OH HOW HANDY IS A "PRETTY SISTER" -A clerk in one of the departments in Washington, was lately detected in the act of communicating information to the rebels, and was immediately discharged. Now, Naaman the Syrian, was commanded to wash seven times in the river Jordon-what inference would we draw from that ?"

"That he must have been plagued dirty!" was the prescious one's answer.

Among other articles recently stolen from the house of Ogden P. For whooping Cough, and as a Scothing Syrup, it meets overy want, and by carly use will save the largest proportion of ruptures in children which can be traced to Whooping Cough.

In ordinary Coughs and Bronchial Complaints, the forerunners of Consumption, its splendid tonic properties make it not only the most perfect enemy to disease, but builds up and sustains the system against recurrence of the Complaint. No nursery should be without it, nor should parents fail to get a pamphliet, to be found with all dealers, as the only way to do justice to its value.

New Obleans, 25th Angust, 1859.

Da. J. C. Avel: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla.

I have corred with it, in my practice, most of the complaints for which it is recommended, and have faund its effects truly wonderful in the cure of Tonered and Marcardal Toscuss. One of my patients had Syphilite inders in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, steadily taken, cured him in five weeks. Another was attacked by secondary symptems in his mose, and the uterration had eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and hill him. But it, yielded to my administration of your Sarsaparilla; the uters healed, and he is well again, not of course without some disfiguration, to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so sensitive to the weather that on a damp day she suffered exercitating pain in her joines. They had become so sensitive to the weather that on a damp day she suffered exercitating pain in her joints and bones. She, too, was cured entirely by your Sarsaparilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your laboratery must be a great remedy; consequently, these truly remarkable results with the town of supprised me.

Fraternally yours.

A great variety of cases have been reported to us where curse of these formidable complaints have resulted from the use of this romedy, but our space here will not admit them. Some of them may be found in our American Alumnac, which the agents below named are pleased to furnish gratis to all who call for them.

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the Relief of Consumptive Patients in Advanced Stages of the Disease.

This is a renedy so universally known to surpass any other for the cure of throat and lung complaints, that it is useless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and celds, and its truly wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth-few are the communities, or even families, among them who have not some personal experience of its effects—some living troply in their midst of its victory over the subtle and dangerous disorders of the throat and lunged. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the cures which have won so strongly upon the confidence of mankind.
