CHILLS AND FEVER! CHILLS AND CHILLS AND FEVER! CHILLS AND FEVER! -- One of the greatest remedies that has ever, been laid before the public, for Fever and Ague, and which have received the highest encombums from the press and the people, is DR. J. HOSTETTEN'S CELE-BRATED BITTERS. Who would endure the tortures arising from this terrible discase, when it can be so ea-sily curod? Who would endure steepless nights, burn-ing fovers and icy chills, alternately, when a remedy can be obtained for a mers trifle? And yet how many families linger out a painful existence under this dead-ly blight, and do nothing but gulp down quinine, muli it becomes as common as their daily meals, and yet they are not relieved. None but the foolish and weak would hesitate to procure these vulnable Bitters, and ave-themselves intense agony. Sold by all druggists and dealers generally everywhere. Capt. Faber's company of Jonestown volunteers, whose trip to Harrisburg, to "tender their services to the government, we no-"ticed last week, were not accepted, and consesequently were obliged to return home. A number of the members, however, remained, and joined other companies, as we are informed. It seems to us that Government does wrong in send ing back such men, as the time will no doubt soon come when they may want them, and when they will not be so freely offered. Still, they have only shared a like fate of many others, there being 283 companies who have offered and are not yet accepted.

SERIOUS ACCIDENT .--- On Saturday evening, as Mr. George Henry, of Belleview. was returning from Lebanon, with a companion, in a one-herse wagon, while passing at a fast gait down the hill at Gloninger's Spring, he acbidentally fell out of the wagon, receiving a severe wound on the head, dislocating his right shoulder, and being otherwise badly bruised.-He was brought to Mr. Carmany's Hotel, in this borough, by Mr. E. Hartman, in an unconscious state, where his injuries were attended to by Dr. Marshall, and was otherwise kindly cared for by the household of Mr. Carmany. He remained unconscious until about 1 o'clock, on Sunday morning. His injuries are very serious but we understand not dangerously so.

Billous Disorders ... Liver Complaints

From Dr. J. G. Green, of Chicago. Your Pills have had a long triad in my practice, and I hold them in extnem as one of the best aperients I have ever found. Their alterative effect upon the liver makes them an excellent remedy, when given in small doses for billouit dyscutry and diarrhows. Their sugar-coating makes them very acceptable and convenient for the use of women and children. medicinal properties contained in the prepara-tion, and the sanction of the most prominent physicians in those sections of the country where the article is best known, who not only Dyspepsia, Impurity of the Blood.

recommend the Bitters to their patients, but are ready at all times to give testimonials to its efficacy in all eases of stomachie dorangements and the diseases resulting therefrom.

This is not a temporary popularity, obtained by extraordinary efforts in the way of trum-peting the qualities of the Bitters, but a solid estimation of an invaluable medicine, which is destinated to be ar destination of the formation of the solution of destined to be as enduring as time itself. Hostetter's Stomach Bitters have proved

Godsend to regions where fever and Agus and various other bilious complaints have and various other billous complaints have counted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsia and like diseases, is to the proprietors a source of un-alloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, and imparts renewed vitality to the nervous system, giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mildly but powerfully, and soon restores them to a condition essential to the healthy discharge of the functions of nature.

Elderly persons may uso the Bitters daily as ber directions on the bottle, and they will and in it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonie, invigorating to his bowels, excellent as a tone, and rejtivenating generally. We have the sti-dence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stomach de-rangements and general debility; acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the inerits of this article. A few words to the continue and. There are certain meriods when gentler sex. There are certain periods when their cares are so harassing that many of them sink inder the trial. The relation of mothes and child is so absorbingly tender, that the mother, especially if she be young, is apt to forget her own health in her extreme anticity for her infant. Should the period of maternity arrive during the summer season, the wear of body and mind is generally aggravated. Here, then, is a necessity for a stimulant to recupe-rate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers generally prefer the Bitters to all other invigora-tors that receive the endorsement of physi-cians, because it is agreeable to the taste as well as cortain to give a permanent increase of bodily strength.

All those persons, to whom we have partisularly referred above, to wit: sufferers from fever and ague, caused by malaria, diarrhose dysentery, indigestion, loss of appetite, and all diseases or derangements of the stomach, superannusted invalids, persons of sedentary occupation, and nursing mothers, will consult their own physical welfare by giving to Hos-tetter's Celebrated Stomach Bitters a trial.

CAUTION .- We caution the public against using any of the many initiations or counter-feits, but ask for Hosrerran's Calebrated STOMACH BITTERS, and see that each bottle has the words "Dr. J.
