It was originally commenced for a company in South Carolina. but upon the breaking out of the Rebellion, work was suspended thereon, until the new company in Liebanon revived the order. This was contrary to the programme, and the company of Capt. Lantz's opponent withdrew from the Regiment. Capt. Lantz and others immediately proceeded to organize another company in its place to preserve the Regiment, when lo, orders came for two other companies belonging to the Regiment to hold themselves in readiness to proceed to Camp at Eiston, thus effectually breaking up the Regiment. This change will give a daylight run between Harrisburg and New York, and no doubt give satisfaction to Business men and others who prefer the accomodations of this Train.

IMPORTANT TO TEACHERS .- It is officially announced by the head of the School Department that "county superintendents are instructed to grant no more certificates after the first Monday in June, 1861, without an examination into the theory and practice of teaching, and to mark the proficiency in both the certificates according to the same scale (from ene to five) with the other branches. THE PRINTER SOLDIERS.—A com-

onny of printers from the ranks of the Fifth Pennsylvania Regiment, have taken possession of the printing offices in Alexandria, relieving the Michigan boys. They will issue on Sunday morning the first humber of a Union newspaper, inder the auspices of the new Provost Marshal, Captain Medler.

Lieut. John P. Ely, of Capt. Ulrich's company 3. from Lebanon, is said to be the editor of the paper, and that it will be printed in English and Jermon. We trust John will X.

Among the names of the compositors of the above paper we notice S. W. Lascomi and J. Y. Ely, also of Lebanon. The paper is styled the Pennsylvania Fifth. The Philadelphia Inquirer says it is "the first Republican paper printed in Virginia." It is strange that those intense "no party" men and papers of the north cannot forget party. Moreover, we do not believe that the Fifth is a Republican paper, because, if John P. Ely were now editing such a paper it would be the strangest "ground and lofty tumblies" in politics we ever heard of. We hold to the opinion that it is a Union paper, as stated in our first paragrah, and which is a horse of quite a different color.

LIEUT. WM. M MISSEMER, of the Lebanon Guards, is one of the assistants at the Marshall House, Alexandria, doing the honors of giving visitors information and showing the house. It is said that the whole house is being carried nway in pieces as trophies of war.

We may before long accept the invitation, and pay our respects to the "two angels. one devil. and the volunteer editor" mentioned by our friend of the Pottsville Standard. But we cannot spoil the effect of our former notice by a retraction. We will state, however, that the editor has returned from the wars, and that the Standard is now, as it has been all along, regularly issued; that it is a good paper; terms \$2; and hope an X.

"THE LIFE OF THE FLESH IS IN THE BLOOD," was said by inspiration long before Harvey's discovery of its circulation had brought to light its purposes and uses. Now we know not only that "life is in the bload," but that disease inhabits it "Itte is in the olded," but that disease inhabits it also. Many of the disorders that pervade the human frame, have their home in it, thrive and grow in it. The celebrated Dr. J. C. Ayer, of Lowell, has had regard to this important fact in making a Remedy to cure these disorders. His Extract of Sarsaparilla purges out the impuri-tics of the blood and induces a healthy action in it that expels disease. This looks reasonable, and it is true, for we known by our experience. Soldom as we take any medicine, we have nevertheless several times been under obligations to the skill of Dr. Ayer for the relief which his remedies never fail to afford us when we are obliged to have recourse to them .- [Catholic, Hal
