

HOME AFFAIRS.

Why John, where are you going in such a hurry? Why, I'm going to LAUBACH'S, in Market street, to buy a nice lot of furniture.

Well, John, can you tell me the reason why LAUBACH has so much more furniture and chairs than all the other cabinet-makers in Lebanon together?

Yes, John, I think I can tell you very plainly; he has always got for the largest and best assortment of all kinds of furniture and chairs on hand, which he sells at a great deal cheaper than any other cabinet-maker; besides he has an excellent cabinet-maker on hand, who makes all his furniture and chairs sold by him, free of charge; these I think to be very good and advantageous reasons.

As the 93d Regiment will leave for the seat of war this week, the public will please bear in mind that the best and oldest CABINET MAKING ESTABLISHMENT, in Lebanon, is that of C. BROTHMANN. Any person in want of good made work will please call on him, before buying elsewhere. C. BROTHMANN, Lebanon, Nov. 20, 1861.—6mo.

CHRISTMAS-EVE will be celebrated with appropriate services and a love-feast in the Moravian Church, on the 24th inst., at 5 P. M. Tickets of admission at Six cents can be had at John Graef's Confectionary Store.

The soldiers are not forgotten in the distribution of Christmas Presents. On Saturday last Hoffman & Spain took 9 boxes to Camp Pierpont, 8 boxes to Camp Campbell, and 124 boxes to the 93d Regiment. The Express has also taken a large number of boxes and packages. It would be worth a trip to the army to see the opening of all these packages.

Mr. Jonas Kreider, of Cornwall, slaughtered a Bull, last week, which weighed 19 cwt. gross and 118 lbs. net. Baily for Cornwall.

The M. E. Sunday School of this borough, will give a public Exhibition on Christmas night (Wednesday next) in the M. E. Church, commencing at 7 o'clock. It will consist of Recitations, Dialogues, Speeches and Singing by the School. The programme will be interesting, and the public is respectfully invited to attend. Admission 10 cents.—No half price. Doors open at 8 o'clock. Persons desiring comfortable seats had better come early.

The public schools of this borough closed on Saturday for a week.

Antes Snyder, Esq., for many years past connected with the engineering Department of the Reading Railroad, and several years ago Resident Engineer at Lebanon, died at his residence in Pottstown, on the 18th inst., aged about 50 years. He was a son of the late Dr. James Snyder, of this State, and a gentleman of exemplary character, highly esteemed in his profession as well as in social life.

We noticed in town, last week, Capt. Wm. W. Murray, Lieutenants Lorenz D. Derr, W. H. Embich, and Sergeant Thomas Bechtold. They all belong to the 93d Regiment, and give cheering accounts of the health and good feeling of their companions in arms.—Some of them brought large sums of money, sent by the soldiers to their families.

THE EFFECT AT HARRISBURG.—The Philadelphia Press learns from good authority that Governor Curtin, on the receipt of the English news, stated that after the middle of January, no military force should leave the State.—One of the first bills to be submitted to the Legislature will provide for the repeal of all existing militia laws, and the classification of all citizens between the ages of 18 and 40 into military classes, the same to be obliged to bear arms at the call of the Executive, and constitute a Reserve Guard of at least 100,000 men for the defence of the State.—Governor Curtin has already issued a preliminary order for the combination of skeleton regiments after January 1st.

Having furnished more than 100,000 men to the Government, the State will now provide for the defence of its own seaboard and lake coast.

Wm. H. Keim, the present Surveyor-General of Pennsylvania, having been appointed and confirmed a Brigadier General in the army, it became the duty of the Governor to fill the vacancy, and the Hon. Henry Southard, late Senator from Elk county, has been appointed.

The pupils of the Lebanon Valley Institute, at Anville, under charge of W. J. Burdick, Esq., will have an Exhibition on the evening of Wednesday, January 1, 1862. Those exhibitions are well got up and no one can fail to be highly pleased with them. The Fall Session of the Institute closed on Tuesday.

The First Vermont cavalry, consisting of 1,039 men, and as many horses, occupying at longmeat train of cars, passed through this place last week, on route for Washington.

It is stated that owing to arduous public duties, (see Van Hook report) the health of Alexander Cummings has fallen to such an extent, that he contemplates a visit to Europe. If so, we would be a Democrat his next destination would be Fort Warren.

The expedition of Gen. Butler landed at Ship Island, between Mobile and New Orleans, Gen. Phelps, in command of the troops, issued a very forcible abolition proclamation, and that is about all that has yet been done there.

At a meeting of Weidie Chapter, No. 197, H. Royal Arch Masons, the following officers were elected to serve for the ensuing year:—High Priest, J. Weidie, Esq.; King, J. W. Elbur; Scribe, A. S. Ely; Treasurer, Henry Derr; Secretary, J. J. Blair.

At a meeting of Mt. Lebanon Lodge, No. 226, A. Y. M., the following officers were elected to serve for the following year:—W. G. J. J. Blair; S. W. Geo. F. Lines; Treasurer, Henry Derr; Secretary, J. E. Daugherty.

OUR ARMY CORRESPONDENCE.

From the 93d Regiment.

CAMP MARY, Fort Good Hope, December 10, 1861. Another week has passed, and again I am at my task, trying to put thoughts into shape, for the benefit of your readers.

I owe an apology for the first letter of mine.—In the list of visitors to our Camp I should have said Major F. Smith, instead of Major G. Smith, who I did not learn, but I hear that they are all done well.

It is reported in Camp that during next week

Winter quarters will be put up for this regiment, on the same ground on which we are now encamped. I hope it may be so; still, if the weather should continue as it is now, we could manage to do so in the open air.

This Regiment, together with the 8th Penna., and the 50th and 80th New York, form one brigade, under the command of Brigadier-General B. F. Fildes, of the 50th is at present in command of the brigade.

During the week we have had a number of visitors from Lebanon county. We are always glad to see them, and try to make them as comfortable as possible.

Considerable attention is attracted in the different camps in regard to the Soldiers. That matter is being largely, and it is already being necessary articles for soldiers at a reasonable price, is true; but then again there are many who charge enormous prices for their goods, and as they are in many cases, in league with the Government, they are able to sell at a profit, and they drive all pedlars and others who come near, off the ground.

It is a subject worthy the attention of Congress, where, I see, it has already been brought before the Committee on Finance, and the present awfully high price will soon be at an end.

I am in the habit of blowing trumpets for others, but I do think that this regiment has been particularly fortunate in the selection of its Staff and Field officers. I will not attempt to particularize, as I might not, in that way do all justice.

The health of the regiment is as good as the most sanguine had expected, there being but two or three cases in the Camp Hospital, and none in the line. The health of the regiment is as good as the most sanguine had expected, there being but two or three cases in the Camp Hospital, and none in the line.

Jersey-lightning, (alias whiskey), being prohibited to the soldiers, there are all kinds of ruses adopted to smuggle it into camp, but with poor success. One of the most common is to use a bottle, lately ordered morning bottles every day; but, ugh, he mixed it with quinine. The boys would rather drink it pure, and do the mixing themselves. One of the Doctor says: "All letters for this regiment should be directed to the person to whom they are to be sent, 'Co. C, 93d Regiment, JAMES VOL, Washington, D. C.' giving, in each case, the name of the company. More anon G. HOFFMAN U.

LETTER FROM LIEUT. ROGERS.

CAMP MARY, Fort Good Hope, December 20, 1861. Mr. Ennon.—This (Friday) evening as the stars shone brightly in the sky, I sat by the fire, and the boys preparing to secure themselves against the chill blast, I sat down to write a few lines for your valuable paper.

Ever since I have been subjected to little change, and from the time that reveille bells till tattoo bids us retire to our welcome beds, we scarcely see any difference from one day to the other.—Our location, present is extremely disagreeable, and no inclement weather or unfavorable circumstances have as yet encroached upon our continuous prosperity and happiness. We are now on the march, and I have the honor to inform you that the 93d Regiment, after a march of 12 days, and when finished will be at the seat of war.

It is a great pleasure to me to hear that you are all well, and that you are all enjoying the same success and advancement, and saw the loyal hosts gradually, but surely, rearing their heads, and feel indeed that "change had come over the face of the earth, and that it was a new era, and another verification of the old adage that "truth is stranger than fiction,"—how palpable an evidence, yet how certain.

THE PHILADELPHIA MARKET.

SATURDAY, Dec. 21.—The Flour market is dull with an extremely limited supply. Flour is in short supply and consumption, prices fairly firm.

There is very little Rye Flour coming forward and it sells in a small way at \$4.

The Wheat market is quiet, and the inclination is to hold. There is no movement in Brandywine Meal.

The receipts of new Corn are increasing, but the supplies of old come forward slowly. The market is dull and prices are lower.

CATTLE MARKET.—The arrivals and sales of Cattle reached about 100 head this week, and the demand was fair.

Another Draft of Two Hundred THOUSAND MEN.—Col. Cavanaugh, of New York, who is recruiting a regiment called the Marcy Rifles, and who says he has six hundred men in camp, was in Washington on Tuesday.

The compliment of New York troops which is ninety regiments, having been filled, the Department declines to receive him, but he received an intimation from the Secretary of War that the regiment should be accepted.

From the Point of Rocks—An Engagement. Point of Rocks, Dec. 19. At 10 o'clock this morning a rebel battery of gun's flanked with about two hundred infantry, suddenly commenced shelling the encampment of Col. Geary's regiment.

Our battery then advanced, and poured a continuous fire into them, silencing all their guns, and driving back a fourth one which was sent to reinforce them.

The Rebels were driven from their position in full retreat, with a loss of fourteen killed, as far as known, and as many wounded. Our side did not lose a man.

After the rout of the rebels, the victors turned their guns on some houses situated near the old furnace on the Virginia side, where about one hundred and fifty rebels were secreted. They drove them out, killing a number of them. The guns were admirably served.

Mr. John Graef intends opening on Saturday next, for the accommodation of the public during the holidays, the room adjoining his store, lately occupied by Dr. Graef's place store; which will afford more convenience to visitors;—particularly the ladies—and also more chance to display his large stock of goods.

F. H. Elbur has just received a very large and desirable stock of cheap Toys, Confections, &c., suitable for the Holidays. The public are invited to give him a call, as he is confident of being able to please both in variety and price.
