So silently we seemed to speak, So slowly mered about, As we had lent her half our powers To see her living out. Our very hopes belied our fears, Our fears our hopes belied— We thought her dying when she slept, And sleeping when she died.

For when the morn came dim and sad,
And chill with early showers,
Her quiet eyelids closed—she had
Another morn than ours."

FEVER! I—One of the greatest remedies that has everbeen laid before the public, for Fever and Ague, and
which have received the highest encomiums from the
press and the people, is DR. J. HOSTETTER'S CELFBRATED BITTERS. Who would endure the tortures
arising from this terrible disease, when it can be so easily cured? Who would endure sleepless nights, burning fevers and icy chills, alternately. when a remedy
can be obtained for a mere trifle? And yet how many
families linger out a painful oxistence under this deadly blight, and do nothing but gulp down quintne, until
it becomes as common as their daily meals, and yet they
are not relieved. None but the foolish and weak would
hesitate to procure those valumble Bitters, and save

And testimonials, new, and almost without number, might be given from lades and gentlemen in all gardes of society, whose united testimony none sould resist, that Prof. Wood's Hair Restorative will resiste the Bald and gray, and preserve the hair of the youth to old age, in all its youthful beauty.

Prof. Wood's Hair Restorative will resiste the Bald and gray, and preserve the hair of the youth to old age, in all its youthful beauty.

Prof. Wood: Thee wilt please accept a line to inform thee that the hair on my head all fell off over twenty years ago, caused by a complicated chronic disease, attended with an eruption on the head. A continual course of suffering through life having reduced me to a state of dependence, I have not been able to obtain stuff for caps, neither have I been able to do them up, in consequence of which my head has suffered extremely from cold. This induced me to pay Briggs's Hodges almost the last cent I had on earth for a two dollar bottle of thy Hair Restorative about the first of August last. I have faithfully followed the directions and the bald spot is now covered with huir thick and black, though short, it is also coming in all over my head.—Feeling confident that another large bottle would restore it entirely and permanently, I feel anxious to preserve in its use, and being destitute of means to purchase any more. I would ask thee if thee wouldst not be willing to send me an order on thin agents for a bottle, and receive to thyself the scripture declaration—the reward to those that are kind to the wildow and the fatherless."

Prof. O. J. Wood: Dear Sir—In the latter part of the year 1852, while attending the State and National Law School of the State of New York, my hair, from a capse unknown to me. commenced falling off very rapidly, so that in the short space of six months, the whole upper part of my scalp was almost entirely bereft of its covering and much of the remaining portion upon the side and back part of my head shortly after became gray, so that you will not be surprise

more intimate acquaintunces, were to recognize me, at all.

I at once made application to the most skillful physicians in the country, but, receiving no assurance from them that my hair could again be restored, I was forced to become reconciled to my tate, until, fortunately, in the latter part of the year 1857, your Restorative was recommended to sine by a druggist, as being the most reliable Hair Restorative in usc. I tried one bottle, and found to my great satisfaction that it was producing the desired effect. Since that time. I have used seven dellars' worth of your Restorative, and as a result, have a rich coat of black hair, which no money can buy.
