HOME AFFAIRS. Hymns and Chants with Offices of Devotion for Sunday and other Schools.—Arranged according to the Church Year.—Published by the Sunday School of St. John's Church,

A copy of a fittle work with the above title has been laid upon our table. The editor and author, whom we recognize as the Pastor of St. John's church, saws in the Prefere by wen of Author, whom we recognize as the Pastor of St.
John's church, says in the Preface, by way of
justification for adding another to the many
Hymn Books already out, that a real want seems
to exist, for a work of this sort. Many of the
hymns in former books are of a sentimental, purely intellectual, or emotional character; neither springing from the heart, nor going to the heart. Intended to be adapted to the infant mind, they yet entirely miss their aim, being children instead of childline; and hence, like the toys of childhood, they are thrown aside in later years, while the memory and the heart cling with a strong attachment to those mysteries of Faith, presented in verse, at a time when the youthful mind could not understand, and the tongue could barely lisp, the words in which they were clothed. Hymns of a doctrinal, didactic, and sentimental character—such as are designed to alarm, instruct, or exhort—or are expressive of morbid feelings of despondency, &c.,—or have reference to spe-eial occasions, as anniversaries—are from this little work excluded, for the most part; and such only a similated, as conform to the idea of worship, as "called forth by a gracious power exerted upon our faith by the true objects of christian worship and love—God the Father, Jesus Christ the Son, the Hely Ghost the Comforter; by the great facts of redemption, the Birth, Suffering, Death, Resurrection, Ascension, Intercession and Reignman of Jesus Christ, by the Parson and work of

While therefore, the little book contains hymns which are familiar to us from our Sabbath School days, we find, moreover, a large number, (per-haps the greater number) which are new to us; and which reflect the simple, happy style of one whose writings, in poetry and prose, have already delighted and benefitted so many readers. Another new feature in the work is the attempt, (which we believe will ultimately be successful) to introduce chanting into Sabbath and Week day achools. Usually this style of music has been appropriated by church choirs; but we see no reason why it should not be adopted as well by children in the school. The free, ad libitum, yet majestic movement of the chant is believed to satisfy fully the joyous outgushings of child-head; and a number of psalms, with the music attached, are appended to the end of the book. Altogether, we are glad to chronicle the ap-pearance of such a book, and are convinced by the reasoning which seeks to justify its appearance; and we wish the undertaking, accordingly, and not doubtingly, a full measure of success.

J. H. NEIMAN, the editor of the Easton Sentinel, whose office was destroyed by a Easton Sentinet, whose omee was averaged on the mob, a few weeks ago, has been elected to the like that we are engaged in, must be wrapped up so completely in egotism and intolerance that it would be idle to waste time, paper or words upon it.

We were ordered out yesterday to resist the additional the rest to loosen its bonds, that it might sour away to its eternal rest in Heaven.

Cyrus Heisy, son of John Heisy, of North Lebanon, died in Camp, at Point of Rocks, Virginia, on the 16th inst., after a short sickness. He belonged to one of the Philadelphia regiments, and had been in service about 3 months. He was about 22 years of age, and is represented as having been a brave young soldier. His remains reached this place on Friday, and were interred in the Evangelical burying ground, with military honors, -the Perseverance Band; a company from Camp Coleman, and many citizens being in attendance.

George V. Mace, M. D., of Shaefferstown, has received an appointment as Surgeon

J. A. Light, from Camp Coleman. It was his Rebels. last seconsion, he having volunteered for the war. He is a daring and successful balloonist, and will also prove O. K. on the field of battle.

Receis.

If I am lucky enough to come out alive, I shall give you the details of whatever happens. We have every confidence in our gallant young General, and there is not a wan whom I have heard

JAMES SIMMERS died at the Poor House last week. Jim was a character. He loved his bottle, and the boys loved him because he afferded them amusement. He was harmless, God send that he may prove to the world that and bad no enemy in the world but himself .-Worthless as he was, the announcement of his death was received by many with regret, and his absence will be missed equally with that of many in a far better and more useful position in society. He had been alling for some weeks, and at last was obliged to go to the poor house—his greatest dread-where he soon died.

ums, published last week, several errors occurred. The first premium for the best Family horse (\$6) was awarded to Mr. George Youtz, of Cornwall. The Holstein and Alderney Cattle was exhibited by R. W. Coleman, and not by "Cornwall Anthracite."

The soldiers at Camp Coleman recelved their uniforms last week, and a better looking set of men than they now are cannot be found. The uniform consists of sky-blue overcoat, dark blue frock coat, blouse, pants and cap. The muterfal sceme to be of good quality. They now only want arms to be fully equipped for Dixters DA . S. T. . . . . .

Several men from Camp Coleman were discharged by Judge Pearson last week, who were brought liefore him on write of habeas corpus. Under age and other excuses.

BARN DESTROYED BY FIRE -On Sunday evening the 13th insta the log barn on the Farm of Mr. John Kreider, in Alsace township, Barks county, took fire and was entirely consumed together with all the crops, grain, hay, &c., and a fine helfer which fell a pray to the devouring clement. Mr. Kreider feels the loss severely as there was no lusurance on the building, and his first drops being all destroyed. It is supposed to have been the work of the incendiary.

Cant. Long's company is now so mear full, that but oalf a dozen men are wanted. On Saturday this company visited Shaefferstown on foot. They were well and kindly received by the ditizons, who, also, presented through the hands of Dr. Zerbe, a splendid sword to Lieut. D. C. Dissinger. The honor is a well deserved

The citizens of North Lebanon also presented Capt, Long with a sword lately.

Capt. Wm. M. Missemer, of the 3 months' volunteers, is raising a company of Light Cavalry, to be attached to Gen. Williams' brigade. The prospects for its success are fine, having already near 60 mon promised.

Capt. Daugherty's company is now full-made so by incorporating Capt. Yeakle's company with it.

We were shown several strawber. ries on Monday, from the bed of Mr. A. Wilhelm, at Cornwall, -- something unusual for this season.

The communication from Camp Hunt, signed "Lebanon" had better not be published. We shall not withfield from the public just complaints of our soldiers, relative to their treatment, but as the matters spoken of should be settled where they occur, making them public here would only greate ill-feeling, without any good resulting therefrom.

DELIRIUM TREMENS—FOR LINE, thus most awful of all complaints by its cause, and by its effect, finds a sure remeryed that the method as the matter public plus complaints by its cause, and by its .. good resulting therefrom.

A soldier of Capt. Long's company, at Camp Coleman, died suddenly on Friday last. He had been drinking, which was propably the cause of his death. We did not learn his name. LETTER FROM CAPT. LANTZ'S COMPANY.

## HEAD QUARTERS, 7th Regiment, Company C, Oct. 13, 1861.

Editor Advertiser :- We have at length been pushed forward, and now tread the so-called sacred soil of Virginia. Alas! sacred no longer. The machinations of desperate villains and the polluting steps of armed traitors have effaced all the respect and veneration once entertained by the entire people of the Union for the Mother of Presidents. The country is almost depopulated; splendid mansions deserted and neglected, and nought to be seen but armed soldiers on either

We occupy a position about six miles from the Chain Bridge to the South of the Leesburg and Winchester Road. The enemy are in full view of us, having taken a position upon a commanding eminence about three miles from our camp, where they were busy yesterday mounting heavy guns. There is no doubt but that an engagement is close at hand; in fact it cannot be avoided longer if they mean fight. We are held in readiness for action at a moment's notice, and as our Brigade is the Advance of our troops in this direction, we are likely to have a part in the beginning of the fray. Many a cheek will turn pale, many a lip may blanch on the approach of the deadly contest, but depend upon it the hearts of the soldiers are beating eagerly to avenge the deaths of those who have been butchered by these ungodly traitors. There is a fixed determination to be noticed upon the countenance of the men, when called into line, at each alarmi and an earnest desire to obey the orders issued. that indicate more to my mind than all the noise ing of Jesus Christ; by the Person and work of the Holy Ghost; and by the Church, with its holy secrements and motherly nature."

and momentary enthusiasm of an excited mass.

And I take this occasion to say, in reference to our own company although not arrivale. our own company, although not entirely made up of men born in Lebanon, is now considered one of, if not the best in the Regiment or the Brigade. There has never been a call to arms, but that our company has been first ready to move; and has been complimented frequently by the commanding officers for their promptness .-The fact of not all being residents of Lebanon should weigh nothing, as the people are well aware of the fact of the country wanting soldiers at the time of the company organizing; and God knows that the young men of Lebanon were afforded every chance to fill it up. But it is a war for the Union, and he who is patriot enough to risk his life in the defence of our Flag, which is the common property of all, deserves the commendation of all good men, no matter where he comes from or who he is. Whatever honor is gained in this contest will reflect upon the place the company came from, as we are known entirely as a Lebanon company. And the prejudiced and anrew minded jeniousy that would make a ethercalized in its essence, while her struggling gained in this contest will reflect upon the place the company came from, as we are known entiredistinction of birth place, or residence, in a cause est Captain in the Regiment.

we are all well, and Lieut. Levengood is just packing his dry goods in case of a sudden emergancy, from the State Government. The medical profession of this county will be well and ably represented in the service of the county.

We are all well, and Lieut. Levengood is just packing his dry goods in case of a sudden emergancy. He says we can look out for a fight any minute, and the old horse has seen enough to know. Capt. Lantz is also sitting alongside, and you would think we were the horppiest family in creation. If you could only peep in on us. We expect a good bowl of bean soop for dinner, which Henry Geesy, of Myerstown, who is also present, says he is bound to taste, Rebels or no Rebels.

speak yet but is willing to die under him. He is just the may for the time; no bombast; no red tape; but straight forward and manly.—Looking to the comfort of the humblest soldier, as well as to the highest under his command. our country has still great men.

Having been up since three o'clock, I shall have to close as we have much to do. Yours,

MILITARY UNIFORMS.—There is, perhaps no department of military business in which haps and départment of military business in which there has been a more marked improvement than In the clothing of the soldiers. Not many years, since officers and reprivates were clad in garments which were almost skin tight. They were leather stocks, which were worthy of the name, for they kept the wearet in tribulation; while their padded breasts and tight sleeves made voltition a matter of great difficulty. During the present war, such of our volunteers as procure their uniforces at the Brown Stone Clothing Hall of Rockhill & Wilson. Nos. 603 and 605 Chestant street, above Sixth. Philadelphia, obtain clothing that is perfectly easy, substantial and becoming. IT IS COMMON OBSERVATION that there IT IS COMMON OBSERVATION that there are more sufferers from debility, among Americans, than can, be, found among any other civilized nation. The reason is obvious. We take too little exercise, and forget the wants of the body in the absorbing pursuits of business. In all such cares, ordinary medicines can do histiegeod. What is required is just such a tonic and invigorator as Dr. J. Hostetfer has given to the world, in his .CELEBRATED "BITTERS." The weak and nervous denizen of the counting house, the exhausted toller upon the shop-board, and the prostrated student toller upon the shop-board, and the prostrated student of the midnight lump, have found a wonderful regenetor in the "Bitters," and prefer it to more protentions, but less efficacious medicines. But it should not he be forgotten that the agent which is merely debilitated, is fluence upon a frame which is merely debilitated, is fluence upon a frame which is merely debilitated, is terrible forms of disase. On the 20th inst., Mrs. LAURA CHRISTINF SOPHIE, consort of Mr. Augustus WEBER, of North Lebanon berough, after a lingering sickness, which she bore with christian resignation and patience. Her funeral will take place on Wednesday at 1 P. M., to which her numerous friends and acquaintances are hereby invited.

Communicated.1 At last, after years of inconceivable suffering, the anguished frame is at rest; and the freed spirit has flown to its happy, heavenly home. And this is the last of one of the best, gentlest, purest, humblest, kindest, and most patient of God's children upon earth. Those who knew her not may call this flattery; but her friends, who are many, will tensfully acknowledge its truthfulness as to the departed. Unfortunately possessed of a most delicate physical organization, she was therefore most keenly alive to all disturbing impressions; and hence, in addition to that scourge of the human family—consumption—she was a constant sufferer from other ever varying and agonizing forms of disease. And while the neuteness of her sufferings availed the deepest company ness of her sufferings excited the deepest com-miseration of her friends, still more did her cheer-fulness and patience call forth their unbounded wonder and admiration. Indeed, it was a matter of daily remark, that, while the body was racked by pain inconceivable and indescribable, the soul looked out from a countenance irradiated with it might soar away to its eternal rest in Heaven.
At last, after patient—Oh, how patient—waiting, the hour of her deliverance has come; and vance of the enemy, if attempted; and the officers were presented with their commissions, the date of which makes Capt. Lantz the second old-while we stand around the sacred remains with a reverence amounting almost to worship, we feel the holy aspiration, that our latter end may be like theirs' who, through great tribulation, see

The weather is getting good and cool, and the health of the men improving—in fact we have scarcely any sick in the hospital, owing to the careful attention of Principal Surgeon, Dr. Green, who deserves a great deal of credit for the kindness and attention he extends to all who come under his care. Our Boys caught three live secessionists yesterday, and a dirtier set you never saw. They had scarcely clothes enough to cover their nakedness. They were skinning a pig, when caught, but I guess did not get much of that porker this time.

This Malady, the terrible consequences of which are

permanent cure in the most aggravated cases, whether

CATHARTIC PILLS.

AYER'S

Are yon sick, feeble, and complaining? Are you out of order, with your system deranged, and your feelings uncomfortable? These symptoms are often the prelude to serious illness. Some fit of sickness is creeping upon you, and should be averted by a timely use of the right remedy. Take Ayer's l'ills, and cleanse out the disordered humors—purify the bleed, and let the fluids move on unobstructed in health again. They stimulate the functions of the body inte vigorous activity, purify the system from the observations which make

of the body into vigorous activity, purify the system from the obstructions which nake disease. A cold settles somewhere in the bedy, and obstructs its natural functions. These, if not relieved, react upon themselves and the surrounding organs, producing general aggravation, suffering, and disease. While in this condition, oppressed by the derangements, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint, is also true in many of the deep-seated and dangerous distempors. The same purgative effect explicit the natural furnitions of the body, they are rapidly, and many of them-anely, cured by the same means. None who know the virtues of these Pills, will neglect to employ-them when suffering from the disorders they cure.

Statements from leading physicians in some of the principal cities, and from other well-known public persons.

From a Forwarding Merchant of St. Louis, Feb. 4, 1856. Dr. Approximating mercanity s. Jonas, 1 co. 3, 1000.

Dr. Aprel: Your bills are the paragon of all that is great in medicine. They have cared my little daughter of ulcerons seres upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and primples on her skin and in her hair. After our child was cured, she also tried in her hair. Atter our carred her.
your Phis, and they have cured her.
ASA MORGRIDGE.

As a Family Physic From Dr. E. W. Cartwright, New Orleans. Your Pills are the prince of purges. Their excellent qualities surpass any cathartic we possess. They are nild, but very certain and effectual in their action on the lowels, which makes them invaluable to us in the daily restricted of discrete. Headache, Sick Headache, Foul Stomach.

From Dr. Edward Boyd, Baltimore. Pron Dr. Edward Hoya, Battmore.

Dean Bino. Ayen: I cannot answer you what complaints:
I have cared with your Pills better than to say all that we ever treat with a purgative inclicine. I place great dependence on an effection callbartic in my daily contest with disease, and believing as I do that your Pills afford us the best we have, I of course value them highly.

DR. J. C. Ayer. Sir: I have been repeatedly cured of the worst headedn any body can have by a does or two of your Pills. It seems to arise from a foul stomach, which they cleanse at once.

ED. W. PREBLE,

Clerk of Steamer Clarion.

Bilious Disorders - Liver Complaints. From Dr. Theodore Boll, of New York City.

Not only are your Pills admirably adapted to their purpose as an apartent, but I field their beneficial effects upon the Liver very marked indeed. They have in my practice proved more effecting for the cure of bilious complaints than any one remedy I can mention. I sincerely rejoice that we have at length a purgative which is worthy the confidence of the profession and the people.

Department of the Interior, Washington, D. C., 7th Feb., 1880.

Srat I have used your Pills in my general and hospital practice ever since you made them, and cannot hesitate to say they are the best cathartic we employ. Their regulating action on the liver is quick and decided, consequently they are in admirable, remedy for derangements of that organ. Indeed, I have seldom found a case of bilious sissues so obtained that it did not readily yield to them. Fraternally yours, ALONZO BALL, M. D., Physician of the Marine Happital.

Dysentery, Diarrhea, Relax, Worms. From Dr. J. G. Green, of Chicago.

Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best aperients I, have ever found. Their siterative effect upon the liver makes them an excellent remedy, whon given in small doses for bilious dysentery and diarrheau. Their sugar-coating makes them very acceptable and convenient for the use of women and children.

Dyspensia, Impurity of the Blood. From Res. J. V. Himes, Yustor of Advent Charci, Buston.
Dn. Ayen: I have used your Pills with extraordinary success in my family and among those I am called to visit in distress. To, regulate the organs of digestion and purify the blood, they are the very best remedy I have ever known, and I can confidently recommend them to my friends.

Yours, J. V. HIMES.

WARSAW, Wyoming Co., N. Y., Oct. 24, 1855.
DEAR Sig.: I am using your Cathartic bills in my practice, and find them an excellent purcative to cleanse the system and purify the fundation of the thorat.

JOHN G. MEACHAM, M. D. Constipation, Costiveness, Suppression, Rheumatism, Gout, Neuraigia, Drop-sy, Paralysis, Fits, etc.

From Dr. J. P. Vanglen, Montreat, Geneda.

Too much cannot be said of your Pills for the cure of castieness. If others of our fraternity lave found then as efficacions as i have, they should join me in probabining it for the benefit of the multitudes who suffer from that complaint, which, although bad enough in itself, is the progenitor of others that are worse. I believe cos-tireness to originate in the liver, but your Pills affect that organ and cure the disease.

From Mrs. E. Stuart, Physician and Midwife, Boston. I find one or two large doses of your Pills, taken at the proper time, are excellent promotives of the natural secretion when wholly or partially suppressed, and also very effectual to cleanse the stamack and expel worms. They are so much the heat physic we have that I recommend no other to my patients. From the Rev. Dr. Hawkes, of the Methodist Epis. Church.

PULASKI HOUSE, Envannah, Ga. Jan. 6, 1886.
HONORED SIR: I should be inigrated for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excruenting neuroligic pairs, which ended in dramate rhemoretism. Notwithstanding Thad the best of physicians, the disease grow worse and worse, until by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their effects were slow, but sure. Ry persevering in the use of them, I am now entirely well. SENATE CHAMBER, Baton Rouge, La., 5 Dec. 1855. Dr. AYER: I have been cutirely cured, by your Pills, of Rheunatic Gout — a painful disease that had afflicted me for year.

PROF. WOOD'S RESTORATIVE CORDIAL BLOOD RENOVATOR

Druggist, Chemist and Apothecary, Feb. 15, 1860. Market street, Lebanon, Pa.

Is precisely what its name indicates, for, while pleasant to the taste, it is revivifying, exhilating, and strengthening to the vital powers. It also reivifies, reinstates and renews the blood in all its original purity, and thus restores and renders the system invulentable to attacks of disease. It is the only preparation ever offered to the world in a popular form so as to be within the reach of all. So chemically and skillfully combined as to be the most powerful tonic, and, yet so perfectly adapted to as to act in perfect accordance with the laws of nature, and hence soothe the weakest stomach, and tone up the digestive organs, and allay all nervous and other irritation. It is also perfectly exhibitating in its effects, and yet it is never followed by lassitude or depression of apirits. It is composed entirely of vegetables and those thoroughly combining powerful tonle and southing properties, and consequently can never in jure. Such a remedy has long been felt to be a desideratum in the medical world, both by the thoroughly skilled in medical science, and also by all who have suffered from deshility; for it needs no medical skill or knowledge even to see that debility follows all attacks of diseases, and lays the unguarded system open to which poor humanity is constantly liable.—Such, for example, as the following: Consumption, Bronchitis, Indigestion, Dyspepsia, Loss of Appetite, Faintness, Nervous Irritability, Neuralgia, Palpitation of the Heart, ordancholy, Ilypechondria, Night Sweats, Languor, Giddiness, and all that class of cases, so fearfully fatal if unattended to in time, called Remails and indeed we might enumerate many more still, but we have space only to say, it will not only cure the debility follows it delines and indeed we might enumerate many more still, but we have space only to say, it will not only cure the debility follows it chills and and goods turned out equal to new, by LYON LEMBERGER,

And as it acts directly and persists thy apon the biliary system, arousing the Liver to action, promoting, in fact, all the excretions and secretions of the system, it will intalify prevent any deliterious consequences following upon change of climate and water; hence all travelers should have a lottle with them and all should take a table spoonful at least before eating. As it prevents costiveness, strengthens the digestive organs, it should be in the bands of all persons of sedentary, tholis students, ministers, literary men. And all ladies not accustomed to much out door exercise should always us it.—
If they will they will find an agreeable, pleasant, and efficient remedy against those ills which rob them of their beauty; for beauty cannot exist without health, and health cannot exist with the above irregularities continue.—
Then again, the Cordial is a perfect Mother's fielief. Taken a month or two before the final trial she will pass the trendful period with perfect ense and safety. ### HOSTETTER'S STOMACH BITTERS.

The proprietors and manufacturers of HOS-TETTER'S CELEBRATED STOMACH BIT-TERS can appeal with perfect confidence to physicians and citizens generally of the United States, because the article has attained a reputhis point will speak more powerfully than volumes of bare assertion or bluzoning puffery. The consumption of Hostetter's Stomach Bitters for the last year amounted to over a halfmillion bottles, and from its manifest steady-increase in times past, it is evident that during the coming year the consumption will reach near one million bottles. This immense amount could never have been sold but for the rare medicinal properties contained in the preparation, and the sanction of the most prominent physicians in those sections of the country where the article is best known, who not only recommend the Bitters to their patients, but are ready at all times to give testimonials to its efficacy in all cases of stomachic deraugements and the diseases resulting therefrom.

This is not a temporary popularity, obtained by extraordinary efforts in the way of trumpeting the qualities of the Bitters, but a solid estimation of an invaluable medicine, which is: destined to be as enduring as time itself. Hostetter's Stomach Bitters have preveil a Godsend to regions where fever and agua and various other bilious complaints have counted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsia and like diseases, is to the proprietors a source of unalloyed pleasure. It removes all morbid matter from the stomach, purifies the bleed, and imparts renewed vitality to the nervous system, giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs,

to a condition essential to the healthy discharge of the functions of nature. Elderly persons may use the Bitters daily as per directions on the bottle, and they will find in it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate. invigorating to the bowels, excellent as a tonic, and rejuvenating generally. We have the evidence of thousands of aged men and women who have experienced the benefit of using this preparation while saffering from stomach derangements and general debility; acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so harassing that many of them: sink under the trial. The relation of mother and child is so absorbingly tender, that the mother, especially if she be young, is apt to forget her own health in her extreme anxiety for her infant. Should the period of maternity arrive during the summer season, the wear of body and mind is generally aggravated. Here, then, is a necessity for a stimulant to recuperate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers generally prefer the Bitters to all other invigorators that receive the endorsement of physicians, because it is agreeable to the taste as well as certain to give a permanent increase

All those persons, to whom we have particularly referred above, to wit: sufferers from fever and ague, caused by malaria, diarrhoea, dysentery, indigestion, loss of appetite, and all diseases or derangements of the stomach, superannuated invalids, persons of sedentary occupation, and nursing mothers, will consult their own physical welfare by giving to Hos-tetter's Celebrated Stomach Bitters a trial.

CAUTION .- We caution the public against using any of the many imitations or counterfeits, but ask for HOSTETTER'S CELEBRATED STOMACH BITTERS, and see that each bottle has the words "Dr.J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the
