On Saturday last three seamen belonging to the American ship T. W. Sears, were bathing alongside the vessel, when one of them was seized by a shark. The monster first seized him by the shoulder, but the force with which he rushed on his victim caused him to lose his hold, driving the unfortunate man several feet out of the water. The shark again scized him by the back and finally by the neck, and disappeared with his prey. All this happened within plain view of his shipmates, who immediately lowered a boat, and after taking on board the other two men proceeded to drag for the body .-They had been occupied in this way for some time when the shark was observed to rise some distance from them, still with the body of the helpless man in his mouth, shaking it, as is described, as a dog would a rat.

The mate of the vessel armed himself with a boarding-pike, and rowed towards the spot, and the shark was so much occupied with his victim that he allowed himself to be stabbed several times before again disappearing. Thinking the animal had received his death-wound, the boat returned to the ship, but scarcely had she arrived alongside when the shark reappeared as before. A harpoon was now taken into the boat, and the shark again allowed himself to be approached sufficiently near to be struck, when he again disappeared. Line was now paid out and the boat was towed some distance, till, assistance arriving, the monster was killed by repeated stabs of the lance.

Most of the contents of his may were disgorged while being hauled on board, and on being opened, some fragments, which were unrecognizable, and an eightpound tin of preserved meat, were all that was found. The shark was one of the species known as the ground shark, and about ten seet in length. The gird of the Farmers and others Take Notice. body was immense, and is stated to have been eight or ten feet.

A FRIGHTFUL RUNAWAY.—Thursday afternoon, Mr. John Shenk, farmer, residing in Manor township, drove to the city a fine-looking horse, which the day before he had purchased from a drover at Funk's Sale Stables. North Prince street- While Mr. S. was in the house paying for the herse, a boy untied him from the post in the yard, in order to let another vehicle pass. The horse became frightened, and started at a full run up through Mr. Kauffman's yard into North Queen street. The buggy was dashed to pieces against an awning post at Mr. Amer's store; the beast more terrified than before, with the shafts thrashing his back and heels, dashed at a fearful speed towards Centre Square, and so reckless was his rate, that, unable to turn at the corner, he sprang against the large show window in G. M. Zahm & Co.'s Jewelry Store, making a complete smash of the window. The horse next plunged into the door way of the Oyster Saloon under Ditlow's Exchange Hotel, in which position he was captured and returned to the stable.

The horse was considerably injured by the glass and iron sash of Zahm's window; the clocks and jewelry in the window were but slightly injured; the heavy, clear class was left in complete fragments, producing a very singular breakage, leaving the pieces scored in parallel lines, as if ruled with a diamond. - Lancaster Int.

GALLANTRY BADLY REWARDED. - Lieutenant Fairfax, who boarded the Trent to capture Mason and Slidell, is a Virginian, and a connection of Mason by marriage. His duty was therefore, little unpleasant, but he executed it with great promptness, though he says the ladies of that party were under great excitement. How this excitement was manifested he does not tell. The Boston Transcript, however, makes up the deficiency. It says that one young lady, a member of Mr. Slidell's family, went so far as to scold himseverely, and finally dealt him a severe blow in

A Tough One.—A correspondence of the Indiana, Pa., Messenger states that while Mr. Wm. Gilmons of Armstrong township, was hauling pumpkins from a field, he dicovered a land turtle, held by one leg between a pumpkin and a stone, where it had been caught by the rapid growth of the former. The turtle had been held so long that the pumpkin had grown over it, and shaped a portion of the shell on its surface. When the vegetable was removed the prisoner. was removed the prisoner was released from his confinement, and immediately traveled for other quarters. The story (or the pumpkin) is a remarkable one.

SCRAPS OF WISDOM.—He who talks too fast, outruns his hearer's thoughts. He who speaks too slow, gives his hearer pain by hindering his thoughts, as a rider who frets his horse by reining him too much.

A woman should have no male friends but those who are friends of her husband. There is no friend to man so true so kind so real, and so good as woman. W. Women should set good examples for the men are always following them.

A Bullock in a Well .- On Saturday week, as Isaac Hayes, of East Bradford. Chester county, was driving his cattle through West Chester to Philadelphia, a bullock weighing from eight to nine hundred, broke through a well curb on Chesnut street, opposite to stone row, and the animal went down into the well. The attempt was made to pull him out by the horns, but the horns broke and he had to be killed.

A No. 1 AMBROTTPE, very cheap, go to DAIL, vs. Gallery, next door to the Lebanon Deposit Bank:

This valuable preparation, freed of all the common components, such as Opiates, or Expectorants, which not only run down the system, but destroy all chance of cure, will be found on trial to possess the following properties, and to which the most valuable testimonials may be found in the pamphlets.

For whooping Cough, and as a Soothing Syrup, it meets every want, and by early use will save the largest proportion of ruptures in children which can be traced to Whooping Cough.

In ordinary Coughs and Brenchial Complaints, the forerunners of Consumption, its splendid tonic properties make it not only the most perfect enemy to disease, but builds up and sustains the system against recurrence of the Complaint. No nursery should be without it, nor should parents fall to get a pamphlet, to be found with all dealers, as the only way to do justice to its value.

Such a remedy has long been felt to be a desideratum in the medical world, both by the thoroughly skilled in medical science, and also by all who have suffered from debility; for it needs no medical skill or knowledge even to see that debility follows all attacks of discase, and lays the unguarded system open to the attacks of many of the most dangerous to which poor humanity is constantly liable.—Such, for example, as the following: Consumption, Bronchitis. Indigestion, Dysepesia, Loss of Appetite, Faintness, Nervous Irritability, Neuroligia, Palpintion of the Heart, Melancholy, Hypochondria, Night Sweats, Languor, Giddiness, and all that class of cases, so fearfully faital if unstrended to in time, called Female Federaces and Irregularities. AYER'S CATHARTIC PILLS.

Headache, Sick Headache, Foul Stomach. Prom Dr. Edward Boyd, Baltimore.

Dr. R. Bro. Aven: I cannot answer you what complaints
I have cured with your Pills better than to say all that we ever treat with a purgative medicine. I piece great dependence on an effectual cathartic in my daily contest with disease, and believing as I do that your Pills afford us the best we have, I of course value them highly.

PITTENUES, P.S., May 1, 1865.

DR. J. C. AYER. Sir: I have been repeatedly cured of the worst headrache any body can have by a dose or two of your Phile. It seems to arise from a foul stomach, which they cleanse at once.

Yours with great respect, ED. W. PREBLE, Clerk of Steamer Clarion.

Bilious Disorders — Liver Complaints.

Prom Dr. Theodore Ball, of New York City.

Not only are your Pills admirably adapted to their purpose as an aperient, but I find their boneficial effects upon the Liver very marked indeed. They have in my practice proved more effectual for the cure of bilious complaints than any one remedy I can mention. I sincerely rejoice that we have at length a purgative which is worthy the confidence of the profession and the people.

DEPARTMENT OF THE INTERIOR,

Washington, D. C., 'the Feb., 1856.

Sin: I have used your I'llis in my general and hospital practice ever since you made them, and cannot hesitate to say they are the best cathartic we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom found a case of billows disease so obstinute that it did not readily, yield to them. Fraternally yours, ALONZO BALL, M. D., Inscience of the Murine Hospital. Dysentery, Diarrhen, Relax, Worms.

From Dr. J. G. Green, of Chicayo.

Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best aperients I have ever found. Their afterative effect upon the liver makes them an excellent remedy, when given in small doses for bilious dysentery and disrrhew. Their sugar-coating makes them very acceptable and convenient for the use of women and children. Dyspepsia, Impurity of the Blood.

From Kev. J. V. Himes, Pustor of Advent Church, Boston.
Dr. Aver: I have used your Fills with extraordinary success in my family and among those I am called to visit in distress. To regulate the organs of digestion and purify the blood, they are the very best remedy I have ever known, and I can confidently recommend them to my friends.

Yours, J. V. HIMES. Wansaw, Wyoming Co., N. Y., Oct. 24, 1855.
Dean Sie: I am using your Catharite Pills in my practice, and find them an excellent purgative to cleanse the system and purify the foundains of the blood.

JOHN G. MEACHAM, M. D.

JOHN G. MEACHAM, M. D.
Constipation, Costiveness, Suppression,
Rheumatism, Gout, Neuralgia, Dropsy, Paralysis, Fits, etc.

From Dr. J. P. Taughn, Montred, Canada.

Too much cannot be said of your Fills for the cure of
ostiveness. If others of our fraternity have found them
as efficacious as I have, they should join me in proclaiming it for the benefit of the multitudes who suffer from
that complaint, which, although bad enough in itself, is
the progenitor of others that are worse. I believe ostiveness to originate in the liver, but your Fills affect that
organ and cure the disease.

From Mrs. E. Swart, Physician and Midwife, Boston. I find one or two large doses of your Pills, taken at the proper time, are excellent promotives of the natural scerelion when wholly or partially suppressed, and also very effectual to cleanse the stomach and expel vorms. They are so much the best physic we have that I recommend no other to my patients. From the Rev. Dr. Huwkes, of the Methodist Epis. Church.

From the Rev. Dr. Hawkes, of the Methodist Epis. Church.
PULASKI HOUSE, Savannah, Ga., Jan. 6, 1856.
HONDRED SIR: I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excrusiating neuralgic pains, which ended in chronic rhennatism. Nowthistanding I had the best of physicians, the disease grew worse and worse, until by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their effects were slow, but sure. By persevering in the use of them, I am now entirely well.

SENATE CHANDER, Baton Reuge, La., 5 Dec. 1855.

DR. AYER: I have been entirely cured, by your Pills, of Rheumatic Gout — a painful disease that had affileted me for years.

VINCENT SLIDELL.

As Most of the Pills in market contain Mercury, which, although a valuable remedy in skilful hands, is daugerous in a public pill, from the dreadful consequences that frequently follow its incautious use.
