LEBANON, PA.

WEDNESDAY, JANUARY 22, 1862.

Why John, where are you going to in such a hurry?

HOME AFFAIRS.

Why, I am going to LAUBACH'S, in Market street, to buy a nice lot of Furniture.

Well, John, can you tell me the reason why LAUBACH sells so much more Furniture and Chairs than all the Cabinet-makers in Lebanon together? Yes, John, I think I can tell that reason very plainly

he has always got by far the largest and best assort-ments of all kinds of Furniture and Chairs on hand, which he also soils a great deal cheaper than any other Cabinatimaker: besides he has an excellent quabloned Furniture Wagon with which he delivers all Furniture and Chairs sold by him, free of charge; these I think to be very good and advantageous reasons.

As the 98d Regiment will leave for the seat of war this week, the public will please bear in mind that the best and oldest CABINET MAKING ESTABLISHMENT, in Lebanon, is that of C. BROTHERLINE's. Any person in want of good made work will please call on him, before buying elsewhere. C. BROTHERLINE. Lebanon, Nov. 20, 1861 .- 6mo.

Drs. Geo. Rex and John H. Rauch, natives of this county, we are happy to announce have been appointed Brigade Surgeons.

The former is a son of Abraham Rex. Esq., of Shaefferstown, and the latter of Bernard Rauch, Esq., of this borough. They read medicine in this place with Dr. J. W. Gloninger.

Mr. Henry M. Ellis had his arm Yeccutly broken by an ox which he was about slaughtering.

Jacob Gackley recently sold a frame dwelling house and two acres of land, near his tavern, on the turnpike, two miles east from Lebanon, to Joseph Yenger, for \$1,000.

was presented on New Year duy, by the members of his company, with a handsome belt and sash,

Lieut. Vanstavoren had his trial at Washington, the beginning of last week, on the perintendent, the Association met in the charge of larceny, for which he was some time ago arrested, and was acquitted.

The house and lot, at the corner of Market street and Jail alley, Lubanon, belonging to the estate of Daniel Miller, has been bought by Mr. James N. Rogers, for \$1,350 00.

NOT VERY SHARP .- Mr. Samuel Peters sold a ring, last week, for fifty cents. If he had sold him to a government contractor he might have got as many dollars.

Four Hundred Troops, from Camp Cartin, Harrisburg, passed through Lebanon on Friday, on their way to Philadelphia via the Lebanon Valley and Reading Railroads. It is understood they are to be attached to a Regiment. and immediately forwarded to South Carolina for active service.

A great error was made by our Legislators at Washington in increasing the duty on coffee, as between the duty and these public sharks, speculators, the prospect is that its consumption will be so materially lessened as in the end to yield less revenue at five cents per pound than if the duty has been 2 or 21 .-In this county-and we are informed it is the same over the state-the consumption of that article has already decreased 100 per cent.

Captains Eli Daugherty, John M. Mark, John Long, and Sorgeants Jacob P. Embich and Frank Hean, all of the 93d Regiment, ticulating sounds. were on a visit to Lebanon last week, some, if not all, of them bringing large amounts of sol- journed diers' money to their families. Private Daniel Capt. Lantz is also here at present.

Frees was also home on a visit to his family. We understand that Lieut, John P. Ely, of the Regular army, was also in Lebanon last week, but we did not get to see him.

Our friends of Myerstown had a destructive fire in their place on Sunday morning, at 1 e'clock. The extensive Steam Tannery of the Mesers. Loos, several houses, a Carpenter Shop, &c., were entirely destroyed. We did not learn how the fire originated, nor whether the property destroyed was insured.

Capt. Ulrich forwarded, last week, the following Mechanics and laboring men to Alexandria, Va., to be employed on the repairing of the railroad between that place and Washington. They are in the employ of Mr. Mitchell-They arrived safely at Alexandria, on Thursday last :--

Cyrus Miller, Edwin Derr, Harry Huzlepot, John Long, Henry Gossert, William Bailor, Cyrus Bleistine, William Eiliog, J. A. Walter, Hiram Lutz, Fred. Hange, Richard Derr, Wm. Athus, Jacob Shuyler, Wh. Borgner, Levi Bowman, Elocutionary Chart. Gaq. Gossert, Geo. Tabm.

We stepped into the Court House on Thursday evening, as many others did, to lis- by blocks, the extraction of the square ten to subjects on education. Instead of that and cube roots. Adjourned. we were treated to a political tirade interspersed with educational matter, from Superintendent Deans, of Delaware county. He fully convinced us that he knows something of education, but nothing at all of politice, or if he does is as bigoted, illiberal and fanatical as most from his section, Mr. Deans should have known that many promote morality." Adjourned. of his audience might be friends of Mr. Buchanan; that not a single charge against him has been substantiated; and that the question is still open for Mr. Denns, or anybody olse, to prove, alther with or without the Covode Report, a single act that impeaches the honor, honesty, lovnity or patriotism of James Buohanan. Can thus much be said for Mr. Deans' political friends .-Let him read in another column of to day's Anventisen the speech of Mr. Dawes, (Republican) in Congress, or the Van Wyck Report, and he will and truthfut matter for consideration, to which, however, he did not make the most dis tant allusion. Educational, charitable, patriotic and other occasions have so often been taken advantage of, of lute, to insult Democrats, that we thought it no more than proper to refer to this entirely gratuitous insult by one who should have known better. We have no objection to Mr. Deans, or any one else, abusing anybody or anything to his bent, but we do object to getting Mr. Camp and the young ladies composing an audience together under false pretences and his singing class, for furnishing the assothen insulting with impunity a large portion of ciation with their excellent music. it. If he had confined himself to upholding Abolitionism and denouncing Democracy, in general terms, we would not have alluded to it, but tute, after which the proceedings closed when he became personal and threw his slurs on an outrage that deserved, as it received, condem-

MILITARY UNIFORMS.—There is, per-MILITARY UNIFORMS.—There is, perhaps, no department of military business in which there has been a more marked improvement than in the clothing of the solders. Not many years since offices and privates were clad in garriforts which were almost skin-tight. They were leather stocks, which were worthy of the name, for they kept the wearer in tribulation: while their padded breasts and tight-sleeves made volition a matter of great difficulty. During the present war, such of our volunteers as procure their uniforms at the Brown Stone Clothing Hall of Rockhill & Wilson, Nos. 503 and 505 Chestnut street, above Sixth, Philadelphia, obtain clothing that is perfectly easy, substantial and becoming. The firm named have gone largely into the business of making Military Clothing, and their facilities enable them to fill the largest orders in the shortest possible time.

excels in one of the most important characteristics namely, that of containing no materials of opinm or antimony, which are so debilitating to weak constitutions. When by its perfect simplicity it is done with the Cough or Lung Complaint its spiendid Toxic qualities exhibit themselves in giving strength to weak systems, weakened by disease, a peculiarity very important, but often lost sight of. In a preparation like the Universal Cough Remedy may be found a great necessity for every nursery, every medicine cheek, or ceunting room, and from infancy to age it may be used with perfect impunity. It also revivines, reinstates and renews the

attacks of disease. It is the only preparation
ever offered to the world in a populur form so

tone up the digestive organs, and allay all nervous and other irristation. It is also perfectly exhibitarating in its effects, and yet it is never followed by lassitude or depression of spirits.—It is composed entirely of vegetables and those thoroughly combining properties, and consequently can never injure. Such a remedy has long been felt to be a desideratum in the medical world, both by the thoroughly skilled in medical science. and also by all who have suffered from debility; for it needs no medical skill or knowledge even to see that debility follows all attacks of discase, and lays the unguarded system open to the attacks of many of the most dangerous to which poor humanity is constantly liable.—Such, for example, as the following: Consumption, Broughtist, Indigestion, Dyspepsia. Loss of Appetite, Faintness, Nervous Irrizability. Neuralgia, Papiliation of the Heart, Melantchety, Hypochondria, Night Sweats, Languor, Giddiness, and all that class of cases, so four fully fatal if unattended to in time, called Female Wacknesses and Irregularities. Also, Liver Deraugements or Torpidity, and Liver Complaints, Diseases of the Kidneys, Scalding or Incontinence of the Uring, or any general decangement of the Uring or any general decangement of the Uring of the standard of the most of the system, it will intallied to see the diseases at once, if already attacked. And as it acts directly and persiste the disease at once, if already intacked in the hands of all persons of sedentary habits students, ministers, literature or and the co

And all ladies not necustomed to much out door exercise should always use it.—If they will they will find an agreeable, pleasant, and efficient remedy against those ille which rob them of their beauty; for beauty cannot exist without health, and health cannot it is done in the should be all the short of the final trial she will pass the dreadful period with per fect case and safety. There is no mistake about it like Condial is all we claim for it. Mothers try it! And to you we appeal to detect the fillness or decline not only of your daughters before it be too late, but also your sons and fushands, for while the former, from false delicacy, go down to a premature grave rather than let their condition be known in time, the latterare often so mixed up with the excitement of business that if it were not for you they too would travel in the same downward path, until too late to arrest their fatal fall. But the mother is always vigilant, and to you we confidently appeal; for we are sure your nover failing affection will unerringly point you to Professor Wood's Restrative Cordial and Blood Rendwator, 418 Broadway, New York, and 114 Market street, St. Louis, Mo., and sold by all good Druggists. They stimulate the functions of the budy into vigorous astimeted in health again, while in this condition, oppressed by the darangements, take Aver's Pilla, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health again. What is true and so appirent in this trivial and common complaint, is also true in many of the deep scated and dangerous distempers. The some purgatite effect exples them. Caused by similar obstructions and derangements of the matural fractions of the body, they are rapidly, and many of them anely, cured by the same means. None who know the virtues of these fills, will neglect to employ them when suffering from the disorders they cure?

Their regulating action in the liver is quick and decided, consequently they are an admirable remedy for desangements of that organ. Too much cannot be said of your Pills for the cure of continences. If others of our fraternity have found them as effectious as I have, they should join me in prochaining it for the benefit of the multitudes who saffer from that complaint, which, although bad enough in itself, is the progenitor of others that are worse. HOSTETTER'S STOWACH BITTERS.

The proprietors and manufacturers of HOS-TETTER'S CELEBRATED STOMACH BIT TERS can appeal with perfect confidence to physicians and citizens generally of the United States, because the article has attained a reputation heretofore unknown. A few facts upon this point will speak more powerfully than volumes of bare assertion or blazoning puffery. The consumption of Hostetter's Stomach Birters for the last year amounted to over a half-million bottles, and from its manifest steady increase in times past; it is evident that during the coming year the consumption will reach nearone million bottles. This immense amount could never have been sold but for the raremedicinal properties contained in the preparation, and the sanction of the most prominent physicians in those sections of the country where the article is best known, who not only recommend the Bitters to their patients, but are ready at all times to give testimonials to its efficacy in all cases of stomachic derangements and the diseases resulting therefrom. This is not a temporary popularity, obtained by extraordinary efforts in the way of truin-

peting the qualities of the Bitters, but it solid estimation of an invaluable medicine, which is destined to be as enduring as time itself. Hostetter's Stomach Litters have proved a Godsand to regions where fever and agus and various other bilious complaints have counted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsia and like diseases, is to the proprietors a source of un-alloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, and, imparts renewed vitality to the nervous system giving it that tone and energy indispensable for the restoration of health. It operates uponthe stomach, liver, and other digestive organs; mildly but powerfully, and soon restores them to a condition essential to the healthy discharge of the functions of nature.

Elderly persons may use the Bitters daily as per directions on the bottle, and they will find AND NEW PRICES.

PUBLIC NOTICE.

The claims against Issae Hoffman, of the divice of physicians, they have abandoned the advice of physicians, they have abandoned the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so harassing that many of them sink under the trial. The relation of mother and child is so absorbingly tender, that the mother, especially if she be young, is apt to forget her own health in her extreme anxiety for her infant. Should the period of maternity arrive during the summer season, the wear of body and mind is generally aggravated. Here,. then, is a necessity for a slimulant to recupe rate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers generally prefer the Bitters to all other invigora-tors that receive the endorsement of physicians, because it is agreeable to the taste as well as certain to give a permanent increase of bodily strength.

All those persons, to whom we have particu-All those persons, to whom we have particularly referred above, to wit: sufferers from fever and ague, caused by malaria, diarrheea, dysentery, indigestion, loss of appetite, and all diseases or derangements of the stomach, superannuated invalids, persons of sedentary occupation, and nursing mothers, will consult their own physical welfare by giving to Hostetter's Celebrated Stomach Bitters a trial.
