WATERL). THE DAY AFTER
Though many a brave spirit fell on Sunday last, the slaughter was not quite equal to that in which Napoleon was deprived of his prestige. We read that on the surface of two square miles at the battle of Waterloo, it was ascertained that fifty thousand men and horses were lying!

The luxurious crop of ripe grain which had covered the field of battle was reducted to litter and beaten into the earth, and the surface trodden down by the cavalry and furrowed deeply by the cannon, strewed with many a relic of the fight. Helmets and cuirasses shattered fire-arms and broken swords, all the variety of military ornaments, lanced caps and Highland bonnets; uniforms of every color, plumes and the surface trodients, the apparation of the fight ed to litter and beaten into the earth, and the surface trodden down by the cavalry and furrowed deeply by the cannon, strewbroken swords, all the variety of military nets; uniforms of every color, plumes and pennons; musical instruments, the apparatus of artillery, drums, bugles; but, good God! why dwell on the harrowing picture of a foughten field? Each and every rulinous display bore mute testimony to the misery of such a battle. In many places the dead lay four deep upon each other, marking the spot some British square had occupied, exposed for hours to the murderous fire of a French battery. Outside, lancer and chasseur were scattered thickly on the earth. Madly attempting to force the serried bayonets of the British, they had fallen in bootless essay by the musketry of the inner files. Further on you trace the spot where the cavalry of France and England had encountered: and the heavy Norman horswith the gay charger that had carried Albion's chivalry. Here the Highlander and traileur lay, side by side, together, and the heavy dragoon, with green Erin's badg.

On the summit of the ridge, where the ground was cumbered with the dead, and trodden fetlock deep in the mud and gore by the frequent rush of cavalry, the thickstrewn corpses of the imperial guard pointed out the spot where Napoleon had been defeated. Here, in column, that favored corps, on whom his last chance rested, had been annihilated; and the advance and repulse of the guard was traceable to a mass of fallen Frenchmen. In the hollow, the last struggle of France had been vainly made; for there the old guard attempted to meet the British and afford time to their disorganized companions to rally.

Cornstalks .- Old Hurricane says, "there is great evil and mistake in feeding to much coarse material to animals." If he means musty straw, or moldy, frost bitten cornstalks, such as farmers had last fall he is right. But we have a farmer here who keeps nearly one hundred equinines, great and small, and many blood bovines, entirely on chopped cornstalks, through the winter months, adding a little corn meal, and I have seen his heifers leave hay to eat the finely cut cornstalks without meal. But all the stalks are cut up as soon as the corn was glazed, put in small HAIR JEWELRY STORE stacks at first, and them two or three of No. 206 North 8th Street, above Race, Phil'a,

How often you hear a faraner say, "my cattle won't touch straw until cold weather sets in," then if they don't have straw, they must have more hay or suffer.

SMART SCHOLAR .- "Did you ever see an elephant skin!" asked a teacher in an infant school in a fast neighborhood. "I have!" shouted a six year old boy at the foot of the class.

"Where?" inquired the teacher, considerably amused at his earnestness. "On the elephant," shouted the prodigy, gleefully.

ARITHMETICAL PROGRESSION.—One of the writer's schoolmates was always behind with his lessons. Upon one occasion, his teacher, in an academy in which he had managed to obtain entrance, was endeaved. managed to obtain entrance, was endeavoring to explain a question in arithmetic to him. He was asked:

"Suppose you had one hundred pounds, and were to give away eighty pounds, how would you ascertain how much you had remaining!"

His reply set the teacher and scholars in a roar; for, with his own peculiar drawl-

tone, he exclaimed: "Why, I'd count it!"

05 It is said that while Senator Wilson was making his masterly retreat in Virginia, on being repulsed by a teamster whose wagon he sought to occupy, he protested, in plaintive accents, that he was Henry Wilson, of Massachusetts. The response of the teamster was to the point -"Henry Wilson be d-d. I have kicked him off the wagon six times already."

A WISCONSIN SOLDIER. - A young man applied at a recruiting station across the way for enlistment was asked "if he could sleep on the point of his bayonet," when he promptly replied by saying, "He could try it, as he had often slept on a pint of whiskey, and that they used in Wisconsin would kill further than any shooting iron he ever saw."

MHS valuable preparation, freed of all the common components, such as Opiates, or Expectorants, which not only run down the system, but destroy all chance of cure, will be found on trial to possess the following properties, and to which the most valuable testimonials may be found in the pamphlets.

For wheeping Cough, and as a Scothing Syrup, it meets every want, and by early use will ave the largest proportion of ruptures in children which can be traced to Whooping Cough.

In ordinary Coughs and Bronchial Complaints, the forerunners of Consumption, its splendid tonic properties make it not only the most perfect enemy to disease, but builds up and sustains the system against recurrence of the Complaint. No nursery should be without it, nor should parents fail to get a pamphlet, to be found with all dealers, as the only way to do justics to its value.

Tills great Neuralgic Remedy and Natural Opiate Calls for special attention and interest, being free of Opium, or or preparations of Opium, or of any but its strictly vegetable and medical properties. highly beneficial, and in others effected a decided cure.

This is a purely vegetable compound, prepared on strictly
scientific principles, after the manner of the celebrated
Holland Professor, Borhave. Its reputation at home produced its introduction here, the demand commencing with
those of the Fatherland scattered over the face of this
mighty country, many of whom brought with them and
hunded down the tradition of its value. It is now offered
to the American public, knowing that its truly wonderful
medicinal virtues must be acknowledged.

It is particularly recommended to those persons whose
constitutions may have been imprised by the continuous use
of ardent spirits, or other forms of dissipation. Generally
instantaneous in effect, it finds its way directly to the esat
of life, thrilling and quickening every nerve, raising up the
dreoping spirit, and, in fact, infusing new health and vigar

AYER'S

Sarsaparilla FOR PURIFYING THE BLOOD.

and for the speedy cure of the following complaints: Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Seres, Eruptions, Pimples, Pustules, Biotches, Boils, Blains, and all Skin Diseases.

Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.

Oakland, Ind., 6th June, 1859.

J. C. Ayar & Co. Gents: I feel it my duly to acknowledge what your Sarsaparilla has done for me. Having inherited a Scrotulous infection, I have suffered from it in various ways for years. Ecmetimes it burst out in Ulcers on my lands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and overed my scalp and ears with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejuiced to read in the thespel Messager that you had prepared an alterative (Sarsapariila), for I knew from your reputation that any thing you made must be good. I sent to Gineinnati and got it, and used it till it cured me. I took it, as you advise, in small doses of a tenspoonful over a month, and used almost three botties. New and healthy skin soon began to form under the scab, which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostles of the age, and remain over gratefully.

ALFILED B. TALLEY.

and remain over gratefully. Yours,
ALFRED B. TALLEY, St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head, Ringworm, Sore Eyes, Dropsy. Dr. Robert M. Preble writes from Salem, N. Y., 12th Sept., 1859, that he has cuved an inveterate case of Drossy, which threatened to terminate fatally, by the persevering use of our Sarsaparilla, and also a dangerous Malignant Erysipeles by large doses of the same; says he cures the common Eruptions by it constantly. Bronchocele, Goltre or Swelled Neck.

Leucorrhea er Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases. Uterine Ulceration, Female Diseases.

Dr. J. B. S. Channing, of Naw York City, writes; "I most cheerfully comply with the request of your agent in asying I have found your Saranantilla a most excellent alterative in the numerous openplaints for which we employ such a remely, but especially in Franke Diseases of the Scrofulous diathesis. I have cured many inveterate cases of Leucerthean by it, and some where the complaint was caused by ulceration of the necessary. The ulceration itself was soon cired. Nothing within my knowledge equals it for these female derangements."

Edward S. Marrow, of Newbury, Ala., writes, "A dangerous sestion tumor on one of the females in my family, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Saranaparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your Sursaparilla as the last resort before cutting, and it proved effectual. After-taking your remedy eight weeks no symptom of the disease remains."

Sy philis and Mexcurtal Disease.

Syphilis and Mercurial Disease. DR. J. C. Ayrar Sir, I cheerfully comply with the request of your seent, and report to you some of the effects I have realized with your Sarsaparilla.

I have cured with it, in my practice, most of the complaints for which it is preconnected, and to be found in I have realized with your Sarsaparilla.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Feneral and Mercurial Disease. One of my patients had Spinilitic ulcers in his throat, which were consuming his paiste said the top of his mouth. Your Sarsaparilla, steadily takes, cured him in five weeks. Another was attacked by secondary symptoms in his nege, and the ulceration had esten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla; the ulcers healed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so sensitive to the weather that on a damp day she suffered excruciating pain in her joints and bones. She, too, was cured entirely hy your Sarsaparilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your laboratory must be a great remaily; consequently, these truly remarkable results with it have not surprised me.

Fraternally yours. G. V. LARIMER, M. D.

Rheamatism, Gout, Liver Consplaint.

Rhenmatism, Gout, Liver Complaint. INDEPENDENCE, Preston Co., Val. 6th July, 1859.
DR. J. C. Aver: Sir, I have been afflicted with a painful chronic Rheumedism for a long time, which builded the skill of physiciaus, and stuck to me in 'spite of all the remedical could find, until I tried your Sursaparilla. One bottle cured me in two weeks, and restored my general health so muich that I am far better than before I was attacked. I think it a wonderful medicine. J. FREAM. Attacked. I think it a wonderful medicine. J. PREAM.

Jules V. Getchell, of St. Louis, writes: "I have been
sflicted for years with an affection of the Liver, which
destroyed my health. I triat every thing, and every thing
failed to relieve me; and I have been a broken-down nan
for some years from ne other cause than derangement of
the Liver. My beloved pastor, the Rev. Mr. Espy, advised
me to try your Sarsaparilla, because he said he knew you,
and any thing you made was worth trying. By the blossing of tool at has comed mesouch has so purified my blood
as to make a new man of me. I feel young again. The
best that can be said of you is not half good enough." Schirrns, Caneer Tumors, Enlargement, Ulceration, Carles and Exfoliation of the Bones.

A great variety of cases have been reported to us where cares of these formidable complaints have resulted from the use of this remedy, but our space here will not admit tham. Some of them may be found in our American Almanac, which the agents below named are pleased to furnish gratis to all who call for them. Dyspepsia, Heart Lisense, Fits, Epilop-sy, Melancholy, neuralgia. Many remarkable cares of these affections have been made by the alterative power of this medicine. It stimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its caseb. Each a remedy has long been required by the necessities of the people, and we are confident that this will do for them all that medicine can do.

of the Disease.

This is a remedy so universally known to surpass any other for the cure of throat and lung complaints, that it is uscless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth. Few are the communities, or even families, among them who have not some personal experience of its effects—some living trophy in their midst of its victory over the aubits and dangerous disorders of the throat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the victues that it did have when making the cures which have won so strongly upon the confidence of mankind.
