Father Grundner, Pastor of St. Mary's Catholic Church of this place, was transferred to Philadelphia last week. His departure is not only deeply regretted by the members of his church, but by all of our citizens. He was held in the highest esteem by all who knew him, for his many Christian and social virtues.

J. C. Donahower, son of Jacob Donshower, some years ago landlord in Palmyra, this county, is now a Lieutenant in the 2d Minnesota Volunteers. He joined the army in May lastand has been stationed on the Western Frontier until quite lately. His head-quarters are now at Louisville, Ky. Lebanon county is hard to surpass in the representation of its sons in the service of their country.

Parents should visit the schools -It is a freenent subject of complaint by Teachers that their schools are not visited at all, Except by Directors in the performance of their duties, from the beginning to the end of the year. This should not be. Parents should frequently call in at the schools to see how the Teachers and children get along. It would be a matter of great encouragement to all. Aside from parents, we have numbers of gentlemen and ladies, who have the leisare to make such visits, and it is the hope of the Teachers that when they are thus reminded of a splendid stock of Winter Goods, that will be their forgetfulness, if not neglect, that they will | put out to the public at prices which will astonhave their presence more frequently in the future | ish the public. than they have had in the past.

Henry Siegrist, the newly elected Profionotary of this county, assumed the duties of his office on Monday last, in place of Mr. Stains. His son, David C. Siegrist, has been appointed Deputy,-James W. Ebur, retiring.

Jacob Bucher, of South Lebanon, took the place of David Hollinger, at the Commissioners' board,. and we presume Mr. Walborn assumed the duties of Director of the Poor at the same time.

The new terms of Judges Pearson and Runk also commenced on Monday. Thomas Kramer, of Londonderry, takes the place of Judge Deppen, of Jackson, on the bench, as one of the Associate Judges of this county.

LIEUT. VAN STAVOREN.—From the following paragraphs, taken from the papers to which they are credited, of Monday last, it will br seen that Mr. Van S. has got into trouble, and from which we trust he may extricate himself with honor :--

THE NEW ORGAN OF ST. JOHN'S CHURCH.-Mr. Buffington of Philadelphia has built a new organ for St. John's Reformed Church in Lebanon, which was creeted in its place last week, and solemnly dedicated to its intended use and purpose last Sunday morning .-The exterior of the organ is in the same style of architecture with the church to which the builder has admirably adapted it. The organ has 26 stops or registers, two banks of keys, pedal bass and swell organ, all of which gives it a very large compass and varied capacities. Mr. Buffington has finely developed, in this instrument, the beauties of all the modern improvments in organ building. The shrill, stumpy, stiff, and tooting characteristics of the older organs are made to yield to a softened, pliable, flexible tone, which enables the performer to make easy and pleasant transitious though the various registers. While the festal trumpet tones are not wanting, there is also present the capacity of rendering notes of tenderness and subdued solemnnity, such as one wishes to hear on Good Friday, on Communion occasions, and on days of humiliation and prayer. This old and eminent organ builder has well sustained his well-earned reputanion in the production of this noble instrument. The Congregation, and all who were present, ex. press themselves fully satisfied with the manner in which he has fulfilled his contract. The sol emnities of the consecration were appropriate and impressive, and were participated in by s large number of the people of Lebanon.

HOSTETTER'S

TERS can appeal with perfect confidence to physicians and citizens generally of the United States, because the article has attained a reputation heretofore unknown. A few facts upon this point will speak more powerfully than volumes of bare assertion or blazoning puffery. The consumption of Hostetter's Stomach Bittera for the last year amounted to over a halfmillion bottles, and from its manifest steady increase in times past, it is evident that during the coming year the consumption will reach near one million bottles. This immense amount could never have been sold but for the rare medicinal properties contained in the prepara-tion, and the sanction of the most prominent physicians in those sections of the country where the article is best known, who not only recommend the Bitters to their patients, but are ready at all times to give testimonials to its efficacy in all cases of stomachic derangements and the diseases resulting therefrom. This is not a temporary popularity, obtained by extraordinary efforts in the way of frum-

peting the qualities of the Bitters, but a solid estimation of an invaluable medicine, which is estimation of an invaluance medicine, which selectioned to be as enduring as time itself.

Hostetter's Stomach Bitters have proved a Godsend to regions where fever and ague and various other bilious complaints have counted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsia and like diseases, is to the proprietors a source of unalloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, and imparts renewed vitality to the nervous system, giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mildly but powerfully, and soon restores them to a condition essential to the healthy discharge of the functions of nature.

Elderly persons may use the Bitters daily as per directions di the bottle, and they will find in it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonic, and rejuvenating generally. We have the evidence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stomach derangements and general debility; acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so harassing that many of them sink under the trial. The relation of mother and child is so absorbingly tender, that the mother, especially if she be young, is apt to forget her own health in her extreme anxiety for her infant. Should the period of maternity arrive during the summer season, the wear of body and mind is generally aggravated. Here, then, is a necessity for a stimulant to recuperate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers generally prefer the Bitters to all other invigorators that receive the endorsement of physicians, because it is agreeable to the taste as well as certain to give a permanent increase of bodily strength.

All those persons, to whom we have particularly referred above, to wit: sufferers from fever and ague, caused by malaria, diarrhea, dysentery, indigestion, loss of appetite, and all diseases or derangements of the stomach, superannuated invalids, persons of sedentary occupation, and nursing mothers, will consult their own physical welfare by giving to Hostetter's Celebrated Stomach Bitters a trial. CAUTION .- We caution the public against using any of the many imitations or counterfeits, but ask for Hostetter's Celebrated STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and

Dr. J. C. Aver: Sir, I cheerfully countly with the vapiest of your agent, and report to you some of the effects.

I have realized with your Sarsaparilla.

I have ented with your Sarsaparilla.

I have ented with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Fenerest and Mercuriol Disease. One of my patients had Syphilitic ulocal in his threat, which were consuming his minet and the top of his mouth. Your Sarsaparilla, steadily taken, cured him in five weeks. Another was attacked by secondary symptoms in his nose, and the ulceration hid eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. Part if yielded to my administration of your Sarsaparilla: the ulcers healed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so can sittly to the weather that on a damp day she suffured excurdating pain in her joints and bones. She, too, was carred entirely by your Sarsaparilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your laboratory must be m great remedy; consequently, these Truly remarkable results with it have not surprised me.

Fraternally yours. G. V. LARIMER, M. D.
