

THE CORNER.

How Napoleon Punished Scolding in his Army. Napoleon secured the respect, confidence, and it might be said affection, of his troops as much by his attention to their wants as by his skill as a commander.

Just before the great battle of Wagram, while the army was encamped on the island of Lobau, near Vienna, Napoleon walking one day with one of his Marshals on the shore, passed a company of grenadiers seated at their dinner.

Hog Strategy.—The feeding of soldiers on pork seems to have a philosophy in it. It is the meat of the best tactician among brute animals. Stillman's Journal gives the following curious illustration of this:

Lebanon Female Seminary. JULIA ROSS, Principal. THE NINTH SESSION will commence September 3, 1886. This school is designed to elevate the standard of female education.

Lebanon Deposit Bank. Located at JONESTOWN, LEBANON CO., PENN. TO THE PROPERTY HOLDERS of the State of Pennsylvania.

Rebel Air Gun Boat.—A correspondent from Jaffre's boat sends the Charleston Mercury the following suggestion, which it publishes in its editorial columns.

Among the many projects for destroying the blockade, the following plan seems to me to combine less risk of life than would attend any other with an equal chance of success.

A Wife's Puffles Against Ruffing Overcome.—A Pittsfield man, who had won a fat turkey at a raffle, and whose plump wife was very inquisitive about his method of obtaining the poultry, satisfied her scruples at last by the remark that "the shakers gave it to him."

A Gentleman in Danbury, Ct., while taking what is technically called a "run sweat," set himself on fire, and was only put out after great exertions.

Hawaii Sound!—Kahamea IV., King of the Hawaiian Islands, having "heard" tell that there was "fouting" going on between the United States and certain so-called Confederate States, proclaims that Kingdom neutral.

A Singular Phenomenon.—During a snow storm on the mountains in Somerset and Cambria counties, Pa., on the morning of the 15th inst., there were vivid flashes of lightning, accompanied by the roar of thunder at intervals, which singular event quite startled the people out of their propriety.

Revival at Camp Curtin.—The Methodists attached to the different companies in Camp Curtin have started a religious revival in camp. Prayer meetings and class meetings are held almost every night. On Monday night there were five mourners.

"My dear husband, said a devoted wife, why will you not leave off smoking? It is such an odious practice—and makes your breath smell so." "Yes, replied the husband, but only consider the time I have spent learning to smoke. If I should leave off now, all that time and money would have been wasted, don't you see?"
