Pimples, Fustules, Blotches, Boils, Blatas, and all Skin Diseases, OAKLAND, Ind., 6th June, 1889. J. C. ATTR & Co. Gents: I feel it my duty to ze-knowledge what your Sarsaparilla has done for me. Having inlicited a Scrödlous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulers on my hands and arms; semetimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and overred my scap and ears with one sore, which was painful and loathsome beyond description. I tried many modicines and serend physicians, but without much rollef from any thing. In fact, the disorder grew worse. A thength I was rejoiced to read in the Gospiel Messager that you had prepared an alternitye (Sarseparilla), for I knew from your reputs-tion that any thing you made must be goed. I sent to Cincinnatiand cot it, and used it till it cured me. I took it, as you advise, in small doses of a tesponful over a would, such used into st three bottes. New and healthy skin soon begon to form under the goab, which after a while fill off. My skin is now elear, and I know by my feelings that the discuse has gone from my system. You can well believe that I feel that I am asping when I tell you, that I hold you to be one of the apostles of the age, asid remain ever gratefully. Yours, ALERIED B. TALLEY.
