A TALL RECRUIT.

A good story is told in the Rochester Democrat of a collossal chap named Gould. who enlisted recently in the Wayne county regiment. He was six feet and seven inches in heighth. His wife and motherin-law were very much opposed to his enlisting. The latter was something of a tarmagant, and while in his presence afforded him but little peace of mind. In consequence thereof, Gould concluded 'to enlist, which he did, and went home to notify his wife and mother-in-law of the fact. His wife received the news in sorrow, but

the old lady fired up in an instant. Enlisted have ye? she replied,-what have you enlisted for ? For a drummer in Captain Jewell's

company, said Gould-At this the old woman's wrath knew no

'A pretty drummer you would make. Who d'ye expect would hear you, you fool! You might answer to drum for angels, but nobody would hear you down

## A FISH STORY.

Not a thousand miles from the town of S., lived a young man by the name of The waters being high, he thought it would be a good time to shoot Pike. So he started out with his gun.

Now it happened that two young men had shot a large fish, cut off its head and stuck the head in the grass and wait for some 'greeny' to come along. Soon M - came along looking for fish. The young men called to him to come and kill a fish which was in the grass. Mcame running, J \_\_\_\_ showed him the fish-head, M \_\_\_ banged away, the head disapreared, M--- into the water after the fish.

'You've missed him Shei,' said J-'Missed h-l,' said M-, as he drew the fish-head out, Twe shot his whole head off.' But a longer search failing to discover the body of the fish, Msmelt a big 'mice' and left.

He don't like shooting fish in that way, he says it don't pay.

REMARKABLE CARE OF RESURRECTION .-A very remarkable circunistance occurred in the township of Chesterfield, Michigan, recently. The wife of Lewis Throp, Esq., who had been seriously ill for some time, apparently died, and every preparation was made for her funeral. Our informant, Dr. Kittridge, says that there was no evidences of life remaining, but on the contrary all the usual appearances that occur after death seemed to be manifest, when, to the astonishment of all, after lying in this condition nearly two days, she began to show evidences of returning life and ultimately grew better, and is now doing

THE SALT QUESTION .- My chum, Dr. B., is not a little of a wag. At a social gathering, shortly after he had received his diploma, the young ladies were very anxious to put his knowledge of medicine to the test. "Doctor," queried one of the fair, "what will cure a man who has been hanged?" "Salt is the best thing I know of," replied the tormented with great sofemnity.

"Don't cut me up in that style, Doctor! What are you torturing me in that cruel way for !"

"We are looking for the ball," replied the senior operator.

"Then why didn't you say so before?" asked the indignant patient. "I've got the ball in my pocket."

A modest young gentleman at a dinner party put the following conundrum: "why are most people who eat turkey like babies?" No reply. The modest young man blushed, and would have backed out but being urged finally gave the reason: "Because they are fond of the breast!" Two middle aged ladies fainted, and the remains of the young man was carried out by the coroner.

THIS valuable preparation, freed of all the common components, such as Opiates, or Expectorants, which not only run down the system, but destroy all chance of cure, will be found on trial to possess the following properties, and to which the most valuable testimonials may be found in the pamphlets.

For whooping Cough, and as a Soothing Syrup, it meets every want, and by early use will save the largest proportion of riptures in children which can be traced to Whooping Cough.

In ordinary Coughs and Bronchial Complaints, the forerunners of Consumption, its splendid tonic properties make it not only the most perfect enemy to disease, but builds up and sustains the system against recurrence of the Complaint. No nursery should be without if, nor should parents fail to get a pamphlet, to be found with all dealers, as, the only way to do justice to its value.

THIS great Neuralgic Remedy and Natural Opiate calls for special attention and interest, being free of Opium, or preparations of Opium, or of any but its strictly vegetable and medical properties. For Neuralgia, Rheumatism, Gout, Tooth and Ear Ache, Spinal Complaints. Bleeding at Lungsor Stomach. Rose or Hay Fever, Catarrh, and all minor Nervous Complaints.

Per Loss of Sleep, Chronic or Nervous Head Ache, Sick Head Ache, it has no equal, and to which we offer estimobials from undoubted sources.

For Delirium Tremens it is a Sure Remedy.

For Bowel Complaints, including Cholera Morbus, it is spiendidly adapted, in not only removing the pains but acting as physic, a great contrast with Opium, which not only constipates and drugs the system, but makes the remedy worse than the disease.

From physicians we ask attention, and on demand Formulas or Trial Bottles will be sent, developing in the Anodyne an Opiate which has long been wanted, and in the Cough Remedy such as rest entirely on one central principle.

Blains, and all Skin Discases. Pimples, Pustules, Blotches, Boile, Blains, and all Skin Discuses.

J. C. Aver & Co. Gents: I field it my duty to acknowledge what your Sarsaparilla has done for me. Having interited a Scrottlous infection, I have suffered from it in various ways for years. Sometimes it burst out is Ulcers on my lands and arms: sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grow worse. At length I was rejoiced to read in the Gaspel Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your reputation that any thing; you made must be good. I sent to Cheimati and got it, and used it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. New and healthy skin soon began to farm under the scab, which after a while fell off. My skin is now clear, and I know by my feelings that the discase has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the aposities of the age, and remain over gratchily.

Dr. J. C. Aren; Sir, I cheerfully comply with the request of your ageut, and report to you some of the effects I have cured with jour Sarsaparilla.

I have cured with jour Sarsaparilla.

I have cured with it is recommended, and have found its effects truly wonderful in the cure of Feneral and Mercarial Disease. One of my patients had Symbilis takers in his thront, which were consuming his paliete and the top of his mouth. Your Sarsaparilla, steadily inkens, cured him in five wooks. Another was attacked by secondary symptoms in his negs, stid lie ulceration had eaten away a Single-stide side of the interaction had eaten away a candidestificial of it, of that I believe the disorder, weight soon reach his brain and kill him. But it yielded to biy administration of your Sarsaparilla: the ulcers healed, and he is well again, not of course without some disfiguration to his faces. A woman who had becautered for the same disorder by mervary was siffering from this poison in her bones. They had become so sensitive to the weather that on a damp day she suffered exercicing pain in her joints and bones. She, too, was cured entirely by your Sarsaparilla in a few weeks. I know from its formula, which your agont gave me, that this Preparation from your hobotatery must be a great remed; consequently, these truly remarkable results with have not surprised me.

This is a remedy so universally known to surpass any other for the cure of throat and lung complaints, that it is useless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and celds, and its truly wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth. Few are the communities, or even families, among them who have not some personal experience of its effects—some living trophy in their nides of its victory over the subile and dangerous disorders of the throat and lungs. As all know the dreadful fatality of these disorders, and as they know, too. the effects of this remody, we need not do more than to assure them that it has now all the virtues that it did have when making the cures which have wen so strongly upon the confidence of mankind.
