the wonderful results of Prof.
Wood's preparation, and have been forced to leave the
field to its resistless sway. Read the following:—
Bath. Majne, April 18th, 1859.
Prof. C. J. Wood & Co.; Gents:—The letter I wrote
you in 1856 concerning your villuable Hair Restorative,
and which you have published in this vicinity and elsewhere, thas given rise to numerous enquiries touching
the facts in the case. The enquiries are, first, is it a
fac: of my habitation and name, as stated in the communication; second, is it true of all therein contained; fac: of my habitation and name, as stated in the communication; second, is it true of all therein contained;
third, does my hair still continue to be in good order
and of natural color? To all I can and do answer invariably yes. My hair is even better than in any stage
of my life for 40 years past, more soft, thrifty, and better colored; the same is true of my whiskers, and the
only canse why it is not generally true, is that the
substance is washed off by frequent ablution of the face
when if care were used by wiping the face in close connection with the whiskers, the same result will follow
as the hair. I have been in the receipt of a great number of letters from all parts of New England, asking me
if my hair still continues to be good; as there is so much
fraud in the manufacture and sale of various compounds
as well as this, it has, no doubts been-basely, imitated
and been used, not only without any good effect but to
absolute injury. Lhave not used any of your Restorative of any account for some months, and yet my hair
is as good face, eyer, and hundred's have examined it with
supprise, at I am now 61 years old and not a gray hair

ilve of any account for some months, and yet my hair is as good as eyer, and hundreds have examined it with surprise, ar I am now 61 years old and not a gray hair in my bead or on my face; and to prove this fact, I send you a lock of my hair taken off the past week. I received your favor of two quart bottles last summer, for which I am grateful: I gave it to my friends and thereby induced them to try it, many were skeptical until after trial, and then purchased and used it with universal success. I will ask as a favor, that you send me a test by which I can discover fraud in the Restorative, sold by many, I fear, without authority from you. A pure article will insure success, and I. believe where good effects do not follow, the failure is caused by the impure article, which curses the inventor of the good. I deem it my duty as heretofore, to keep you apprised of the continued offect on my hair, as I assure all who enquire of me of my unshaken opinion of its valuable results. I remain, dear sir, yours,

A. C. RAYMOND.

Aarons, Run Ky., Nov. 30, 1858.

Prof. O. J. Woon: Dear Sir.—I would certainly be doing you a great injustice not to make known to the world, the wonderful, as well as the unexpected result. I have experienced from using over bottle of your Hair Restorative. After using every kind of Restoratives extant, but with out success, and finding my head nearly destitute of hair. I was finally induced to try a bottle of your Hair Restorative. Now, candor and justice compel me to announce to whoever may read this, that I now poseess a new and beautiful growth of hair, which I pronounce richer and handsomer than the original was. I will therefore take occasion to recommend this invaluable remedy to ALL who may feel the necessity of it.

Respectfully yours, Rey. S ALLEN BROCK.
