Or The treaty with the King of Lagos for the cession of the isle and port of Lagos to Great Britain; is officially announced. This port of Lagos is one of the most valuable upon the African coast, its business amounting to upwards of ten millions of dollars annually. It is a rich acquisition to the British Government.

The Republican Senate of Connecticut ordered the removal of the portraits of Governors Toucey and Seymour from their chamber, on the ground that those two gentlemen "are silent" in these times—silence being accepted as presumptive evidence of treason. The other day when Mr. Buchanan wrote a letter in favor of the vigorous prosecution of the war, he was brutally assailed by the Press and other Republican papers, because he was not silent. So it is treason to speak and treason not to speak about the war.

MILITARY UNIFORMS.—There is, perthes, no department of nillitary business in which hips, no department of nillitary business in which there has been a more marked improvement, than in the clothing of the soldiers. Not many years, since officers and privates were clad in garments which were almost skincitight. They wore leather stocks, which were worthy of the name, for they kept the wearer in tribulation; while, their padded breasts and tight sleeves made volitions a matter of great difficulty. During the present war, such of our volunteers as procure their uniforms at the Brown Stone Clothing Hall of Rockhill Wilson, Rost 663 and 606 Chestnut street, above Sixtit, Philaticiphia, obtain clothing that is perfectly and largely jute the business of making Military Clothing, and their facilities enable them to fill the largest orders in the shortest possiblatime.

HOSTETTER'S STOMACH BITTERS.

The proprietors and manufacturers of HOS-TETTER'S CELEBRATED STOMACH BIT-TERS can appeal with perfect confidence to physicians and citizens generally of the United States, because the article has attained a repuation heretofore unknown. A few facts upor this point will speak more powerfully than volumes of bare assertion or blazoning puffery. The consumption of Hostetter's Stomach Bit-ters for the last year amounted to over a halfmillion bottles, and from its manifest steady increase in times past, it is evident that during the coming year the consumption will reach near one million bottles. This immense amount could never have been sold but for the rare medicinal properties contained in the preparaphysicians in those sections of the country where the article is best known, who not only recommend the Bitters to their patients, but are ready at all times to give testimonials to its efficacy in all cases of stomachie derangements and the diseases resulting therefrom.

This is not a temporary popularity, obtained by extraordinary efforts in the way of frumpeting the qualities of the Bitters, but a solid estimation of an invaluable medicine, which is destined to be as enduring as time itself.

Hostetter's Stomach Bitters have proved a Godsend to regions where fever and agued and various other bilious complaints have counted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsia and like discases, is to the proprietors a source of unalloved pleasure. It removes all morbid matter from the stomach, purifies the blood, and imparts renewed vitality to the nervous system, giving it that tone and Chergy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mildy but poworfully, and soon restores them to a condition essential to the healthy discharge

of the functions of nature. Elderly persons may use the Bitters daily as per directions on the bettle, and they will find in it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate. invigorating to the bowels, excellent as a tonie, and rejuvenating generally. We have the evidence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stomach derangements and general debility; acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so harassing that many of them sink under the trial. The relation of mother and child is so absorbingly tender, that the mother, especially if she be young, is apt to forget her own health in her extreme anxiety for her infant. Should the period of undernity arrive during the summer sensor, the wear of body and mind is generally aggravated. Here, then, is a necessity for a stimulant to recupe-rate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers generally prefer the Bitters to all other invigorators that receive the endorsement of physical cians, because it is agreeable to the taste as well as certain to give a permanent increase of bodily strength.

All those persons, to whom we have particularly referred above, to wit: sufferers from fever and ague, caused by malarin, diarrhead dysentery, indigestion, loss of appetite, and all diseases or derangements of the stomach, superannuated invalids, persons of sedentary occupation, and nursing mothers, will consult their own physical welfare by giving to Host tetter's Celebrated Stomach Bitters a trial. CAUTION .-- We caution the public again using any of the many imitations or counterfeits, but ask for Hosterter's CELEBRATE Brongen Bitteus, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stampe on the metallic cap covering the cork, an observe that our autograph signature is on th
