## HOME AFFAIRS.

Papt. Long's Company has now 95 men on the list.

The Harrisburg. City Zouaves visited our Pair and Col. McCarter's volunteers on Tuntsday last, and were the observed of all observers. They are a fine looking company, good

looking men and drill to perfection. Good Pay.—Suppose a private to have served one year, and that being the end of the war, his acrount with the government, reduced to a cast endantion, would stand about thus:-For 12 months' pay at \$13 per month,
For 12 mos. commutation for clothing, at \$33/4,
For 12 mos. commutation for rations, \$12, For grant of 160 ages of land (in prospect,)

Total for the year, \$602 00 And supposing his average travel from the place of corollment to the place of muster to be 2009 miles, he receives \$50 (56 cents for each 20 'miles) and the same on his discharge; and if in Mhe cavelry service \$25 is addition.

The Fair of the Lebanon County Agricultural Society, last week, was attended by an immense number of people. The articles on \*axhibition were not so many as at previous fairs, but of a superior kind. Among the cattle we notice specially a magnificent bull, exhibited by C. P. Stinemetz, of South Anville. He is of the Durham breed, and weighs over 2300 pounds .-Mr. Stinemets obtained him in the West. The vegetables exhibited by Cornwall Anthra-

War demands sacrifice and that sacrifice is being made at the CREAP CASH Store of R. Dewalt, who is now in the city of New York purchasing a complete assortment of Fancy Goods. The stock of New York Goods will be open for inspection by Friday: R. Dewalt is proving to the people that the cash system is more advantageous to the purchaser than the erguit system. Cull and examine for yourselves the cheap and designble stock of Dry Goods, Queensware, Grandries, &c.

On Friday afternoon at 2 o'clock afters will be a meeting at the Court House of Ladies of Lebanon county, interested in the knitting of Socks (woolen) for our soldiers. The work is going on very encouragingly, and it is hoped that their will be a large representation of ladies present. By Order of

Count Cavour the Sardinian Statesman died on the 6th of June, aged nearly fifty two years; having been born July 14, 1809, in the city of Turis. Except Napoleon III, Count Cayour was the ablest Stateman of Europe, if not of the world. Victor Emanuel can never sup ply the place of his faithful minister, unless he comes over and takes Cheap John. He is equal to any emergency, as he proves daily by the manner in which he mannes his own business. and sells cheaper than the cheapest.

MILTERY UNIVORMS .- There is, perhaps no department of military business in which haps. No department of military business in which there has been a more marked improvement than in the clothing of the soldiers. Not many years since officers and privates were clad in garments which were almost, skin-tight, They, wore leather, stokes, which were worthy of the name, for they kept the werer in tribulation; while their padded breasts and sigit eleeves made volition a matter of great difficulty. During the present war, such of our volunteers as procure their uniforms at the Brown Slone Clothing Hall of Rocknill A Wilson, Nos. 603 and 606. Ohestunt street, above Sixth, Philadelphia, obtain, slothing that is perfectly easy, substantial and becoming. The firm named have gone largely into the business of making Military Clothing, and thir facilities enable, them to fill the largest orders in the shortest possible time.

A REWARD IS OFFERED for the decetion of any person counterfeiting, imitating, or the vender of any such counterfeit or imitation of BER-HAVES HOLLAND BITTERS. The genuine, highly concentrated Holland Bitters is put up in half pint bottles only, having the name of the proprietor, B. This delightful Aroma has been received by Americans, with the favor which is only extended to really scientific preparations. When we consider the marked success attending its administration, in the most stubborn cases of Pever and Ague, Weakness of any kind brappska, Heartburn, Acidity of the Stomach, Sick and Nervous Headache, Indigestion. Costiveness and Piles, tegether with the complete control it exercises over all Nervous, theumatic, and Nerralgic Affections, we cannot wonder at its popularity. Well may the invalid value this remedy.

[August 7-1m.

IT IS COMMON OBSERVATION that there IT IS COMMON OBSERVATION that there are more sufferers from debility, among a mericans, than can be found among any other civilized nation. The reason is obvious. We take too little exercise, and forget the wants of the body in the absorbing pursuits of business. In all such cases, ordinary midiciaes can do little good. What is required is just such a tonic and livigorator as Dr. J. Hostetter has given to the world, in his CELEBRATED "BITTERS." The weak and nervous denizes of the counting house, the exhausted toiler upon the shop-board, and the prostrated student of the midnight lamp, have found a wonderful regenetor in the "Bitters," and prefer it to more protentious, but less efficacious medicines. But it should not be forgotten that the agent which is senergly debilitated, is acqually powerful in assisting nature to expel the most terrible forms of disase. Who would not give it a trial? Sold by druggists and dealers everywhere.

DELIBIUM TREMENS .- For this, the DELIBIUM TREMENS.—FOr this, the most awful of all complaints by its cause, and by its effect, finds a sure remedy in Hunnewell's Tolu Anodyne. Be marked was its effect on a violent case, that a physician remarked that "it might cause drunkenness, by the case with which it was cured!" The giving of opinm actually aggravates the case, reproduces a counter delirium, and it requires no argument to prove that this is a stop to cure. This contract of the Anodyne with preparations of opinm, we ask to be proved by all, and are willing to rest on results alene. Read the pamphlet, and follow directions carefully. See advertisement.

AYER'S CATHARTIC PILLS.

Are you sick, feeble, and complaining? Are you out of order, with your system deranged, and your feelings unconfortable? These sysuptons are often the prelude to serious illness. Some fit of sickness is creeping upon you, and should be averted by a timely use of the right remedy. Take Ayer's Pilis, and cleanse out the disordered humors—purify the blood, and let the fluids suove on unobstructed in health again. They stimulate the functions of the body inte vigorous activity, phrify the system from the obstructions which make disease. A cold settles somewhere is the bedy, and observed.

the obstructions which make disease. A cold settles somewhere is the bedy, and obstructs its natural functions. Tiese, if not relieved, react upon themselves and the surrounding organs, producing general aggravation, suffering, and disease. While in this condition, oppressed by the derangements, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint, is also true in many of the deep-scated and dangerous distempers. The same purgative effect exples them. Caused by similar obstructions and derangements of the natural functions of the body, they are rapidly, and many of them mely, cured by the same means. None who know the virtues of those Pills, will neglect to employ them when suffering from the disorders they ourse.

Statements from leading physicians in some of the principal cities, and from other well known public persons.

From a Forwarding Merchant of St. Louis, Feb. 4, 1856. True a Forwarding Merchant of M. Loint, Fuc. 4, 1856.

Dr. Aven: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and fest that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Pills, and they have cured her.

ASA MORGRIDGE. As a Family Physic.

From Dr. E. W. Cartheright, New Orleans.

Tour Pills are the prince of purges. Their excellent qualities surpaiss any cathartic we possess. They are mild, but very certain and effectual in their action on the lowels, which makes them invaluable to us in the daily treatment of disease.

PR. J. C. Ayer. Sir: I have been repeatedly cured of the worst headache, any hody can have by a dose or two of your Pills. It seems to arise from a foul stomach, which they cleanse at once.

Billous Disorders - Liver Complaints. From Dr. Therdore Bell, of New York City.

Not only are your Fills admirably adapted to their purpose as an aperient, but I find their beneficial effects upon the Liver very marked indeed. They have in my practice proved more effectual for the cure of billous coinplatific than any one reachly I can mention. I sincerely replace that we have at length a purgative which is worthy the confidence of the profession and the people.

Department of the Interior, Wishington, D. C., 7th Feb., 1856.

Sire: I have used your Pilks in my general and hospital practice ever since you made them, and cannot hesitate to say they are the best cathartic we employ. Their regulating action on the liver is quick and decided, cousequently they are an admirable remedy for derangements of that organ. Indeed, I have schoon found a case of bilious disease so obstimute that it did not rendly yield to them. Fraternally yours, ALONZO BALL, M. D.,

Linguistan of the Marine Hospital.

Dysentery, Diarrhea, Relax, Worms. Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best aperients I have ever found. Their sugar-coating makes thom very acceptable and convenient for the use of women and children.

Too much cannot be said of your Pills for the cure of costieness. If others of our fraternity have found them as efficacious as I have, they should join me in proclaiming it for the 'benefit of the multitudes who suffer from that complaint, which, although had enough in itself, is the progenitor of others that are worse. I believe costieness to originate in the liver, but your Pills affect that originate in the disease.

From Mrs. E. Stuart, Physician and Midwife, Boston. I fluid one or two large doses of your Pills, taken at the proper time, are excellent promotives of the natural secretion when wholly or partially suppressed, and also very effectual to eleman the stomach and expel worms. They are so much the best physic we have that I recommend no other to my patients.

RESTORATIVE CORDIAL BLOOD RENOVATOR

PROF. WOOD'S

Is precisely what its name indicates, for, while pleasant to the taste, it is revivifying, exhilariting, and strengthening to the vital powers. It also revivifies, reinstates, and renews the blood in all its original purity, and thus restorescand renders the system invulnerable to attacks of disease. It is the only preparation ever-offered to the world in a popular form so as to be within the reach of all. So chemically and skillfully combined as to be the most powerful tenic, and yet as perfectly adapted to as to act in perfect accordance with the laws of nature, and hence southe the weakest stomach, and tone up the digestive organs, and allay all nervous and other irritation. It is also perfectly exhibarthing in its effects, and yet it is never followed by lassitude or depression of spirits.—It is composed entirely of vegetables and those theroughly skilled in medical science, and lass distribution in skill on the medical world, both by the thoroughly skilled in medical science, and also by all who have suffered from debility; for it needs no medical skill or knowledge even to see that debility follows all attacks of disease, and lays the unguanted system open to the attacks of minty of the most, durgerous to which poor humanity is constantly fable.—Such, for example, as the following: Consumption, Bronchitts. Indigestion, Dyspensia, Loss of Appetite, Faintness, Nervous irritability. Neuralitia, Paipliation of the Heart. sockardly fatal if unattended to in time, called Fameloly. Hypochandria, Night Sweats, Langaor, Didnines, and all that class of enses, so lear folly fatal if unattended to in time, called Fameloly, Hypochandria, Night Sweats, Langaor, Didnines, and all that class of enses, so lear folly fatal if unattended to in time, called Famelon, the beauty of the Bringeron of the Bringer

inot only cure the debi lity following Chills and Fever, but prevent all attacks arising from Missmatic Influences, and cure the diseases at once, if already attacked. And as it acts diseases once, if already attacked. And as it nots directly and persiste, thy upon the bilarry system, arousing the Liver to action, promoting, in fact, all the excretions and secretions of the system, it will intallibly prevent any deliterious consequences following upon change of climate, and water, hence all travelers should have a bottle with them and all should take a table spoomful at least before enting. As it prevents costivenes, strengthens the digestive organs, it should be in the hands of all persons of sedentary habits students, ministers, literaprevents costiveners, strengthens the digestive organs, it should be in the kands of all persons of sedentary habits students, ministers, literary men. And all ladies not accustomed to much out door exercise should always u.e it.—If they will they will find an agreeable, pleasant, and efficient remedy against those ills which rob them of their beauty; for beauty cannot exist without health, and health cannot exist while the above irregularities continue.—Them again, the Cordial is a perfect Mother's Relife. Taken a month or two lefore the final trial slp will pass the dreadful period with perfect case and safety. There is in mistake about it. this Cordial is all we claim for it. Mothers try it? And to you we spend to detect the fillness or decline not only of your daughters before it be too late, but also your sons and husbands, for whils the former, from false, delinear, go down to a premature grave rather than let their condition be known in time, the latter are often so mixed up, with the excitement of business that if it were not for you they too would travel in the same thourward path, until too late fo arrest their fath fall. But the mother is always vigilant, and to you we confidently appeal; for we are sure your never taiting affection will unceringly, point you to Professor Wood's Rest, rative Cordial and Blood Renovator as the remely which should be always on land in time of need. Lebanon. July 17, 1861. HOSTETTER'S

STOMACH BITTERS. The proprietors and manufacturers of HOS-TETTER'S CELEBRATED STOMACH BIT-TERS can appeal with perfect confidence to physicians and citizens generally of the United States, because the article has attained a reputation heretofore unknown. A few facts und this point will speak more powerfully than volumes of bare assertion or blazoning puffery. The consumption of Hostetter's Stomach Bitters for the last year amounted to over a half-million bottles, and from its manifest steady increase in times past, it is evident that during the coming year the consumption will reach near one million bottles. This immense amount could never have been sald but for the rare medicinal properties contained in the preparation, and the sanction of the most prominent physicians in those sections of the country where the article is best knewn; who not only recommend the Bitters to their putients, but are ready at all times to give testimonials to its efficacy in all cases of stomachie derangements and the diseases resulting therefrom.

This is not a temporary popularity, ebtained by extraordinary efforts in the way of truspeting the qualities of the Bitters, but a solid estimation of an invaluable medicine, which is destined to be as enduring as time itself. Hostetter's Stomach Bitters have proved a Godsend to regions where fever and ague and various other bilious complaints have counted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsia and like diseases is to the preprint or a source of the diseases, is to the proprietors a source of unalloved pleasure. It removes all morbid matter from the stomach, pupifies the blood, and imparts renewed vitality to the nervous system giving it that touc and energy indispensable for the restoration of health. It operates upor the stomach, liver, and other digestive organs mildly but powerfully, and soon restores then to a condition essential to the healthy discharge of the functions of nature.

Elderly persons may use the Bitters daily as per directions on the bottle, and they will find n it a stimulant peculiarly adapted to comfor declining years, as it is pleasant to the palate invigorating to the bowels, excellent as a tonic and rejevenating generally. We have the eviwho have experienced the benefit of using this proparation while suffering from stomach de rangements and general debility; acting under the advice of physicians, they have abandon all deleterious drugs and fairly tested t merits of this article. A few words to the gentler sex. There are certain periods whe their cares are so harassing that many of their sink under the trial. The relation of mother and child is so absorbingly tender, that the mother, especially if she he young, is apt if forget her own health in her extreme anxiet for her infant. Should the period of maternial arrive during the summer season, the wear extraction of the statement of the st body and mind is generally aggravated: Here then, is a necessity for a stimulant to recuprate the energies of the system, and enable it mother to bear up under her exhausting tria and responsibilities. Nursing mothers generally profer the Bitters to all other invigor tors that receive the endorsement of physics. cians, because it is agreeable to the taste well as certain to give a permanent increa of bodily strength.

All those persons, to whom we have partied larly referred above, to wit: sufferers fre ever and ague, caused by malaria, diarrho dysentery, indigestion, loss of appetite, a all diseases or derangements of the stomac superannuated invalids, persons of sedental occupation, and nursing mothers, will constitute own physical welfare by giving to Hefetter's Celebrated Stomach Bitters a trial. CAUTION .- We caution the public again using any of the many imitations or count feits, but ask for Hostetten's Celebrat STOMACH BITTERS, and sec that each boffle ! the words the J.
