Ogoula has the reputation of being the greatest hunter of elephants in all the country about here As he could speak Mpongwe, he told me some of his adventures, which proved, indeed, that he was a daring and expert fellow. Going out on the hunt one day he met two elephants. Being alone, he carried but one gun, and would have retreated and watched for a safer chance; but the great beasts saw him and did not give him an opportunity. He was obliged to make a stand, and taking good aim, killing one elephant. Unfortunately it was the female, and the male, seeing his partner fall, immediately rushed at him. He turned to retreat, and caught his foot in a trailing vine. The more he struggled the less he got loose, and in the meantime his pursuer was tearing down everything in his way, and was almost on top of him when he got his foot loose, and in desperation swung himself into a young sapling which stood at hand. He had scarcely done this when the elephant, trumpeting with rage was beneath him. He seized the sapling with his trunk, and swayed it violently back and forth determined to pull it down .-But as it swung on one side, Ogoula, nimble through desperation, was able to catch at another which stood near, and when the elephant seized this he gave himself a great swing, and caught the outstretched branch of a huge full grown tree, climbed to a safe height, in which he could afford to laugh at the vain rage of his enemy .-African Explorations.

HASTY PUDDING, OR "MUSH."-No one ever "took sick" from eating mush and milk, or fried mush in any suitable quantity. (We know a student well, who left the active labors of the farm to pursue his studies in an Academy. The first term, he used a variety of food, and was in poor health. The last term of 11 weeks, he cat only mush and milk, for breakfast, dinner and supper, and actually grew fat on it while he lost all headache, and though pursuing five heavy studies, he was first in his class, and went through the term strong and vigorous, without one hour of lost time though he worked enough in the field and garden at eight cents an hour, to pay all his expenses.) "Mush and milk" is seldom relished, because few people know how to make the mush. The whole secret is in cooking it thoroughly. Rightly made it is not "hasty pudding." A well made "mush" is one that has not boiled less than a full hour. Two hours are better. The meal needs to be cooked; then it is both good and palatable. The rule is: Mix it very thin and boil it down, avoiding any burning or scorching, and salt it just right to suit the general taste -Prepare a good kettle full at supper, to be eaten with milk, sugar, molasses, syrup, or sweetened cream, or sweetened milk. If a good supply be left to cool, and be cut in slices and fried well in the morning, the plate of wheaten bread will be in little demand. It must be fried well, not crisped, or burned, or soaked in fat. If thoroughly cooked in the kettle, it will only need to be heated through on the griddle. If not cooked in the kettle, longer frying will be necessary.

The following wonderful story is told in the Fewilleton of the Courier des Etats Unis, the contributor having received it direct from Paris, where it is traced to an eye-witness. The military ardor of "le grande nation" was never more pleasantly illustrated; and with the story-teller, that "the trait of heroism is worthy of being immortalized." It is thus written down "in all its touching simplicity.

The emperor was reviewing a body of infantry, when his eye was caught by a drummer with only one arm, but wlo was, nevertheless, still playing.

"Where is your left arm?" said he. "At Solferino, sire."

"You shall have a pension of four hundred francs from my private purse." "And if I should leave the other on the

same road, sire?" "This," replied Napolean, pointing to his own rosette of an officer of the Legion

of Honor. "The cross!" exclaimed the drummer: and, carried away by a transport of enthusiasm, the new Porsenna, with the remain

ing arm, drew his sabre, and at one vigcrous blow cut it clean off. The question here is, how he did it?

Major General Hunter, the success sor of General Fremont in the command of the Western Department, is a native of the District of Columbia, but was appointed to West Point from Illinois, in 1818.— On graduating in 1822, he entered the army as first lieutenant June, 1828; was made captain First dragoons March, 1833; resigned July 4th, 1836. He again entered the army from Illinois in November, 1841, as temporary paymaster; he was appointed paymaster 14th March, 1842 and was connected with that department, of the service up to the breaking out of SLATE, which he offers at less price than they can be the rebellion, when he was promoted to Brigadier General and placed in the field. He had been recommended by the Illinois delegation in Congress, for promotion as Major General. He was acting Major General in charge of the Third division of the United States forces at Bull Run.

THE SPECIFIC PILL

A SPECIFIC REMEDY FOR

Spermatorrhea, or Seminal Weakness, and Spermatorrhea, or Seminal Weakness, and Genital Irritability in cither Sex.

This hlaindy, the terrible consequences of which are too well known to require more than a bare allusion to them, is one of the most insidious, and therefore dangerous, of all the long catalogue of human ills. It saps the very springs of Life, rapidly undermines the constitution, and sinks the unbappy victim into imbediity and a premature grave! From one to six boxes of the SPECIFIC FILL are generally sufficient to effect a permanent cure in the most aggravated cases, whether Constitutional, or arising from Abuse or Excesses.

MEDICAL TESTIMONY. "We believe it to be, in the treatment of Spermatorrhea, as near a Specific as any medicine can be."—B.

TMIS valuable preparation, freed of all the common components, such as Opiates, or Expectorants, which not only run down the system, but destroy all chance of cure, will be found on trial to possess the following projectics, and to which the most valuable testimonials may be found in the pamphlets:

For whooping Cough, and as a Soothing Syrnp, it meets every want, and by carly use will save the largest proportion of ruptures in children which can be traced to Whooping Cough.

In ordinary Coughs and Bronchial Complaints, the forerunners of Consumption, its splendid tonic properties make it not only the most perfect enemy to disease, but builds up and sustains the system against recurrence of the Complaint. No nursery should be without it, nor should parents fail to get a pamphlet, to be found

AllIS great Neuralgie Remedy and Natural Opiate calls for special attention and interest, being free of Opium, or preparations of Opium, or of any but its strictly vegetable and medical properties. For Nonralgia, Rheumatism, Gout, Tooth and Ear Ache, Spinal Complaints, Bleeding at Lungs or Stomach, Rose or Hay Fever, Catarrh, and all minor Nervous Complaints. For Loss of Siesp, Chronic or Nervous Head Ache, Sick Head Ache, it has no equal, and to which we offer estimonials from undoubted sources.

For Delicium Tremens it is a Sure Romedy.

For Bowel Complaints, including Cholera Morbus, it is splendidly adapted, in not only removing the pains but acting as physic, a great contrast with Opium, which not only constipates and drugs the system, but makes the remedy worse than the disease.

From physicians we ask attention, and on demand Formulas or Trial Bottics will be sent, developing in the Anodyne an Opiate which has long been wanted, and in the Cough Remedy such as rest entirely on one central principle.

Battle Creek, Mich., Dec. 21st, 1838.

Ph. Dan: Thee wilt please accept a line to inform thee they hair on my head a't foll off over twenty years my, does by a complicated chronic disease, attended with an emption on the head. A continual source of suffering through life having reduced me to a state of dependence, I have not been able to obtain stuff for a s. neither have I been able to do them up, in consequence, of which my head has suffered extremely from cold. This induced me to pay briggs & Hodges almost the last cent I had on earth for a two dollar bottle of thy llair Restorative, about the last of August last. I have faithfully followed the directions, and the bald spot is now covered with hair thick and black, though sort. It is also coming in all over my head. Feeling confident that another large bottle would restore it entirely and permanently, I feel anxious to persevere in its use, and being destitute of means to purchase any more, I wend saik thee if thee wealdst not be willing to sand me-anjerder on thine agents for a bottle, and receive to thyself the Scripture declaration—the reward is to those who are kind to the widow and the fatherless." Thy friend, SUSANNAH KIRBY.

Ligonier, Noble Co., Indiana, Feb. 5th, 1859.

PROF. Of M. Woon—Dear Sir —In the latter part of the year 1852, while attending the State and National Law School of the State of Now York, my hair, from a cause unknown to me, commenced falling off very rapidly, so that in the short space of six months the whole upper part of my scalp was almost entirely bereft of its covering, and much of the remaining portion upon the side and back part of my head shortly after became gray, so that you will not be surprised when Lell-you that upon my return to the State of Lodiana, my more intimate acq

more intimate acquaintances were to recognize me at all. I at once made application to the most skillful physicians in the country, but, receiving no asstraince from them that my hair could again be restored, I was forced to become reconciled to my side, until fortunately, in the latter part of the year 1857, your Restorative was recommended to me by a druggist, as being the most reliable lhair Restorative in use. I tried one bottle, and found to my great satisfaction that it was producing the desired effect. Since that time I have used seven dollars' worth of your Restorative, and as a result, have a rich coat of very soft black hair, which no money can buy.

As a mark of my gratitude for your labor and skill in the production of so wonderful an article, I have recommended, its use to many, of my friends and acquaintances, who, I am happy to inform you, are using it with like effect. Very respectfully yours,

Attorney and Counsellor at Law.

"Lebanon Valley Institute;" Annville, Lebanon county, Penn'a., UNDER THE SUPERINTENDENCE OF

W. J. BURNSIDE, A. M. THE DESIGN OF THE SCHOOL is to meet, as far as may be, the requirements of a progressive age. The course of study being so arranged and extended that pupils of any age or degree of advancement may be entered to nearly equal advantage, and embracing in its different departments those Branches of Education most useful or desirable in the different spheres of life. THE ENGLISH DEPARTMENT designed mainly to impart a thorough, practical education, which may be turned to account in the transactions of business.—
The Classical Department embracing the study of the Classics, ancient and modern, with a view to cultivate the taste—to refine and elevate the mind, or as a basis to the study of what are called the learned professions. A Normal on Teachers? Department, in which an experience of more than twelve years, in schools of various grades and in different sections of the Union, will be drawn upon in familiar lectures, illustration and example, to impart a knowledge of the ART of TRACHEM.

THE DISCIPLINE is gentle but firm. No unnecessary restraints are instituted for the sake of mere, effect,—but such as are deemed conductive to the moral or mental welfare of the student will be rigidly enforced. Students from abroad can board, (unless otherwise desired) in the family of the principal. And over these aparental control will be exercised during their stay. They will not be allowed to be absent from the Institute at unseasonable hours; to visit faverns or places of amusen in without permission; or to be absent from their places in school on any pretext except sickness or permission of parent or guardian.

THE LOCATION is pleasant, healthful and secluded; in a flourishing little village—surrounded by a picturesque and highly cultivated district. It is twenty miles Eastward of Harrisburg, and within view of the Lebanon Valley Railroad, which connects Harrisburg and Reading, and forms a link in the great chain of railroads between New York and "the West."

THE INSTITUTE is a spacious, three-story, Brick structure—planned and built expressly for a boarding school. The furniture of the school-rooms is nearly new, and of the kinds most approved for use and comfort. The students' rooms are large and convenient, and will be occupied generally by two students cach.

Sarsaparilla FOR PURIFYING THE BLOOD.

And for the speedy care of the following complaints: Scrofula and Scrofulous Affectious, such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustales, Blotches, Boils, Blains, and all Skin Diseases. Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.

J. C. Aver & Co. Gents: I feel it my duty to asknowledge what your Sarsapaifila has done for me. Having inherited a Scrofulous infection, I have suffered from it in ranious ways for years. Semetimes it burst out in Ulcers on my hands and arms: sometimes it turned inward and distressed, me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one soire, which was painful and lonthsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Cospet Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your reputation that any thing you made must be good. I sout to Cheinnait and got it, and tised it till it cured ma. I took it, as you nelvise, in small doses of a tenspoonful over a month, and need-almost three bottles. New and healthy skin soon began to fern under the scab, which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I fedf what I am saying when I toll you, that I hold you the one of the apostics of the age, and remain over gratofully.

Dr. J. B. S. Syphilis and Mercerial Disease.

New Onlines, 23th August, 1859.

Da. J. C. Aren: Sir, I choeffully comply with the request of your agont, and report to you some of the effects I have realized with your Sarsaparilla.

I have considered with your Sarsaparilla.

I have considered with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the enre of Venerral and Mercerial Disease. One of my patients had Syphilitic ulcers in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, seedily taken, eithed him in five weeks. Another was attacked by secondary symptoms in his nose, and the illevation had eaten away a considerable part of it, as that I hellere the disorder would soon reach his braits and kill him. But it yielded to my administration of your Sarsaparilla; the ulcers heided, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so sentive to the weather that on a damp day she suffered excurciating pain in her joints and hones. She, teo, was sured ontirely by your Sarsaparilla in a few weeks. I know from its formula, which your agent gave me, that this Prejuration from your laboratory must, he a great remedy; consequently, these truly remarkable results with it have not surprised me.

Praternally yours.

Jules Y. Gotchell, of St. Louis, writes: "I have been afflicted for years with an affection of the Liver, which destreyed my health. I tried every thing, and every thing falled to relieve me; and I have been a broken-down man for some years from as other cause than derengement of the Liver. My believed pastor, the Rey. Nr. Espy, advised me to try your Sursaparilla, because he fall he know you, and any thing you meads was worth trying. By the blessing of God it has cured me, and has so purified my blood as to make a new man of me. I feel young again. The best that can be said of you is not half good enough."

Schirrus Cancer Tumors, Enlargement, Ulceration, Caries and Exfoliation of the Bones. A great variety of cases have been reported to us where cures of these formidable complaints have resulted from the use of this remedy, but our space here will not admit them. Some of them may be found in our American Almanac, which the agents below named are pleased to furnish graits to all who call for them.

Dyspepsin. Heart Disease, Fits, Epilepsy, Mciancholy, Neuralgia.

Many renartable cures of these affections have been made by the alterative power of this medicine. It stimulates the vital functions into vigorous action, and thus arerouses disorders which would be supposed beyond its reach. Such a renealy has bing been required by the necessities of the people, and we are confident that this will do for them all that medicine can do.

COMMENDATIONS:

From Hon. Lewis D. Campella, M. C., Ohio.

My family and friends all concur in the opinion that the (Newell) Picture is more life-like than any thing they ever saw. My likeness has been repeatedly taken by different Artists in various ways, but I have never yet had one which presents so true to nature, all the features and expressions of countenance as this.

From Hon. E. Joy Morars, late Minister to Italy.

The exquisite finish, beauty and softness of your portraits, conjoined with their durability of color and faithfulness as likenesses, cannot fail to commend them to the attention and patrenage of all who appreciate true art.

art. From Col. James Page Having occasion for a portrait, I procured one from Mr. Robert Newell, of the city of Philadelphia, a miniature in Oil Colors, under the new process discovered by him, and take great pleasure in expressing the satisfaction given me, not only by the accuracy of the likeness, but its artistic finish in all respects, and recommend him to the patronage of those disposed to ensourage the beautiful art.
